

Jefferson P. Clark

Information Security, CISA, CISSP

Experience

Jefferson is an Information Security professional that works for a Fortune 300 pharmaceutical out of Cambridge, Massachusetts. He's been with the company since February and is working to transform the way the company addresses its IT-Governance, Risk, and Compliance function.

Jefferson's experience is broad and includes the following areas of expertise: Internal Audit, IT-Internal Audit, External Financial Statement Audit, External Financial Statement IT Audit, Litigation Support, HIPAA Compliance, Service Organization Control Attestation, PCI DSS, Software Implementation, Process Implementation and Information Security.

The majority of his experience has been focused on publicly traded, SEC registrants with a focus on Mid to Large Market-Cap sized companies.

Prior to joining his current employer, Jefferson spent approximately 5 ½ years with Grant Thornton LLP as an External Auditor and Consultant and the most recent 13 years working either for himself or in and with the Information Security departments of LSC Communications, CF Industries, 1st Source Corporation, and Zimmer Biomet.

Industry experience

Jefferson has worked in the Information Security field for about 9 ½ years, either through consulting different clientele or with the companies in which he has worked or consulted on.

Community involvement

Jefferson has served on the Parish Council at Holy Angels Catholic Church in the capacity as Chairman/President and voting member. He has also served on the parish's Finance Committee.

He is a Board Member for the SWM Soccer Club, President of SWM Rec Soccer, Board Member and Director of Youth Tackle Football for Lakeshore Rocket Football and is an active Head Coach for his children's youth football and soccer teams.

Education

Jefferson earned his Bachelor of Business Administration in Finance from the University of Oklahoma and holds a CISA and CISSP. He is currently working towards obtaining a JD.

COMMITTEES SAMPLE: MCCCARE Treasurer, Lansing; WMU Finance Allocation; expert guest speaker on effectiveness, Andrews University; adj. instructor, public speaking, Four Winds Casino, etc.

My husband and I spent most of our lives involved with sports; playing, coaching, volunteering in youth activities. I spent every day (w/ few exceptions) from 8-21yo with a coach of some sort; practicing, lessons, training, you name it... or later, following Chris around, football arena to arena. We've loved every minute entrenched in hockey the most, though; 10yrs. of teams, clinics, camps, carpooling around MI/IN. ...our favorite sport, hands-down. ...looking forward to serving as Freeze Squirts Manager this season. I grew up skating; while I didn't play hockey, it's been such a joy to celebrate hockey families' successes, cheering on the teams. I know what it takes to grow programs, bolster coach training, run digital platforms (sports engine), and support Boards like the back of my hand. In my “day job” I oversee our operational plan, and am really interested in ACE Coordination. I'm very strategic/ introspective; thrive working behind the scenes to help people succeed ...but at games, I usually have an over-sized cowbell in-hand! With nephews upcoming, relatives in leagues, etc. I'd love to help ensure BAHA continues to grow successfully. I'm always happy to give 1:1 advice or help as best as I can; contact me any time!

Geoff Heddle

Dear BAHA

I would like to take the time to introduce myself in hopes of establishing myself as a candidate for your Board of Directors.

My name is Geoff Heddle. Having been born and raised in Canada, hockey is in my blood.

After my playing days ended, I was involved in officiating and coaching.

Locally, I have had past experience as a volunteer coach within the BAHA organization. I spent one year at the Learn To Play level and two years with the LSJ teams.

I was FINALLY able to convince my son (still working on my daughter!) to strap on the blades. I have enjoyed being back at the rink. It is a wonderful asset to the community.

My goals in becoming a member of the Board of Directors would be to help ensure that there continues to be a wonderful organization to support development of our children. I feel like sports, such as hockey, are wonderful opportunities to help our children grow and develop life-long learning skills. Skills that apply both at the rink and away from it. I want to give back to the game I love and the community that I am raising my family in.

I feel like my past experiences personally, professionally and within the sport would lend me to being a wonderful 'teammate' on the Board. Please consider myself as a candidate for a position on the board.

I can be reached by my cell at 269.519.8095

Yours in Hockey!

Geoff Heddle

Deborah Malich

Education: Lake Superior State University, Bachelors of Science in Criminal Justice.

Profession: Berrien County Sr. Juvenile Probation Officer/Non-Attorney Referee

Previous Board Experience: 3 years as Secretary with the Fraternal Order of Police Lodge 100

Current children/member: Nathan Malich 2021-2022 Freeze AA Pee wee

Why would I like to serve on the Board:

Growing up in the Detroit area, I was more of a fan following the Detroit Red Wings, than a player. My love for hockey grew immensely as my son's did after he took his "first steps" on the ice when he was 3. As my son grew learning the sport, so did I.

