Bad Behavior Drove a Referee Shortage. Covid Made It Worse

Are you part of the problem or the solution?

For years, unruly parents have turned youth sporting events into a toxic environment. The cancellation of games and entire seasons over the last two years hastened an exodus

The 13-year-old soccer players in Cincinnati had been pulling at their opponents' jerseys all game. Rhiana Garcia raised her flag again and again, signaling fouls. But a coach took issue with her officiating that October night in 2020.

The insults he directed at Rhiana, who was 14 at the time, intensified throughout the match; she said that he had accused her of being colorblind and had shouted expletives and a racial slur at her. Before the final whistle blew, the coach had been kicked off the field. And Rhiana, holding back tears, texted her boss, "I don't know if I can do this anymore."

Such unruly behavior is the driving force, referees say, behind a nationwide shortage of youth sports officials. The shortfall has persisted for years, as rowdy parents, coaches and players have created a toxic environment that has driven referees away and hampered the recruitment of new ones, referees say. The pandemic only made things worse: The cancellation of games and entire seasons over the last two years hastened an exodus of older officials who decided that they didn't want the low pay, angry shouting — or potential infection.

Now as youth games return, many referees are deciding that they will not.

From 2018 to 2021, an estimated 50,000 high school referees — roughly 20 percent — quit, said Dana Pappas, the director of officiating services for the National Federation of State High School Sports. New Hampshire lost a quarter of its hockey referees between 2018 and 2022, while the Public School Athletic League in New York City said it was short about 90 officials in Brooklyn. "This is a nightmare across all sports," Ms. Pappas said.

Across Massachusetts, hundreds of hockey games have been canceled this spring because no one was available to referee them, said Eugene Binda, who manages and assigns youth referees in the state. In Indiana, parents were asked to fill in and officiate soccer games. And in New York City, postseason basketball tournaments were suspended because of the shortage, said Angela Halasy, who manages girls basketball referees for the city's Public School Athletic League.

John Shield, president of the Peninsula Soccer Referees Association in the San Francisco area, said that before the pandemic, the pool of youth referees in Northern California turned over by about a third every year. More recently, he said, "what happened is we had two years of referees quitting but no new referees coming in because the pandemic shut things down."

Most people who do this work say they are not in it for the money, which can range from \$35 per game for beginners to \$150 for more experienced officials. Many have full-time jobs and make time to officiate games in the evening and on weekends. Addressing youth referees at a symposium over Zoom this year, Gene Steratore, who was an N.F.L. referee for 15 years, said they were "keepers of the game."

The referees thanked him, but they repeated a common question: How do they deal with the hostility from parents and fans that has pushed so many of their colleagues away?

Rare instances of referees getting punched during games by parents, coaches or players have drawn attention to the issue. This year, referees have reported being followed to their cars, attacked by players on the field and struck by objects thrown by spectators, Ms. Pappas said. Mr. Binda, the referee assignor in Weymouth, Mass., said one of his officials was [punched by a player](#) and knocked to the ice during a hockey game in February. And just this month, a basketball referee in DeKalb County, Ga., was chased, kicked and punched by several players, [WSB-TV in Atlanta](#) reported.

“It’s driving a lot of people out of the business,” Mr. Binda said. “We are really in a dire, bad, bad situation in terms of retention.”

Officially Human, an organization that promotes the respectful treatment of referees, [conducted a survey](#) of nearly 19,000 officials in 2019. Asked what their top reason for quitting would be, 60 percent said verbal abuse from parents and fans. According to [a 2017 survey](#) of more than 17,000 referees by the National Association of Sports Officials, [39 percent](#) said that parents caused the most problems with sportsmanship. (Coaches were second at 29 percent.)

“They feel as though they have the right to berate these young officials,” said Chris Rousseau, the supervisor of officials for the New Hampshire Amateur Hockey Association. “In some cases, I’ve watched them make these kids cry.”

The problem is that, as parents spend more time and money on children’s sports, families are “coming to these sporting events with professional-level expectations,” said Jerry Reynolds, a professor of social work at Ball State University who studies the dynamics of youth sports and parent behavior. A 2019 [Harris Poll](#) found that one in four parents reported spending about \$500 a month on youth sports.

That level of expectation has had an impact on retention, Dr. Reynolds said, describing it as a vicious cycle: A new, younger referee gets yelled at for not getting every call right. That referee quits. A new referee comes in, gets yelled at and quits. Mr. Greene said he no longer serves as a referee for games involving young children “because parents are absurd and they take the game way too extremely.”

