ONE TIMERS TEAM UPDATES

8U - Bergner: The 8U kids had a preseason jamboree on 9/27 in Vacaville, and all 3 teams went undefeated (we don't keep score in Mites but the kids know how to count 😊). The kids back-checked hard and kept the goalies idle, but the goalies came up big when they needed to. Most importantly, the kids had fun and skated hard whether they had the puck or not!

10U - Harvey: The team kicked off preseason with a couple of big wins against the Oakland Bears and the SF Sabercats, with every single player contributing to the results! Our goalie showed up in a huge way, keeping the team strong in net and setting the tone for both games. Off the ice, they came together for an awesome bonding event at Top Flight in Fremont - pushing through cardio, strength training, and conditioning while having a blast. Already, the group is proving that no matter the circumstances, their hard work and determination will shine through. The players are fired up for an incredible season ahead, and the goal is clear: bring home the championship!

12U - Yoshida: The team is off to a great start winning their game against Cupertino Cougars (W8-2) and having a blast during their team building event at The Escape Game and The Great Big Game Show. Continuous practice and dedication on and off the ice is paying off in their teamwork and execution during the games. The team is looking forward to playing in the Vegas Fall Classic in October and dominating in the regular season.

12U - Bergner: The team started off the preseason with a 3-2 win against the Jr Sharks Girls, a 5-4 win against Cupertino Cougars 12-2, a tie with TVBD 12-4, 2 losses to Reno 12-1 and Capital Thunder 12. Our team is having fun off the ice with a fantastic pool party and a fun day at Great America. Looking forward to the season!

12U - Niskala: The squad is on fire! With back-to-back wins over the Oakland Bears 12UB-2 and Trivalley Blue Devils 12UB-5, the team showed grit, hustle, and sharp execution. Our goalie delivered a flawless shutout performance, anchoring a defense that refused to back down. Every line contributed, and the energy on the bench was electric. This group continues to build momentum and play with heart. We can't wait to see what they do next!

14U - Khuong: The team is officially opening the season on October 4th in Vacaville. The players have been putting in incredible effort—from intense practices to off-ice conditioning—and are eager to show what they've got. The team is NAPHL Bound, stepping up to the Elite Level and earning a spot in the prestigious NAPHL division! Get ready for high-level hockey! This means the team will face elite competition with major travel showcases scheduled for Boston, Minnesota, and Michigan. It's going to be a grueling season, but our players are ready to compete with the best of the best!

16U - Chown: The team has spent their pre-season building teamwork among players who have come to the Blackhawks from a number of clubs in the Bay Area. With a win, a loss, and a tie under their belt, watching this team come together to make plays and build a team has been a joy. We are in for an exciting season of 16U hockey and we can't wait for our bench to grow larger when our three injured players return to the ice!
