

Registration is now open for Stoneham Youth Hockey's Learn to Skate and Learn to Play program!

No prior skating experience required

Primary focus is to make learning to skate fun for the boys and girls

Small group format with fun and interactive games

Stoneham Youth Hockey has partnered with Tim Driscoll, the founder of Driscoll Skating and Skills, to teach a progression of skating basics designed to make kids comfortable on the ice so they can learn to move freely and confidently on their skating edges.

Coaches will teach a pre-set curriculum designed by USA Hockey and refined by Tim Driscoll to reflect the ability of the participants.

Tim Driscoll is a four-year NCAA hockey player (Princeton) and played professional hockey with the Boston Bruins minor league affiliate the Maine Mariners (AHL).

SESSION II