My son has been skating with the BAHA organization for the past four and a half years. I have previously been a co-manager for my son's Freeze Squirt team and am hoping to continue with the BAHA organization as a board member as it continues to grow, bringing in new faces. I'm excited to give back to the program and community and will bring with me the integrity as is expected with any Board member.

Courtney Hyduk

Education:

Fresno City College

Fresno State University

Loma Linda University/ LLU School of Medicine

Profession:

Retired Medical Professional.

Currently, I am a Non-Paid Uber Driver for my full time employers, Faith 16, Haylee 14 and Brody 11.

Current children involved in BAHA: Brody Hyduk, 21-22 AA PeeWee

Have been involved with BAHA since the fall of 2019.

Board/Hockey/Rink Experience and Why I feel I would be a good fit for the board:

I was employed by Icelandia Ice Rink in California for 13 years. Started out figure skating at a tender little age and by the time I was 4, I knew figure skating wasn't really for me and I switched to hockey. I may have been an aggressive little girl, but that's ok! Played for almost 3 decades until a massive knee injury put an end to my career.

In my tenure being employed at the rink, I started out young being a skate guard and sharpening skates. To then eventually become a very young but certified basic figure skating "coach," helping little girls achieve their Snow Plow Sam badges. I could still throw the figure skates on and teach. Also helped teach beginning adult learn to skate and adult learn to play programs. After a year or so, I decided that I really only wanted to focus on hockey related coaching and at age 16, I began helping coach mites. As I continued to grow and work my way through school and playing, I was brought in and started learning the business side of the rink and how to run/manage the hockey program that they ran through CAHA. The rink owner and her family basically adopted me and believed in me at a very young age. I always like to say that they were my second family and the rink was my 1st home. It was approximately three years after working alongside the rink owner that the mantle was passed to me and I was the Director of Hockey Operations for several years following, until I graduated college. I quit only to begin my residency after graduating college. But in all honesty, I would've rather been at the rink. Somehow, I managed to continue through my college years while doing this job. I continued to play and also continued to get certified to coach higher level hockey. A couple of years coaching mites led to jumping into AA peewee, then AA Bantam. I finished off my coaching career with 2 final years of co-coaching a AAA Bantam team.

Some of the greatest pieces in the story of my lifetime go back to when I worked within a span of 13 years at the rink. When all was said and done, I had:

-10 years of coaching experience

-Just short of 5 years as the Director of Hockey Operations, 2 of them alongside the owner and 3 on my own.

-13 years of learning and working the ins and outs of a ice rink and hockey programs within all facets and all that includes. Figure skating, hockey, public sessions, hockey tournaments, birthday parties, special olympics events, broken down Zambonis, freon leaks, skate sharpening, losing tournaments, winning tournaments, injuries, rotten parents, amazing parents, lifetime bonds, and a love for the greatest game on the planet.

Moving forward, I would like to see the hockey program at The Gardens expand into a highly successful, fun program for the kids and adults in our area. I want to see this program be so successful that we have to turn away coaches. I believe that the moral soundness and character of the board need to be upheld to the highest standards. I also believe that with the right people, on a cohesive board, with the same vision, these goals can be achieved.

Kerry Draper

Although I have never personally played hockey, it has become a very large part of my life. As a hockey mom to 3 boys and the wife of a long time player and coach, hockey is a word that is used daily in our household. I have been privileged to watch my boys grow and develop skills on the ice that I know will translate to personal development through confidence, determination and a will to succeed.

Hockey has enriched our family's life by blessing us with some lifelong friendships. When we first moved to St. Joe, a wonderful group of hockey families welcomed us to BAHA with open arms and helped our family acclimate to our new surroundings. This was priceless and helped us on so many levels to transition during our move. My son Drew was thankful to have his Freeze teammates to talk to when he was the new kid in school. AJ and the staff at the Garden have been instrumental as our twins, Will and Sam, begin their own hockey careers. I truly feel that we live in a place that celebrates the game and a general love for the sport.

I feel that I would be an asset to the BAHA board of directors because of my experience with several longstanding and well-established hockey clubs throughout Ohio, Michigan and Indiana. I have had direct experience with teams from the house level up to AAA and I have learned the nuances of each tier through team management and being the wife of a coach. This spring a group of us founded the True North Michiana AAA hockey team and had a very successful inaugural season. I would love to assist BAHA in continuing to progress and ensure that we have a team for every player to allow them to grow and develop into great players as well as great people.
