GAME DAY 10.27.19

Now that all of us are thawed out from the freezing temperature and snowy Championship Sunday, we can finally get the final report of the fall 2019 season published. The weather definitely effected every single team, it just was a matter of how much. In the end, we have two new champions in both leagues.

The first game that had to deal with the skating rink type field conditions was the #4 Bulls looking for redemption against the #5 Rockers. Even though the cold seemed to be really affecting David Knighton's arm, he was able to connect with Martavious Foster on a lineman release from inside the ten-yard line. The Bulls would find the endzone once more before the first half. They would fail to find the endzone for the remainder of the game. As for the Rockers the first half was plagued by drop passes and a lack of energy. In the second half it was all Rockers. Just like a lot of the season, the second half was when the Rockers came to life. With time ticking down the Rockers needed a huge play and that came from, well, me. I came up with a crucial punt block that put the Rockers within scoring distance from around the 30. Pat Yanda would capitalize off the great field position. At first the Rockers converted the two-point play but a hold negated the conversion. The second try wasn't as successful giving the Bulls the win and advancing to the semifinal round.

GAME DAY 10.27.19

With the #3 seed CTS vs #6 seeded Menace we had the highest scoring game of the entire day. The Cold and snow didn't seem to effect either one of these teams. Jesse Eaton started the game off on play one with an interception only to watch the Menace defense stop CTS from scoring. After a touchdown pass from Julian Banks to Marcus Crowder, Menace would take a 12-0 lead on a pick 6 from Donovan Haynes. An interception on the following offensive play from CTS would result in an 18-0 Menace lead. After the first half, it seemed as though Menace was going to run away with this one with an 18-0 lead. CTS would finally get on the board on the last play of the first half when Teddy Colbert took a simple hand-off to the house for a long touchdown run. In the blink of an eye CTS had tied it up at 18 all. From then on it was a back and forth affair. On the day, Jesse would connect with Jess Riley on two long touchdowns. However, Rich Shinazy found long touchdowns to Ray Whittaker as well. The biggest of those touchdowns for Ray came on a last man ruling which tied that game at 32. To get the go ahead point, Rich would connect with Mitch Colin in the back of the endzone. With plenty of time left it was time to see if Menace had one more touchdown in them. Jesse dropped back and fired what looked to be almost another surefire long touchdown pass but a deflection off of Jason Davis's outstretched hand right into the hands of Duece Richardson, making a heck of a play to come up with the interception and moving CTS onto the semifinal round of the playoffs.

GAME DAY 10.27.19

In the first semifinal game, we had the #1 seeded Bros facing off against the #4 seeded Bulls. Both teams' offenses struggled to get a ton going in this one. The Bros defense however came to play big boy ball. They got the scoring going when Matt Rainey grabbed a pick and took it back for six. Once again, the cold was playing a factor as the Bulls struggled to get much of anything going on offense. The match up that was fun to watch was Lei Willingham going against the offensive line for the Bulls. I'll say this, if Lei continues to play in the league, he could contend to be the best d-lineman in the league. He is a great combination of size, speed, and technique. The offense for the Bros moved the ball but only came up with one touchdown in the game. The third touchdown for the Bros came from Moss Henderson on a pick six that sealed the win. This win put the Bros into the championship game for the third season in a row.

GAME DAY 10.27.19

After their comeback win against Menace, CTS would have to face off against the #2 seeded Huskers. To be honest, CTS couldn't really do anything on offense. Their defense played decent but not what everyone is accustomed to seeing. The Huskers offense wasn't on its tip top game either, but Artie Barcelo was able to buy enough time to create second chance opportunities. One such chance allowed TJ Benavides to streak a crossed the field to make a sliding touchdown grab. Artie would (of course) have one of his typical ridiculous runs, going 55 yards and then pitching it to Antoine Kelly to finish off the score. On defense the Huskers d-line was almost unstoppable. I've never seen CTS be so emotionally beat like they were in this game. CTS will look to rebound next season. This was probably the Huskers most well balanced wins of the season. The win would set up another show down with the Bros in the championship game.

