

ESSEX COUNTY WOMEN'S SOFTBALL LEAGUE (ECWSL)

BYLAWS

Updated 1/10/2024

ECWSL Board of Directors

ECWSL is a volunteer group of individual towns joined together for the betterment of youth softball and is under the governing body of USA Softball. Each town has a president/director that is considered to be part of ECWSL Board of Directors. It is the Board of Directors that dictates league policy.

The ECWSL Board shall meet regularly and vote as necessary, for the purpose of ensuring a proper league and playing season, and all that it entails. ECWSL Board of Directors need to be present at the meeting to vote. The bylaws and policies of ECWSL may be amended or repealed in whole or in part by a majority vote of those in attendance, and approved by the ECWSL Board of Directors, with each member having an equal vote under the guidance of USA Softball.

The ECWSL Board of Directors will appoint a five person Advisory Board, to review issues throughout the season.

Coaches, parents, players and ECWSL Board Members, have the right to notify the ECWSL Advisory Board of any potential violations of league philosophy. Blatant repeat offenses will be addressed by the ECWSL Advisory board, and with a majority vote of the Advisory Board will determine the appropriate course of action.

Code of Conduct

Each town will be held wholly responsible for the actions of their players, coaches and fans. Excessive unsportsmanlike manner at any game can be brought to the ECWSL Board of Directors for review and may result in forfeiture of the game, possible banishment of player, coach, or parent, or expulsion of the town from the league if deemed appropriate. All game decisions are made by the USA umpires. Any issues with umpires should be brought to the attention of the umpire assignor to be addressed.

Any player using social networking sites to make inappropriate remarks, comments or posting of pictures or even appearance of inappropriate remarks or comments will be suspended for 2 games. If a second offense occurs, that player will be suspended for the remainder of the season including playoffs.

League Rules

ECWSL is an instructional league for grades K-8, and to maintain the instructional nature of the league, towns with multiple team entries within the same division must ensure that a draft process is utilized in selection of players that participate. The utilization of an "A" or "B" team or an uneven loading of talent onto one team or the other is not in accordance with the league philosophy.

If uneven loading of teams is discovered during the season both teams will be banned from the playoffs and subject to probation for the following year. A determination on uneven loading will be made using the following criteria: records, run differential and discussion with coaches/parents of the involved teams more specifically those on the less talented team.

The season runs adjacent to many year-end school and non-school functions. ECWSL allows rescheduling of games *ONLY* if teams do not have enough players to field a team due to a *school-wide* function, or due to bad weather. If a team has enough players to play a game (8 or more) then that game needs to be played (*example*: Coaches are not allowed to reschedule a game because their best players will not be there. Play the games as scheduled).

Towns and teams will be separated into North and South Conferences. Interconference play will be determined by logistics and number of teams; otherwise teams play games within their respective conferences.

All teams in Juniors and Senior divisions will make the playoffs and we will divide the teams into A/B brackets..

Guidelines for Teams/Coaches

ECWSL is an instructional league, and therefore coaches should strive to have players play multiple positions during a game/season. It is detrimental to your entire softball program to stick a player in one position all season long including pitchers!

- Only one coach per team is designated to interact with the umpire.
- If a game becomes heated, the umpire will give 1 warning to both teams, and the umpire will announce that the next incident will result in an ejection. If after an ejection, turmoil does not stop, the game will be forfeited.
- An umpire can issue an immediate ejection (no warning) if warranted.

- Umpires will notify ECWSL president of all ejections.