Some who haven’t quit, like Tyrek Greene of Dayton, Ohio, are being more selective about the assignments they take. Mr. Greene, 21, recalled working as the referee at a soccer game for 9-year-olds when a mother became upset that he was not calling fouls against her son. He said she got up from the bleachers, walked onto the field and screamed in his face before turning to her son and telling him, “You kick other players too, then!”

“I refuse to do little-kid games just because parents are absurd and they take the game way too extremely,” said Mr. Greene, who has been a referee for five years. Referee organizations are looking for solutions. Soccer referees in San Francisco are considering delivering introductory speeches before games in an attempt to humanize themselves and draw empathy from spectators. The Nebraska Referee Developmental Program ran a public campaign this year with the tagline “Who are you yelling at?” to highlight referee abuse, emphasizing that 60 percent of officials are 17 or younger. Officially Human is partnering with leagues and teams to conduct classes on sports etiquette for parents and coaches.

Kamal Hossain of the East Central Soccer Officials Association in Lee County, Ala., said that he has been trying to recruit college students in his area to become referees, while persuading his current officials not to give up, that experience will boost their confidence. “They keep wanting to leave,” he said. “And I’m trying very hard to keep them.” In Cincinnati, Rhiana, now 16, is still refereeing this year. She said she has gotten used to the hustle of the job and is getting better about tuning out the abuse, even if she still sometimes finds herself “caught up in my own thoughts because I think that everyone is praying for my downfall.”

A friend quit refereeing after a season, she said, and her cousins also moved on. But Rhiana said she would keep at it, at least for another season or two.

Still, she warned, **“there’s only so much a person can take.”**

Important note: If a player registration is completed with a wrong year of birth and should be at a different fee then USA Hockey national office will refund the original registration fee and have the individual register again. This will result in the person getting a NEW Confirmation number. The old confirmation number will be deleted from the national database and if it was already claimed to your association the process of us deleting it will remove this number from your Registry. You will need to get the NEW confirmation number from that member to claim them again with the correct DOB. Example player registers with 2014 and should be 2004 this would result in us processing a refund for the 2014 and having member register again and getting new number. If the error is just in the day or month or stays within the same fee, then we can correct this in the national database and re-sync to the Registry without a new registration needing to be completed.

6) Rosters

a. General Information

- (1) All Players, coaches and manager/volunteer/team rep must be registered with USAH, pay the appropriate fees and placed on an official USA Hockey Roster generated from the USAH Portal Registry. There is no charge to register with USAH for Managers/volunteers. (See below for the fees for the current season)
- (2) Teams will be identified by their roster Team ID # as well as the head coach. Roster should clearly note if the team is State or National Bound by having the letters "TB" in the team name.
- (3) **NYSAHA Rule Requirement: Teams must use their registering club name not a nickname or pseudonym. Games will not count unless registering club's name is used on scoresheets and official documents. In addition, the Team ID number from the USAH roster must be on the scoresheet for the team.** Teams should be aware of who they are playing and ensure the team is a USAH member program.

b. Coaches and Staff

- (1) The head coach is responsible for the team, approved roster, or eligible players and all staff.
- (2) Prior to roster placement each coach and staff member must be screened as per NYSAHA/USAH. Screening is good for 2 seasons. **Anyone not showing as screened in the USAH Portal will not be able to be placed on the roster. The person must RESCREEN.**
- (3) All coaches (head coaches and all assistants), listed on the roster must have a current certification (unexpired) at the proper level and completion of the age appropriate module as outlined by USA Hockey and NYSAHA prior to working with any team in WNYAHL and being placed on a roster. Only properly registered coaches will be allowed on the bench. It is the responsibility of each Organization to ensure that every coach is credentialed properly for

their age group and that each coach is appropriately certified. Coaches that are not qualified and those not meeting the requirement should not be coaching.

- (4) **USAH mandates all coaches have the age module prior to roster placement and working with any team.**
- (5) All coaches must take the USAH SafeSport training prior to being placed on the roster. SafeSport training is good for 1 season.
- (6) Coaches with expired CEP, no age module completion, not screened, SafeSport certified or redlined on the current roster, cannot participate with a team in league play.
- (7) Every team must have a **minimum of three (3) coaches** listed on the roster for the season and a designated Manager. A minimum of 2 coaches should be on the bench for each game. Teams not in compliance may be subjected to further discipline as well as their organization.
- (8) NYSAHA rules allow coaching changes to be made at any time during the season.

