INFORMATION BULLETIN

Bulletin #: I2019-005
Date: Jan. 28, 2019
To: Ontario Soccer; District Membership, ORA, Associate Members
CC: Ontario Soccer Board of Directors, Staff
From: Lyn Wallington, Director, Member Relations and Human Resources
Subject: OSCAR – Ontario Soccer Club & Academy Registry - Training and Roll out Plan

Ontario Soccer is pleased to confirm that the Member Management Registration System (MMRS), now known under a new sub-brand name “OSCAR”, Ontario Soccer Club & Academy Registry, powered by SportsEngine, is available for use by the full membership.

The minimal amount of data that has been entered into AIMS for the Outdoor 2019 Season will be transferred to OSCAR.

Training Overview

Training for modern technology systems such as OSCAR, powered by SportsEngine no longer utilize hard copy manuals and scheduled classroom settings as was done in the 1990s. Training guides, videos and webinars/live chat will all be available online to be accessed at the user’s convenience and reviewed as necessary and for as long as necessary for each user.

In addition, OSCAR itself is also very intuitive and it includes immediate in-context help options on every screen and at each step in the process. There is also the ability for on-line live support on every page during training sessions.

On January 22, 2019, the initial roll out of the new registration system went to DRSA and SWRSA, as the two pilot districts that have completed preliminary testing.

On January 28, 2019, an instructional video addressing imports (uploads) from third party registration systems and sync processes for SportsEngine users will be released to the members of Ontario Soccer.

On January 28, 2019, a full video will be released showing step-by-step processes that include text instructions when Clubs or Academies are working online. This includes each function required to register all participant roles such as players, coaches and administrators.

On January 28, 2019, District Administrators will receive instructions and a video to prepare for District tasks. Districts will also have on site additional training at the Ontario Soccer Summit **March 1, 2019**.

Districts can also have the option to send another delegate to be trained and become a “Super User”. The Super User can then also support the training needs within each District.

SportsEngine will also host live demonstrations and answer questions in person, at the Ontario Soccer Summit **March 2, 2019**, to assist all those Clubs and Academies who feel more comfortable learning in a classroom style setting.

Frequently Asked Questions from January 2019

An updated list of Frequently Asked Questions has been developed to bring the answers directly to the membership across Ontario.
