

What is Club Volleyball?

In volleyball "Club Teams" refers to European style elite teams representing their volleyball club and not community club teams.

Club Season runs from January – May with Provincial Championships being held in late April and National Championships in mid-May.

Tryouts are held in early December and run for a week or two. Registration for all VISION/WARRIORS club team tryouts are held online on our website.

Training... practices are held 2-3 times weekly at venues all over the city. Car-pooling between families is often an option on club teams as families come from all around Winnipeg and surrounding communities.

Tournaments... club teams are tournament teams with the tournament season generally starting in late February and continuing on a weekly basis until Nationals in mid-May.

Travel... club teams are also travel teams. Road trips to the U.S., Western Canada and locally to Virden and Brandon are available. The cost of these may be beyond the registration fee and the responsibility of each team. Ask the team coach about anticipated travel before joining.

Benefits of Playing VISION Elite & WARRIORS

The Winner Will... it became clear in recent years that the mental health of our young athletes requires specialized attention. VW has partnered with "The Winner Will" organization to provide athletes with daily exercises directed at improving their self-confidence and discipline.

Christmas & Spring Break Camps... members of VISION Elite and WARRIORS will also be enrolled in two, 2-day camps at no extra charge.

The Christmas Camp is designed to teach athletes the drills they will be running during the upcoming First Phase of the season and the Spring Break Camp prepares them for the Competition Phase in April.

Volleyball Winnipeg Clubs

Winnipeg's premier volleyball organization offers three different club volleyball programs to accommodate everyone from a no-cuts introductory environment to elite volleyball. These are: **VISION Elite Volleyball Club**; **VISION Volleyball Club**; and **WARRIORS Volleyball Club**.

VISION Elite Volleyball Club

VISION Elite is our High-Performance Program for girls. All athletes within the program are trained under the direct supervision of a Program Head Coach.

VISION Elite offers 2 teams per age class with teams divided into "Black team" and "Blue team". Luc Tremblay supervises the training of the Black teams and Mark Bourbonniere the Blue teams.

VISION Volleyball Club

VISION VBC is our unsanctioned, developmental club program designed to provide an alternative to the high cost & commitment of Elite club teams. VISION teams will practice twice weekly in designated regions of the city (East, West & Central) and play on Sundays.

Teams will compete in the Premier League Winter Season (Jan-March), along with two local club tournaments. Tryouts are combined with VISION Elite in early December and athletes can extend their season with the Spring League Season (April-June).

WARRIORS Volleyball Club

WARRIORS is the High-Performance Program for boys. All athletes within the program are selected and trained by their team coach and the program is overseen by Jeff Landry, the Program Director. Any parent with issues during the season can approach the Program Director directly.

WARRIORS teams are tournament teams that compete in Provincial and National Championships. Travel is required. Tryouts are held in early December.
