Parent/Camper Kit Letter

Dear Parents:

Please review the enclosed Parent/Camper Kit to ensure you have a complete understanding of your role, the Coaches/Counselor role and Cooperstown Dreams Park services for your week of participation at Cooperstown Dreams Park.

All Parents/Campers on the team roster must have and review their own kit. You can obtain a copy of this kit from your team contact or by going to www.cooperstowndreamspark.com and clicking on the **Parents link**.

Cooperstown Dreams Park is a children's camp licensed by the State of New York Department of Health. It is required to outline the rights and responsibilities of all campers and camp operators.

1. Cooperstown Dreams Park is required to be permitted to operate by the State of New York Department of Health (Chapter I State Sanitary Code, Subpart 7-2, Children's Camps).
2. Cooperstown Dreams Park is required to be inspected twice yearly.
3. All inspection reports and governing laws concerning Cooperstown Dreams Park are filed at the State of New York Department of Health, Oneonta District Office, 28 Hill Street, Suite 201, Oneonta, New York 13820.

Rights of Parents and Guardians:

- To be informed by the Camp Director, or his or her designee, of any incident involving your child, including serious injury, illness or abuse.
- To review inspection and investigation reports for a camp, which are maintained by the local health department issuing the camp permit to operate (present and past reports are available).
- To review the required written camp plans. These are on file at both the camp and the health department issuing the permit to operate.
- To remove or to sign-out any camper at any time they deem appropriate provided they notify the Camp Director or follow the sign-out procedure as established by Cooperstown Dreams Park.

All Coaches/Counselors are required to go through a **Safety, Training and Supervision (STS)** training session as part of the registration process which will be administered by a designated CDP representative. This training session will outline the role and obligations that all coaches/counselors have to the campers and to Cooperstown Dreams Park.

We suggest that your coach have a designated team meeting, with all team members' parents present, to review the coaches/counselors, parents and campers roles, and review and execute all forms enclosed in the Team Guide Kit (Coach Kit and Parent/Camper Kit).

You are encouraged to use the **Tournament Checklist** to ensure that you arrive at Cooperstown Dreams Park with all the necessary documents and forms. Upon confirmation by the Cooperstown Dreams Park staff that all necessary documents and forms are complete your team will then qualify to participate in the weekly tournament.

Parents please make sure your team contact enters the team name, coach and player names into the official roster as you wish them to appear in the Official Cooperstown Dreams Park Souvenir Yearbook, engraving of baseballs and bats at the Dreams Park Engraving Shop, webcam game rosters, player trading cards, and introductions at the Opening and Closing Ceremonies. Please make sure all names are spelled correctly. Review all requirements, policies, deadlines and the roster memorandum.

If you have any questions a CDP representative is available to assist your team to complete all Team Guide requirements.

Kindest regards,
Yours in Baseball™

Cooperstown Dreams Park Medical Services
4550 State Highway 28
Milford, NY 13807

Cooperstown Dreams Park Medical Services provides all of the medical services for **Cooperstown Dreams Park**. We are delighted to welcome you and your children and wish to provide you with the information that you will need to ensure your child is able to participate while at camp. The attached paperwork is necessary, so we may comply with the New York State Department of Health which regulates **Cooperstown Dreams Park**.

If your child has a special diet need please be sure to contact the Health Director, prior to attending Dreams Park. You can email requests to healthdirector@cooperstowndreamspark.com.

The attached paperwork must be completed in full prior to arriving at camp. If your child's paperwork is not completed in full they will not be able to participate.

Your coach/counselor should bring all the completed paperwork to Dreams Park, on the day of registration. We do not accept responsibility for paperwork that is faxed to camp prior to your week of play.

Each participant under the age of 18 (coach, player) must have the Camper Information form filled out and signed by a parent or legal guardian. NYS requires immunizations to be recorded by month and year; it is not sufficient to write "up to date".

