

Richmond Ice Zone and SkateNation Plus Rink COVID Protocols

Safety Screenings

- Prior to admission anyone entering the building will be required to provide their final Approval page from the following screening page questionnaire: <http://safeadmission.com/>
- If this page can not be displayed you will be required to answer the screening questions, in person, at that time. See [VDH Screening of Patrons for sample questions](#)
- We request that you begin the practice of having this information ready upon entry to speed up the process and get you onto the ice without delay.

Face Coverings

- Everyone is required to wear a face covering at all times. This includes whenever entering or exiting the buildings and in the bleachers.

Temperature Checks

- Contactless temperature checks are required at the front desk upon entry

Locker Rooms Closures

- Players are encouraged to come mostly dressed and limit use and time in locker rooms.
- Must follow posted Occupancy limits (Max 10 people @ SNP and 8 people @ RIZ)
- Coaches, Parents and Players must ensure social distancing among players not from the same household is maintained
- Ensure everyone is wearing masks while in the locker room

Benches / Coaching

- Coaches of all USA Hockey and USFS Learn To Skate programs are expected to wear masks both while on the ice and on the bench. Per the PVAHA, players in all USA Hockey programs are expected to wear masks when on the bench. See the full [PVAHA Return to Play guidelines here](#)

Children

- Parents and Coaches, we ask that you review these policies with your children and athletes and please ensure that they are following them while at the rink. Please don't leave children unattended or unsupervised at the rink.

Social Distancing

- Please maintain a 6' distance between all non-family members in all areas of the building and 10' whenever practicable when participating in a sport.

Self Monitoring

If you are sick or suspect that you are sick, stay home! Please monitor yourself and your children for any possible symptoms. Anyone who is experiencing any of the following should not come to the rink:

- A fever (100.4°F or higher) or a sense of having a fever
- A new cough that cannot be attributed to another health condition
- Shortness of breath that cannot be attributed to another health condition
- Chills that cannot be attributed to another health condition
- Sore throat that cannot be attributed to another health condition
- Muscle aches (myalgia) that cannot be attributed to another health condition or specific activity (such as physical exercise)

Also anyone who has had a positive test for COVID-19 or had close contact (within 6' for 15 mins or more or lives in the same household) with someone with suspected or confirmed COVID-19 in the past 14 days should not enter the facilities.