****UPDATE: 2022-23 Season – Coaching Education Information****

- Level 1, 2, 3 will be valid for one season; the Level 3 recerts have been removed; Level 1, 2 or 3 will not be able to earn coaching education credits to bank for future use
- As of the 2021-22 season, coaches who obtained a Level 4 are part of the continuing education path. Their education will be valid for three (3) seasons; coach needs to take 5 credits of continuing education to advance the expiration to the next three-year cycle.
- As of the 2021-22 season, coaches who obtained a Level 5 will be valid for four (4) seasons. If a coach was a Level 4 with expiration of 12/31/2099 then the Level 5 will also stay with the 12/31/2099 unless that individual in the future coaches a Tier I or Tier II team, then they would change to the continuing education based on the grandfather clause below.
- Grandfathered Level 4 & 5 coaches; if the coach had their Level 4 or 5 prior to January 1, 2021 and was not a coach on a category Tier I or Tier II roster since that date, they are grandfathered into the system and their expiration remains as 12/31/2099. If they do coach on a category Tier I or Tier II roster from the 2020-21 season or after, the expiration changed from 12/31/2099 to the three-year expiration and they are now on the continuing education path. Once a grandfathered coach is on the continuing education path they will remain on that path.
- Continuing Education courses will be provided by the Coaches Section; these could be virtual or in-person courses, online videos or goaltending clinics. Additional information on the credit classes will be coming.
- The Registry/Admin will include information on the CEP Level as well as how many earned credits a coach has available. This will show in reports, in personnel and in roster views.
- A coach who is on continuing education path is required to earn 5 credits before their expiration date; if they earn more than 5 credits once they hit their expiration date all earned credits will go to zero and the expiration will move out to a new expiration date (3 years for Level 4, four years for Level 5). Extra credits over 5 will not carry over.
- If a coach reaches the expiration date and does not have 5 credits they will be redlined on 1/1/YYYY by the Associate or District Registrar and not eligible for that season until they complete the credit requirement. Once the next season start the coach would have until 12/31 to earn 5 credits and advance the expiration date. A coach can be on a roster with an expired CEP as they have until 12/31 to take a course or earn the necessary credits; unless your district or affiliate has rules in place that require the CEP to be valid before being placed on a roster.

Other Requirements for Coaches

- Coaches MUST have the appropriate module completed PRIOR to being placed on a roster.
- Age Modules will change in the 2022-23 season from the 8U, 10U, 12U, 14U and 16U/18U/19U modules and will combine some age classifications. The new modules will be 8&Under, 12&Under and 13&Over.
- If a coach already has a 10U module and coaching a 10U team they would not need to take the new 12&Under module. However, if they are coaching a 12U team and did not have the 12U

module then they would need to take the new 12&Under module and the 10U and 12U modules are now combined in one.

- Remind your coaches that they must have current CEP completed by 12/31 or they will be redlined as of January 1st.
- **Please encourage coaches to use their legal name when registering so their coaching education (clinics and modules), safe sport and screening show in their record. Example if history is Michael Smith and new registration is Mike Smith the system will create a new record and not connect previous education and compliance.**
- **~~NEW~~**: All coaches must enter USA Hockey's Coaching Education Program at Level 1, and must continue their education with a coaching clinic every year until, at a minimum, they achieve Level 4. Coaches of only 8 and Under players, **as well as coaches of disabled hockey**, may remain at a Level 1 **or other certification level, even if expired**, until such time as they are coaching any older age level of play **or something other than disabled hockey**.

Safe Sport

- All coaches are required to have current/completed Safe Sport training PRIOR to participation in your program.
- Managers and volunteers must also complete Safe Sport in order to be placed on a team roster.
- **All players, 2005 birth year and older, participating on a team with minor participants will need to complete Safe Sport training PRIOR to being allowed to participate in any program.**
- Safe Sport training is available free of charge to anyone (including parents) as long as they have a USA Hockey confirmation number.
- **~~NEW~~**: **Safe Sport is required annually.** Individuals will take the core training the first season after that a Refresher course is available each subsequent season.
- **USA Hockey will communicate with members during the season to remind them to renew their registration on their annual date.**
- The words "SafeSport verified" will appear on the personnel screen for any member in your program who has current/completed training. That information will also be reflected on the official roster. You can generate a Safe Sport report from your registry as needed. The report will indicate the date in which the member needs to renew their training.
- Additional information can be found in the Safe Sport Handbook, located in the Registry, Forms.

