*****New This Year - We are excited to announce this program will now be more of the Spring/Summer Program that many are asking for! We will evaluate players during 2nd and 3rd weeks of the above schedules and form one team at each birth year if numbers support.**

If selected for those teams, a second part or summer part of the program will be rolled out with dedicated team practices and now TWO Summer Tournaments for each Team selected. Players selected will receive 6 more practice hours and Jerseys to wear for Tournaments. Cost for the additional practices, Jerseys and Tournaments will be at a low cost of \$200! Tournaments will be announced by week 2 of program so you can make the choice if you want your player evaluated for the extra offering.

Clinic lead by KC Stars Co-Hockey Directors Dean Nelson and Shjon Podein. Other Jets and Stars Coaches will assist.
