

2024 CHRVA Junior Girls' Bid Regional Championships Requirements

This document is being provided to inform clubs and teams of the process and criteria for entering teams in the CHRVA Junior Girls' Bid Regional Championships. Applications which are not complete or which do not conform to all the specified criteria will not be considered for acceptance.

No player may participate on more than one junior's team for the CHRVA Regional Championships except if that team's roster is reduced to fewer than seven players as a result of injury. Only a player from within the team's club may be transferred to that team's roster as a replacement for the injured player. The injury must be of a verifiable nature and prior approval must be obtained from the Registration Committee. The result of any such movement will not cause a team's roster to consist of more than seven players. The injured player may continue to compete following the completion of the team's Regional Championship competition.

Requirements for the Bid level of Junior Regional Championships:

Rosters: Seven (7) days prior to the Bid Regional Championships, each team's roster will be frozen. Only the players listed on a team's roster by this deadline may play with a team for this event. Players cannot be added within seven days of or on the day of the tournament. Any player listed on the roster at the deadline is considered on the team whether or not they are at the event.

If any age group at the Bid level of Regional Championships is oversubscribed, teams will be accepted based on AES rankings and tournament results provided each team has met all the criteria. Teams not accepted may be moved to the non-Bid level of competition, if room is available. Every attempt will be made to accommodate the movement of these teams. Junior Administrative staff will begin to review oversubscribed Bid Championship registration after the deadline and will notify teams as soon as possible.

Any team may apply to compete in the Bid Regional Championships but by doing so, is committing to compete in the USA Volleyball Girls' Junior National Championships at either the National, Freedom, or American division, should they win a Region bid. The total number of bids to be awarded for each age group is not determined until May. Bid Tournament play will be conducted to determine first, second, third and fourth place. Should the Region receive additional bids after our championships, Region Championship match %, set % and then point ratio of pool play will be used to determine which team or teams receive the additional bid(s).

Should a team earn a bid to the USA Volleyball Girls' Junior National Championships at the CHRVA Regional Championships and then fail to compete at the National Championships, they forfeit their tournament fee and are subject to sanctioning.

Bid Information and Reallocation

Bids for the Girls Junior National Championships can be won at the Regional Championships and at USAV Qualifiers. The levels of the competition are as follows: Open, National, USA, Liberty, American, and Freedom. The Patriot level is for any team who wants to play without

earning a bid.

Teams who win a bid at the Open level at a USAV Qualifier must accept the bid and cannot compete at the Regional Championships.

If a team earns a USA, Liberty, or American bid at a qualifier, USAV/CHRVA will use the following policy:

If a team wins a USA, Liberty, or American Qualifier bid they may play at the Bid Regional Championship to win a National bid provided the team has fulfilled all of the Region's requirements. If the team with a Qualifier bid wins the Region's bid, their Qualifier bid may be given back to the Region based on USAV rules.