National Background Screening

USA Hockey National screening started in the 2020-21 season. NCSI is the company that processes the background screen for USA Hockey members. All adult coaches, officials, board members, employees, volunteers, and anyone else who will have regular contact with, or authority over, athletes under the age of 18 are required to submit to a background screen.

Screening must be completed before a person begins having regular contact with minor athletes. **You will not be able to add Team Staff (Coach or Manager) to a Youth/Girls/HS Roster until their Background Screen has been completed.**

The words Verified or Verified with conditions will appear on the Personnel screen for any member who has completed the background screen. If verified with conditions, the terms of those conditions will be provided to the affiliate, District Registrar and association through separate correspondence. Screening will also be reflected on the Official Roster and on the Credentials Verification sheet. You can also generate a Safe Sport & Screening Report from your Registry. This report will show you the season in which the participant needs to renew their Safe Sport Training and Background Screening.

Screening is valid for two seasons. To start a background screen go to:
<https://www.usahockey.com/backgroundscreen>

Members will receive an email after their screening has been submitted for processing which will provide them with an Applicant ID Number. This number or other identifiers can be used for the member to check their status online at www.ncsisafe.com and click on “check your background screening status”. The status will indicate in process or completed. The screening process generally takes 10 business days to complete.

C. Participants (including Alternates)

- (1) All participants on teams must adhere to the proper registration requirements by USAH, NYSAHA and those further outlined in this section. The term Alternate is used by WNYAHL and other leagues however under USAH Rules that designation does not exist and all players are considered full time rostered players.

- (3) Each roster shall list the participants name and birth year that are eligible to participate on that team. Participant signatures on rosters are NOT REQUIRED by USAH, NYSAHA or WNYAHL. The head coach and staff will also be listed on the roster with their CEP information, module taken, screening and SafeSport training. A copy of this roster approved by the USA Hockey registrar must be **submitted to the WNYAHL division Statistician prior to the start of the season.** All rostered players must meet the criteria as listed in these rules and regulations. Roster Links from the current USAH registry can be sent to the head statistician.

the current NYS Hockey and West Section rule on rostering at this level. Rosters for all 18U, 16U and 15 only teams {Tier I, Tier II and Tier III} will freeze on the first day of the Tier I playdowns in November.

- (3) **NEW: WEST SECTION MOVEMENT RULE DROP/ADD OF PLAYERS TB Teams:** New for the 2022-23 season the West Section of NYS Hockey passed the rule that any player dropped from a tournament bound (TB) team cannot go back on that team's roster.
- (4) Roster changes for travel teams cannot be made after December 31st of the current playing season. All changes will be final as of December 31st of the current playing season. This applies to tournament bound and non-tournament bound teams within the WNYAHL. No player changes on rosters will be allowed for any team after December 31st. MOHL and house rosters are not frozen.
- (5) Movement should go up as per USA Hockey, not down. USA Hockey defines levels as "Tier I, Tier II, Tier III – House/Rec. J. Fines

- 1) Scoresheet fines:
 - a) Fines for inadequate scoresheet completion will begin at \$50 per offense (not per scoresheet) and will be imposed for incomplete and unsatisfactory score sheets **as determined by the statistician**. Scoresheet fines are different from reporting fines.
 - b) An unsatisfactory score sheet includes one that is not completely filled in, legible and signed as required. (See addendum and example of a properly completed scoresheet)
 - c) Individual teams are responsible for ensuring that the score sheet list all eligible players, those on suspension, coaches and their CEP information, and the team name {both home and visiting teams} and division are listed in the proper area.
 - d) Note: there may be multiple offenses on one score sheet which may increase the fine amount.
- 2) All fines for failure to abide by WNYAHL rules as defined and where imposed are payable within 15 business days of the invoice date. Failure to do so will result in additional fines as outlined herein and can also result in additional penalties and/or suspension imposed on the association.

Reinstatement of the Head Coach and team will start after all monetary fines have been successfully fulfilled and received by the WNYAHL Treasurer. In addition, the organization and head coach will be placed on a year probation.
- 4) Associations are responsible to ensure compliance with the rules and that fines are paid in a prompt manner.