GAME DAY 10.27.19

In the Championship game we had the #1 seeded, 6-1 Bros facing off against the #2 seeded, 6-1 Huskers. Both teams have a plethora of athletes on both sides of the ball, so it was anticipated to be a rock 'em, sock 'em type of game. Leading the Bros at QB was dual threat maestro Donell Wells. That ability lead to one passing touchdown and one rushing touchdown on offense. That was the positive for him, but the negatives outweighed the positive in this game. The three interceptions he threw were not like his usual, reliable, playmaking self. He was under pressure a fairly decent amount from DaJuan Thomas, Mario Lopez, and Scotty Phillips but his speed did prevent most sacks from happening. Mario and DaJuan did manage to get one a piece. The interception's thrown by Donnie were all game changers. After both teams had scored once, a bad miss on a throw down the middle turned into a pick 6 for the Huskers thanks to Joe Siravo, who made an easy read. Late in the game, the Bros were driving with plenty of time left when Donell tosses up a deep ball to Moss Henderson, but Antonio Smith made a play and stepped in front of the pass in the endzone. Donell's second interception by Antonio really hurt. It was 2nd and goal inside the Huskers 10-yard line. A score on that possession and the Bro's are only down by a score with 15 minutes to go in the game, plenty of time. That last pick seemed to take the wind out of the Bro's sail. The defense for the Bros wasn't horrible, they just couldn't quite stop drives. They did get pressure on Huskers QB Artie Barcelo and accumulated four sacks. Lei Willingham would have had more than his one sack, but Artie's hips forced the half inch miss on multiple occasions. Speaking of Artie, he added even more hardware with the Championship game offensive MVP. He just stacked up the awards this season and it was well earned. He only missed on six pass attempts in the game while accumulating 273 passing yards and an additional 58 yards rushing. He just took what the defense gave him which was a lot of short to mid-yard gains. The Huskers held a comfortable lead late in the game, but Artie's final pass was intercepted by Donell Wells who took it back for six. That pick six came with a little over 50secs left in and the Bros had no timeouts left. So needless to say, the score came a little too late for a comeback, but that interception was a thing of beauty from Donell. Way to ball out this season to all teams and players. Congrats to the Huskers on their first PF3 Pro Division Championship. I know its early to ask this question but with the talent the Huskers have, is this the beginning of a dynasty?

## 2019 PF3 FALL LEAGUE MOST VALUABLE PLAYER

VOTED FOR BY THE LEAGUE PLAYERS, CAPTAINS, AND STAFF

Artie Barcelo is your MVP this season. Last season, Mile High Built was one of the best teams in the league with Artie leading the way to a deep run in the playoffs. Now, he's playing for the Huskers, who were undefeated the majority of the season and own the 2 seed heading into playoffs. All but proving, it doesn't matter who he's playing for, his team just wins with him there. All season long, Huskers have had the best offense in the PF3 and its because of Artie.

He took this award with 1,600 passing yards, 710 rushing yards and 29 total touchdowns.

Ridiculous offensive production adding up to only the 3<sup>rd</sup> highest points total for the Atlas Award, trailing (oddly enough) only himself all-time. The man is a machine, pure force of will, and there's nothing you can do to stop him.

## "ATLAS" PLAYER AWARD

PRO DIVISION TOP STATISTICAL QUARTERBACK

Alright, stop me if you've heard this one before; "And the winner of the Atlas player award goes to Artie Barceló." This is now Artie's sixth Atlas Award, given to the top statistical Quarterback in the Pro Division. In his first season with the Huskers, Artie lead the league in passing touchdowns with 25 and is tied for the league lead in rushing touchdowns with 4. To go along with his 1600 passing yards he accumulated 710 rushing yards. Season after season, Artie is one of the most electrifying players in the PF3. When he's at QB you can never count out his team until the final horn sounds. He'll look to keep the momentum of this award going into the playoffs and secure himself the Pro Division title to pair up with the Atlas Award.

