Junior Roller Derby Association (JRDA)
P.O. Box 439437
Chicago, IL 60643

The Junior Roller Derby Association values its relationships and collaborations with other governing bodies in the roller derby community, including WFTDA, MRDA, USARS, and others.

Our mission is to empower youth through the international sport of roller derby, in partnership with competitive and recreational junior leagues, communities, schools, mentors, and families. We are continually working to ensure that transitional pathways exist for our athletes to compete as they age out of juniors play. We work with multiple external organizations towards that goal.

JRDA has not requested that any other organization amend its competitive structure for JRDA skaters. We remain committed to our relationships with our colleagues at WFTDA, MRDA, USARS, and elsewhere.

Board of Directors,
Junior Roller Derby Association
