Brainerd Hockey Association Policy

High School Team Advancement Refund Policy

At Brainerd Hockey, we take great pride in watching our players grow and advance to higher levels of the game. When one of our 15U Girls or Bantam players earns the opportunity to move up and compete with the Brainerd High School hockey program, it's a moment worth celebrating — both for the player and our entire association.

We understand that some players register for the youth season and later make their high school teams following tryouts. To keep the process fair and transparent for all families, Brainerd Amateur Hockey Association (BAHA) has established the following refund policy for these situations:

- **15U Girls Players:**

Players typically participate in approximately 20 Brainerd Hockey ice sessions prior to high school tryouts. In recognition of this participation, BAHA will retain **\$200** of the registration fee, and the balance will be refunded once the player officially joins the high school program.

- **Bantam Players:**

Bantam players usually enjoy about 25 Brainerd Hockey ice sessions prior to high school tryouts. In these cases, BAHA will retain **\$250** of the registration fee, and the remaining amount will be refunded upon confirmation of the player's placement on the high school roster.

Also, fundraising requirements will be waived for players that advance to the High School rosters.

We're incredibly proud of every player who earns a spot on a high school team and look forward to cheering them on as they continue their hockey journey. These moments reflect the strength of our youth development program and the dedication of our players, families, and coaches.

Go Warriors!