## "PRIMETIME" PLAYER AWARD

PRO DIVISION TOP STATISTICAL OFFENSIVE PLAYER (OTHER THAN QUARTERBACK)

Setting the new receptions record at 44 is Mr. Ricky "Playmaker" Peterson. He was in a battle until the final week for the Primetime award. This is his first Primetime award and joins a list of prestigious company. Along with receptions, Ricky lead the league in yards at 564 yards and was tied for the league lead in touchdown receptions with 7. What makes this award so impressive was Ricky played both sides of the ball for the entirety of all 7 games. He was one of Pat Yanda's go-to receivers. This Primetime performance has helped the Rockers obtain a 4 and 3 record for the #5 seed in the playoffs. His best game came against the Bulls, who the Rockers play in the first round of the playoffs. He will look to replicate his 9 reception, 100 yards, and three touchdown performance.

## "IRONMAN" PLAYER AWARD

PRO DIVISION TOP STATISTICAL DEFENSIVE PLAYER

The Ironman award goes to Mike Uribe for this season with the second highest point total ever. He took the award with 29 flag pulls, 6 sacks, 6 pass defenses, and one interception that he returned for six. I don't think he even played in week 1 and if he did then he didn't accumulate any stats. From week 2 on, he was making plays all over the field. He did most of his damage from the middle backer spot but by the end of the season he became the best pass rusher the Bulls had. He will try to bring that same pass rush intensity against the Rockers in the first round of the playoffs. If "Ironman" Mike continues to play linebacker, this could be the first of many Ironman awards for him.

## "TITAN" PLAYER AWARD

PRO DIVISION - MOST SACKS REGULAR SEASON

This was not only the Disciples first season in the Pro Division, but this was also Devon Acker's first taste as well. In week 1 he would get the Pro division's attention with four sacks against CTS. He wouldn't replicate another four-sack game, but he did rack up two sacks in four other games. Any thoughts that his first game was a fluke should be put to bed by now. Unfortunately, all those sacks did not turn into wins for the Disciples. Unless he decides to play on another squad next season, he and his squad will be relegated to the Comp division. If he can continue to wreak havoc for opposing quarterbacks, he might be able to help his team earn their way back to the Pro. His 13 sacks are tied for fourth all time.

GAME DAY 10.27.19

The freezing temps didn't let up for the Comp division playoffs as we got underway. The #4 seeded Chiefs would face the #5 seeded Matadors. The Chiefs jumped out to a quick lead and looked like they were going to run away with an easy win. The Matadors had other plans and were able to step up their game. A pick six for the Matadors defense tied the game up at 7. I'm not sure if the cold set in or what but, the Chiefs offense slowed way down in the second half. The defense of the Chiefs was the key factor in this game constantly getting after Will Stebbins. Of course, it didn't help things the Matadors stud receiver Nathan Colegrove got hurt early in the game and didn't return. With Colegrove out and the Chiefs defensive line feasting, it was the Chiefs moving on to the next round. It will be interesting to see what adjustments the Matadors do to come back from this first round knockout. This ended up being a closer game than how it initially started out but the Chiefs had it in hand most of the game.

GAME DAY 10.27.19

In the second play in game, we had the #3 seeded Family Over Everything going against the #6 seeded Lightning. The Lightning started with hopes of making back to back semifinal games but those hopes quickly dwindled as scoring was hard to come by. The weather played a major factor in slowing things down for Lightnings spread offense. The cold and having to play against (arguably) the best defense in the B league ended up making for too much to overcome. Making things happen on the offensive side for FOE was speedsters David Anderson and Audreas Lane. FOE found success in this game, but the question would be if it is sustainable for the remainder of the playoffs. One thing is for sure, this squad's athleticism is remarkable even in the bad weather. This win would put FOE against fellow top defensive team Kryptonite.