K. Tie Breakers

For all WNYAHL, MOHL and "Q" games at every level: Tier I, Tier II and Tier III, the tiebreakers outlined herein will be used to determine standings/position. Teams that qualify for the NY District/State championships should be aware that the games played during the championships will be played to conclusion and the tiebreakers may be different. The WNYAHL Playoffs will also have a modified structure as outlined in the playoff section of the guide book.

Note: The league statistician and/or board will not apply or advise on any tiebreakers until the season is over and a tie actually exists between two or more teams in a division.

Tie Breaking Rules to Determine Standings Position

If two or more teams have an equal number of points, their position in the standings shall be determined by the following tie breaking format. If one tiebreaker establishes a position for one or more teams, each team is placed in the applicable position. Once a team or teams are placed, the remaining tied teams shall start the tie breaking process again at step 1. (If all tied teams have not played each other, then proceed to step 2).

Note: A team may go into the tie breaking process having defeated another of the tied teams and still not advance.

The tie-breaker formulas are as follows:

1. **The results of the head-to-head games played between the tied teams in the following order:**
 - a. Standings — Most points
 - b. Most total wins
 - c. Differential — Subtracting goals scored against from goals scored in these games, the positions being determined in order of the greatest surplus. {GF-GA}
 - d. Quotient — Dividing the goals scored in these games by the goals scored against {GF/GA}, the positions being determined in order of the greatest quotient. A quotient involving dividing by zero (0) has higher standing than a quotient from dividing by any number other than zero. Where two or more teams have no goals against and the quotient tie breaker is required, the teams shall be ranked high to low in descending order of “goals for.”
 - e. Most periods won — In the games played by each tied team, points will be awarded for each regulation period won (2 points) and for each regulation period tied (1 point). Positions shall be in the order of highest point total.
2. **If after applying the formulas of 1 a, b, c or d the tie still exists, the results of all the games played by the teams tied in the following order.**
 - a. Most total wins
 - b. Differential — Subtracting goals scored against from goals scored in these games, the positions being determined in order of the greatest surplus {GF-GA}.
 - c. Quotient — Dividing the goals scored in these games by the goals scored against {GF/GA}, the positions being determined in order of the greatest quotient. A quotient involving dividing by zero (0) has higher standing than a quotient from dividing by any number other than zero. Where two or more teams have no goals against and the quotient tiebreaker is required, the teams shall be ranked high to low in descending order of “goals for.”
 - d. Most periods won — In the games played by each tied team, points will be awarded for each regulation period won (2 points) and for each regulation period tied (1 point). Positions shall be in the order of highest point total.
 - e. Quickest first goal — The team that scored the quickest goal in their games shall be ranked highest.
3. **If the above procedure does not break the tie, the teams shall use a shootout procedure as described by the league.**

Note on FORFEITS: If a team forfeits any of its games and becomes involved in any tie breaking formula to determine its eligibility to advance to the next level of play, **the team forfeits all games** and the games are recorded as 1-0 victories for the nonoffending team. This applies to league play, playoffs, Q games (all levels) and round robin play

M. WNYAHL Aggressive policy

1. **POLICY OVERVIEW:** The WNYAHL Policy is intended to provide additional support to the USA Hockey and NYSAHA Playing rules, points of emphasis and not necessarily intended to impose supplementary discipline, but to bring an awareness to playing within the rules and in the spirit of the game. This policy is intended to draw attention to the dangerous and/or reckless behavior of participants that will hopefully result in modifications to that behavior so additional supplementary discipline and lengthy suspensions are not necessary. This policy is directed at both players and Team Officials. Individual teams are to monitor their players behavior. **The Policy applies to WNYAHL games only.** Be advised that if a player or coach is brought in for a disciplinary hearing, the disciplinary panel and WNYAHL have the right to review all penalties the player and/or team incurred during the season as well as past history.
2. **MONITORING:** Each team is responsible for monitoring and tracking the penalties for their participants during WNYAHL games.
3. **PLAYERS:** Players are encouraged to develop a deep sense of respect for all (opponents and officials) while endeavoring to enjoy the sport and improve their playing ability. Each player is expected to use proper skill and technique when engaging in any type of body contact
 - a) For the purposes of this policy the following infractions are defined as "Aggressive Play Penalties": any Match penalty, any 5 minute major penalty including fighting, any major 5 minute penalty, all major and a game misconduct penalties for body-checking (violation of rule 604c, d), ANY minor penalty for Checking from

