

StellarXplorers testimonial from Laura Husman, a Mentor for The Science Academy for STEM Magnet school in North Hollywood, California, sent to the StellarXplorers staff on December 13, 2019.

“Thank you. Since I'm a mentor, [I have been so] honored to work with these kids and watch them learn. This is our second year and they are more comfortable with the material and the problems. They are tackling the complexity with such tenacity. Last year we had one round during a teacher's strike so by district policy we had a visiting teacher who had to be in the room with the kids for supervision. At the end of six hours the teacher told me what impressed him most was how completely engaged they were for all 6 hours. For them to have this much fun and to be learning so much about satellite engineering and general engineering trade offs and the physics and practical ...”
