BE IT RESOLVED that the Policy for **ELIGIBILITY TO REPRESENT SCHOOL TEAMS** be amended as follows:

**ELIGIBILITY TO REPRESENT SCHOOL TEAMS**

17. Students shall play as a representative of the high school in which they first registered as a bona fide high school student. In case of transfer from one school to another, including transfers from out-of-province, the student shall be deemed ineligible to participate in interschool athletics in the new school following the acceptance of this transfer-in by the principal (see Transfer Policy and Transfer Form).
18. Transfer Policy: A student who transfers schools is ineligible for interscholastic competition unless they establish their eligibility for participation. The onus is on the student and the family to provide the school with information required to establish eligibility to the satisfaction of the SHSAA. **Transfer Form (E-17) shall be submitted by the receiving school to the SHSAA office to initiate an investigation to determine eligibility.**
19. Establishing Eligibility:  
In order to establish eligibility for participation in athletics, students who transfer schools must meet one of the following three (3) conditions:
- 19.1. Change of Residence
    - 19.1.1. Parent to parent move: the student moves to reside with the parent with whom they have not been living. Only two such transfers are allowed in a student's three years of eligibility. Except as otherwise provided, the residence of any student shall be deemed to be that of the parent to whom custody has been awarded by a court of competent jurisdiction. If no custody order has been entered, the residence shall be deemed to be that of the parent who had actual custody immediately upon separation.
- OR
- 19.1.2. Family move: the student has moved with the parent(s)/legal guardian(s) who have changed residence within the previous 12 months, to reside within the catchment area or normal boundaries of the school at which the student has registered. Any change in residence must be bona fide. Determination of what constitutes a bona fide change of residence depends upon the facts of each case. In order for a change of residence to be considered bona fide, at least the following facts must exist:
    - 19.1.2.1. The original residence must be abandoned as a residence; that is sold, rented, or disposed of as a residence, and must not be used as a residence by another member of the family;

19.1.2.3. The change must be made with the intent that it is permanent.

NOTE to 19.1.1 and 19.1.2 above:

- a) Under no circumstances can a student have more than one residence for eligibility purposes. It is the obligation of the school to know the residence status of each athlete and to require compliance with these requirements.
- b) Legal Guardianship: Without limiting the generality of the foregoing, when considering eligibility, the SHSAA may take into consideration the existence of a Guardianship Order issued by a Court of competent jurisdiction. However, the existence of such a Court Order shall not be determinative of the issue of the eligibility of any student to participate in SHSAA governed athletic activities.

OR

19.2. Directed by Legal Authority

19.2.1. The student is directed by legal authority to move from their current school to a different jurisdiction. Without limiting the generality of the foregoing, for the purpose of the transfer policy "legal authority" shall include but shall not be restricted to:

19.2.1.1. a Court of competent jurisdiction; and

19.2.1.2. any department or agency of the Provincial or Federal government acting within the scope of its authority or pursuant to an Order of a Court of competent jurisdiction; and

19.2.1.3. any school board or school authority acting within the scope of its authority or pursuant to an Order of a Court of competent jurisdiction.

19.2.2. A student whose custody has been established by court order or social service agency decision is eligible for participation at the school to which he or she is assigned.

19.3. In the event that a student cannot satisfy the requirements for eligibility as set out in paragraphs 19.1.1, 19.1.2, 19.2.1 or 19.2.2, then the SHSAA may in its absolute discretion determine a student:

**19.3.1. to be ineligible for all SHSAA activities for a period of one year, or**

19.3.2.2. A signed statement from at least one parent or legal guardian stating that the primary reason for the transfer is for an educational purpose, and that the transfer is not being made primarily for an athletic purpose or primarily so that the student can participate in athletics; and

19.3.2.3. An acknowledgement signed by the student and his/her parent/legal guardian stating that they understand that the student is ineligible to participate in SHSAA governed activities. The school may apply for the reinstatement of the student's eligibility, but the student is ineligible until such time that the SHSAA office rules upon the eligibility given the submission of a written report by the receiving school. Any student that transfers within their three-year eligibility period will be ineligible ~~at the subsequent school(s)~~ in any activity they participated in the previous year. The student will be eligible immediately ~~at the new school~~ in all activities they did not participate in the previous year. Should the student have an additional year of eligibility ~~at the subsequent school(s)~~, they would be eligible in all activities after having sat out one year; and

19.3.2.4. An acknowledgement signed by the student and his/her parent/legal guardian stating that they understand that the student shall not be allowed to participate in SHSAA governed athletic activities at a second school in the same sport during the same season, except in the event that the SHSAA determines the move has occurred due to circumstances listed in the policy as paragraph 19.1.1, 19.1.2, 19.2.1, 19.2.2. Unless, in the sole determination of the Executive Director, it is in the best interests of the student to do so.
