

I am Thomas Knight I grew up playing hockey in the Cambridge isanti hockey Association. I also played varsity hockey for the Blue Jackets. I now own a business in Cambridge, so I know how to be fiscally resposible and serve on the board of trustees at the church we attend, so I know how boards operate.

I have two kids playing hockey (hopefully a third next year). I am really enjoying coaching the kids this year and I am looking forward to coaching more in the future. I love the game of hockey and enjoy playing, coaching, and watching the sport at all levels. Hockey is more than just a sport it teaches our kids so many lessons that they will carry with them the rest of their lives. Teamwork, discipline, hard work and sportsmanship just to name a few. This is why I would like to be a part of the Cambridge Isanti Hockey Association Board. To help with these lessons at as many levels as possible and to help our Association be the best it can be and to help bring in and retain as many players as possible to learn these life lessons.
