## Guidelines for Beach Tournaments posted by AZ Region Volleyball May 15, 2020

- Individuals that are not feeling well or are sick, should stay home
- Individuals should take their own temperature at home prior to attending an event. If the individual has any fever, they should stay home.
- Those in the vulnerable age groups or with underlying conditions should not attend tournaments until this threat is past
- Tournament personnel should wear facial coverings whenever possible
- Tournament table, score boards, clip boards should be wiped with sanitizing wipes between matches.
- Two balls per court should be used; 1 ball is in use per match, the other ball is being wiped down with sanitizing wipes. The balls are alternated every other match on the court.
- Hand sanitizers should be available for use near courts and at the tournament table.
- No handshakes prior to or after matches
- No hand slaps when switching sides or between points.
- Players should bring their own towels for use and keep them separate from others
- Groups of no more than 6 should gather off the court.
- Spectators should wear facial coverings and be removed from the players without masks.
- Players should practice social distancing between matches.
- Players should wear facial coverings when not on the court.
