

Hosting a Coaching Clinic

The OVA relies on its clubs to host coaching clinics. This ensures that there is a demand in the area as well as affordable access to facilities across the province. If you're interested in hosting a coaching clinic, please contact [Kelvin Cheng](#) for more information.

Benefits of Hosting

- **Pick a date** that works for your coaches - everyone can take the course all at once
- Hosting a course means that it is **close to home** and will save your coaches on travel and accommodation expenses
- There is **no cost** to the club – OVA will cover all of the clinician's fee and expenses as well as cover facility costs of up to \$1000 before HST
