

## Grand Junction Fire FC Emergency Action Plan

Event – Recreation and Adult Soccer

Grand Junction Soccer Club Administration Staff

Recreation – Ryan Arotin – 970-250-7547

Recreation – Jerry Beccera – 970-210-3100

Adult Soccer – Seek staff member on site

\*\*\*If the referee or person on site is not accessible, Matt Leach – 808-342-0017

1. **Missing child** – Call the person in charge at the site (recreation Ryan or Jerry). If the child is found by a staff member and is able provide either their first and last name OR a parents first and last name the club can contact the parents. If this is not possible, we would call 911.

## 2. Severe weather –

All this is detailed on our website under policies and procedures.

For lightening, which is our biggest concern, if there is a lightening strike within 8 miles, we will postpone games 30 minutes. As long and there is not another strike within 8 miles, we would resume play after 30 minutes. If there is another strike games would be postponed another 30 minutes. All cancelation will be posted on our website at [www.gjsoccer.org](http://www.gjsoccer.org) We will also send emails to all members (make sure your account is set up to receive emails from Fire FC. Only you can select that you do not want to receive emails from the club and this makes it so you will not receive any notifications). We will also post updates on social media. Please subscribe to the platforms below so that you get notifications and news about the club.

Instagram – firefc\_gj

Facebook - Grand Junction Fire FC

If the fields are wet, have frost on them, etc. and games need to be delayed. You will get an email from the club, we will put info on the website, and their will be social media updates if you have subscribed. If

you don't subscribe to social media and have selected not to get emails from Fire FC, you may not get the info you need in these situations.

3. **Evacuation of the facility** – If for some reason we need to evacuate the facility. We will put all this info in email, on social media, and on our website as fast as we can. We will also do our best with the resources we have to verbally let people know.

**Emergency numbers - 911**