NOTE: Body checking minor penalties in non-checking age classifications will be handled separately

- b) Any Player who incurs **THREE (3)** Aggressive Play Penalties (as outlined in 3a) in **WNYAHL games only** during a Season in any combination would, following the **THIRD** such penalty, be suspended for one (1) additional game in addition to any other suspensions that are incurred for the infractions. **Any aggressive type penalty thereafter would carry an automatic game suspension.** The team representative will report the player to the league who reaches the aggressive penalty limit.
- c) Upon the **FOURTH** such penalty, in addition to the automatic one game suspension noted in M 3b, the player would be required to submit an essay of 200 words minimum stating the types of penalties received and how they will address their overly aggressive play in the future. The Head coach will submit the essay to the Executive Director and VP of the league within a 7-day period after the fourth aggressive penalty was incurred. The WNYAHL will review the written document submitted.
- d) Upon a 5th (Fifth) aggressive penalty, the participant will be suspended an additional game as outlined and will be mandated to appear before the WNYAHL Disciplinary hearing panel or its designee for the purpose of reviewing (with the player and head coach as well as the parents of the player) the penalties that have occurred and the concern that this raises with the League to determine if additional disciplinary action is warranted.
- e) Player will be placed on a probationary period determined by the panel
- f) Violations of the policy to the extent that the circumstances relating to the penalties incurred require the disciplinary panel to take action for a second time would result in supplementary discipline by way of suspension for a minimum of an additional five games above and beyond any other discipline the panel deems necessary or mandatory suspensions served to date. A hearing may also be scheduled at the discretion of the disciplinary panel.
- g) A player, who has appeared before the Disciplinary Panel under this rule and incurs a match penalty for an aggressive play penalty, will be automatically suspended from all WNYAHL Activities for the duration of the season including playoffs, and championship games. A request will also be made to the section President to extend the suspension to all NYSAHA and USA Hockey activities.
- h) **BODY CHECKING IN NON-CHECKING AGE CLASSIFICATIONS:** This policy applies to players in all non-body checking age categories (6u, 8u, 10u, 12u). The team will have to furnish all scoresheets when requested.
 - (1) **Applies to Playing Rule 604: Body Checking (Body Contact Categories & Non-Check Adult Classifications)**
 - (a) **(Note 1)** For the purpose of this rule, an illegal body check is defined as when a player makes deliberate physical contact with the opponent using overt hip, shoulder, arm or torso action. This includes physically impeding the opponent's progress for the purpose of physically forcing the opponent off the puck and with no effort to legally play the puck.
 - (b) **(Note 2)** USA Hockey has identified two different categories of play. They are Body Contact (where Body Checking is prohibited) and Body Checking (where a legal body check is permissible). Please refer to the Glossary for specific definitions of Body Contact and a Body Check.
 - (2) Players that incur 3 body checking and/or body contact penalties (any combination) during WNYAHL league games will have reached the threshold. There is no suspension for the third body contact/checking penalty at this time just a warning the threshold has been reached. A hearing may be scheduled at that time for the player and coach.

4. **MAJOR PENALTIES RULE 403b:** for the second major penalty in one game to the same player or goalkeeper, the player is suspended for the team's next TWO (2) games. The league will review the incident and may at their discretion bring the player in for a hearing.

5. **MATCH PENALTIES:** Any player, coach or staff member incurring a second match penalty in the same season will be expelled from the WNYAHL for the remainder of the season. A hearing will be held to determine if any further disciplinary action is necessary.

 - d) When a hearing is scheduled, the team's head coach and manager will be required to attend the hearing. It is advised the organization president or their designee, also attend. The coach and the manager will be expected to explain the steps that they are taking to curtail this behavior.  - e) The Head Coach of the Team for each player who appears before the Disciplinary Panel under this policy will also be required to appear with the player. It is recommended that the president or their designee attend. The Head Coach will be asked to explain what steps he or she has taken, both with the team and with this player to reduce the incidence of Aggressive Play. Where circumstances warrant, the panel can impose supplementary discipline on the Head Coach by way of a suspension for up to three games.