GAME DAY 10.27.19

Semifinals game #1 for the Comp division had the #1 seeded Band of Brothers in a rematch against the Chiefs. Now that both teams are in mid-season form, this was surly to be a heck of a game. Mondo Ray Delgado found success at times, but it was inconsistent. He tried to create plays with his legs but between the weather and the speed of Band of Brothers d-line he found limited success. The Chiefs also had a ton of pressure to BoB QB Micheal Vick but troubles with flag pulling allowed that split second to get the ball off. Now catching the ball or getting the ball accurately to the receivers was another issue entirely. The Chiefs and Band of Brothers couldn't decide who wanted to take the loss in regulation so into overtime we went. Chiefs made the interesting call to go on offense first after winning the toss in OT. With the ball first, Chiefs scored on their third play putting the pressure on Band of Brothers to get the touchdown and the extra point. Band of Brothers would wind up getting the touchdown, but it came down to the extra point, which Band of Brothers elected to go for two. What a choice to make at that time, sheer guts to go for the OT win rather than play a second OT. The final pass went in the direction of Jesse Jackson who tipped it then found it again and got both feet inbounds. In their first season, Band of Brothers are heading to the Comp division Championship game. As for the Chiefs, they'll have to wait at least another season before they get their chance in the Pro league again.

GAME DAY 10.27.19

This cold and snow definitely wreaked havoc on these two teams as both only produced one touchdown in regulation. Jovan Mays found Bryan Daldegan for Kryptonite's lone touchdown in regulation. Initially Kryptonite was having good success stopping FOE's offense, that was until FOE switched QBs to the very mobile and elusive Audreas Lane. The d-line for Kryptonite gave up containment on a few plays while other plays they found it difficult to pull flags. Towards the end of regulation Kryptonite was driving to get the go ahead score but time had run out on them. In overtime FOE scored fairly quickly on their possession as Audreas scampered into the endzone for six. Kryptonite on the other hand couldn't really get anything going. Instead of trying to eat up chunks of yards Jovan threw a deep pass on second down that fell incomplete. Third down was the same result, bringing up forth down. There was an instance when Jovan scrambled to buy more time and when he released the ball it looked like his receiver was going to make a diving catch. Unfortunately for Kryptonite and fortunately for FOE the ball was just a tad deep. FOE dug deep for this win and moved on to their chance to win their second PF3 Comp league Championship.

GAME DAY 10.27.19

The defenses of both teams took the field but as for the offenses, well, we put a missing person's report out but no word of yet in this game. I thought in the snowy mess, there would be some trouble scoring for both teams and, well, that's exactly what happened. it was cold and one team, scored one touchdown. Once FOE scored the one touchdown, they were more than content to stay with that and didn't try (like at all) to score again. Heck at one point it was forth down and only five yards to the first from Band of Brothers 30-yard line. They went ahead and punted and to add the cherry on top it was only a ten-yard punt. Band of Brothers had their chances but dropped passes plagued them. They tried like heck to push the ball down field but seeing the ball in the heavy snow fall was dang near impossible. Also, in a game where both teams were introduced to the play and game clock that is used in the pro league. Both offenses handled it surprisingly well. BoB's final possession was pure desperation from a number one seed, in the worst possible conditions, they got the ball with under 2 minutes to go deep in their own territory. They managed to have the ball around FOE's 20-yard line with 5 seconds to go. A throw to the center who was wide open with a lot of open field in front of him. If he had seen Vick asking for the pitch around the five-yard line, BoB might've scored. In the end, FOE is now the owners of their second PF3 Comp Championship. They'll get an invite into the Pro division come the spring season. Congrats FOE and way to ball out Offensive MVP Audreas Lane and Defensive MVP Brandon Compton.
