

WBCA Realignment Proposal by Joe Waite, Accepted by WBCA Executive Board District Reorganization

The formula for conference size is that each DIV gets 1 point, DIII 2 points, DII 3 points, and DI 4 points.

This model is based on 1) Geography and 2) Equity based on the enrollments of conference schools. The average rating for each conference was 157. I tried to get each conference as close to that average as possible while still keeping geographic integrity.

NORTHWEST: 147 (-10)

Big Rivers	27
Cloverbelt-West	22
Dunn-Saint Croix	15
Heart O' North	21
