

My name is Andy Mariage. I have two sons: Miles plays in Squirts within SYHA, and Lennon is currently in the Little Panthers program. Additionally, I have participated in the local men's hockey league for the past eight years. Professionally, I have served as a firefighter in Springfield for the last ten years, currently holding the rank of Lieutenant. I have also established and operated two different local small businesses over the past eleven years. Prior to this, I spent nine years as a teacher in a small school district outside of Springfield.

My professional experience, including my time in business and as a teacher/band director, encompasses managing budgets, organizing competitions, leading staff and crews of various sizes, and coordinating diverse groups and events.

I respectfully submit my application for consideration for the position of Registrar. I am eager to contribute to the growing SYHA organization. My organizational and leadership skills will be instrumental in successfully executing the responsibilities of this role.

**Thanks,
Andy Mariage**