S. WNYAHL PLAY-OFFS Clarification on procedures

*** PLEASE NOTE THAT TEAMS ARE ADVISED NOT TO SCHEDULE TOURNAMENTS DURING THE LAST 2 WEEKS OF FEBRUARY AND THE FIRST WEEK OF MARCH AS THEY MAY CONFLICT WITH THE SCHEDULING AND PLAYING OF PLAYOFF GAMES**

PLAYOFF WEEKENDS WILL NOT BE CHANGED DUE TO VACATIONS OR SCHOOL BREAKS

1. The WNYAHL shall determine the playoff format and procedures each season.
2. Ice and referee cost will be incurred by the individual teams as determined by the league. The treasurer will bill the organization the cost of the playoff game(s) for teams from their organization. Organizations will then have until April 1st to pay the playoff fees for their teams. Fees not paid by April first will incur a late fee of \$500 and possible further sanctioning as determined by the board
3. The number of teams qualifying in each division and the play-off format shall be determined each season. No teams will be allowed to participate in post-season play if they qualify or attend a state tournament and/ OR SECTIONAL PLAY-DOWNS at any level.
4. The following is a guide as to the number of teams allotted for the playoffs. This may be adjusted as deemed appropriate based on competitiveness, ice time available etc.

Number of teams in a division (after State Bound Qualifying teams are taken out)	Teams qualifying for the WNYAHL playoffs (the league may adjust depending on ice and competition)
3 – 5 teams	2

6 – 7 teams	3
8 – 9 teams	4
10 – 11	5
12 and up	6

5. If a game is tied following regulation play in the playoffs or in the championship games overtime rules shall be employed as outlined.
 - a. Play-off Games: One ten-minute sudden death overtime will be played to determine a winner. In playoff games only, if a winner is not determined after a full 10-minute over-time period is played, a shoot-out procedure will be used to break the tie.
 - b. Championship games: If a game is tied following regulation play in the Championship game one (1) Ten-minute sudden death Overtime period will be played. If the teams are still tied at the completion of the 10-minute OT, five (5) minute sudden death OT periods will be played until a goal is scored and a winner determined.
 - c. Shoot-out Procedure: When the overtime period is completed during a playoff game and no one has scored a goal, the shoot-out procedure shall be conducted. A shoot-out is defined as a player attempting to score a goal and the opposing goalkeeper attempting to stop the shooter from scoring a goal.
 1. Three (3) **different** players from each team will be designated by the head coach of the team to participate in the shoot-out. Note: any player who received a penalty that has not been completely satisfied (time still remaining to serve) will not be eligible to be one of the players selected to participate in any portion of the shoot-out. They shall remain in the penalty box during the procedure. All players not in the shoot-out are to remain on the bench.
 2. The Home team has the option as to who begins. On the referees signal the players will alternately take one shot at the opposing team's goaltender. All three players will shoot during the first shoot-out procedure and the goals will be tallied. Players will not be allowed to take another shot until all players on the team have been given an opportunity to do so. Goalkeepers from each team may be changed after each shot. The team scoring more goals will be declared the winner.
 3. If the tie is not resolved using the regular shoot-out procedure, teams will go to a sudden death shoot-out. A sudden death shoot-out is defined as each team attempting a shot to score a game winning goal. Rebound goals are not allowed. Should one team be successful and the other team not, the successful team shall win the shoot-out and be declared the game winner. The process will be repeated incorporating a single player shoot-out, using one player from each team at a time until the tie is broken. Both players will have the opportunity to shoot at the opposing team's goaltender. Players that participated in previous shoot-out will not be allowed to take another shot until all players on the team have been given an opportunity to do so. Goalkeepers from each team may be changed after each shot.
 4. It will be the responsibility of the official scorekeeper to record all shots taken indicating the player(s) by corresponding number on the scoresheet, goalkeeper(s) and goals scored in order as they occur.
 5. Once a player shoots, that player cannot shoot again in the process until every player on the team has taken their chance.
5. All teams that qualify for the playoffs and championship games are expected to participate. Disciplinary action will be taken on all teams and their organization that fail to participate in the WNYAHL Playoffs, pending the outcome of a hearing. In addition, a \$500.00 fine will be levied, and a one-year probation will be placed on the organization. Probation shall be that the organization or any of its teams do not appear before any Discipline Panel or become involved in activities unsuitable to the sport of ice hockey.

6. Any organization team that does not participate in the playoffs or championship games must inform the WNYAHL through their organization president.
7. The WNYAHL may change or modify the playoff structure and these rules at their discretion prior to the designated playoff and championship dates.
8. The head statistician and/or the playoff coordinator may make special rulings during the playoffs.

T. Tryout Regulations, Releases and Player Signing