Each participant under the age of 18 (coach or player) must have the Camper Examination and Medication page filled out and signed by a Licensed Health Care provider, which can be an M.D., Nurse Practitioner, or Physicians Assistant.

A copy of a recent physical is acceptable, but a Licensed Health Care provider still needs to fill out and sign the Camper Examination and Medication form in regards to over the counter and prescribed medications that a camper may require while at camp. Over the counter medications will be dispensed only when there is a Registered Nurse on duty.

Cooperstown Dreams Park Medical Services provides a controlled environment for your child to obtain his or her medications. These medications are logged into the infirmary at registration. Medications are labeled and placed in individual zip lock bags, which are stored in locked cabinets or refrigerated, in a locked room. Each time a child comes in for medications it is entered onto a medication administration log, individualized for each camper. Additionally it is documented into a bound book where we log every person's name who comes in for medications, the time medication was given, the name of the medication and the dose, along with the person's name who assisted with the administration. If your child does not come in to take his or her medication, the staff may place a reminder on the clubhouse door. New York State requires that all over the counter or prescription medications brought to camp be locked and secured in the infirmary. The only exception to this rule is emergency medications which will be individually discussed with a child's parents and one of the Camp Health Directors.

All medications must be in the original containers. All prescription medications must be in the original container with the original pharmacy label containing the child's name.

Cooperstown Dreams Park regards the health and safety of all participants and guests to be of paramount importance. We strive to protect all of our guests, and to provide the services that are wanted by our participants and families.

We receive many inquiries regarding allergies, especially peanut allergies. We have developed policies and procedures regarding prevention of allergy problems at Cooperstown Dreams Park.

- The menu which is served in the Dining Pavilion is carefully screened to be certain that there are no peanuts or peanut oil in any of the menu items. This menu, and a list of all ingredients, is available for any coach or parent to see.
- The only peanut butter sandwiches we serve are the Smucker's Uncrustable Sandwiches. These are available in the Dining Pavilion for players and coaches during the lunch meal service.

- The Dining Pavilion is very large, and we can accommodate a team that desires to be seated away from other teams to prevent an allergic participant from being seated close to another team. One area of the Dining Pavilion has been set aside as a “peanut free” area. This area will be cleaned with Clorox on a regular basis.
- Our concession stands sell Snickers bars, M&M Peanut candy, Smucker’s Uncrustable Sandwiches, Cracker Jacks, Drumsticks ice cream cones and bags of peanuts. Participants should be able to recognize these products and keep away from any of them that they should not ingest or touch.
- When we have had a player who is allergic to the touch of anything peanut, we have attempted to sweep out the dugout prior to the team starting a game if there are peanut shells in the dugout. We cannot guarantee that every peanut shell will be removed from the floor of the dugout.
- The Dreams Park Infirmary is very close to the Dining Pavilion, with a fully stocked ambulance. The staff of the infirmary have epi-pen training, and the advanced life support staff also have access to the epinephrine in the ambulance. Some medical field personnel are circulating throughout the park while the games are in session.
- The closest hospital is Bassett Healthcare which is 5 miles away from the park.
- Any child who comes to Cooperstown Dreams Park with an epi-pen should keep the epi-pen with them at all times. The child’s coaches should be aware of the child’s allergies and the potential need for the use of the epi-pen.
- All participants under the age of 18 are required to leave their medications in the infirmary, with the exception of the epi-pens and rescue inhalers, which should be with the participant at all times.
- Ice for medical needs is not available from the concession stands, it will be issued via our medical staff.

Cooperstown Dreams Park has an Infirmary that is staffed 24 hours a day by New York State Certified Emergency Medical Technicians and by Registered Nurses during designated times. The medical staff cares for all teams, family members, and guests while on the camp grounds. Any team member or guest requiring care that is not available at the Infirmary will be referred to the local emergency department or urgent care center.

If you have any questions about the enclosed health forms or medications to be dispensed at camp please feel free to email us at healthdirector@cooperstowndreamspark.com.

We look forward to seeing you and your child at **Cooperstown Dreams Park**.
