SHSAA Values

Student-Athlete Welfare
The SHSAA is committed to amateurism, student-athlete welfare, diversity, sportsmanship, and fair-play within an ethical framework. This will be reflected in every aspect of the athletic administrative operations and decisions.

Fair Competition
The competition among teams in SHSAA activities ensures that each participating team has opportunity to advance through the playoff structure for that activity and achieve the educational goals of school sport.

Personal Development
Student-athletes, coaches, and officials are encouraged to develop an active, healthy lifestyle in a competitive and respectful environment while contributing positively to achievement of the social, personal, and citizenship goals of education.

Celebration of Excellence
The overriding purpose of SHSAA programming is to celebrate school team and student-athlete success, participation, and demonstration of the benefits and qualities of sportsmanship. Every effort is made to recognize each of these benefits of high school athletic competition.

Equity of Access
SHSAA will endeavour to provide equity of access to participation across the province.

Provincial Championship Program Goals

The SHSAA plans and coordinates all playoffs leading to the provincial championships. Districts and school divisions plan and coordinate interschool athletic competitions and organize and support playoffs at the school division and SHSAA district level as proposed by the SHSAA.

Playoffs
The advancement of student-athletes and school teams to a provincial championship is by a series of playoff competitions. It is generally given that playoffs leading to the provincial championship may include playoffs at the school, school division, SHSAA district or conference, regional, and provincial final levels. The number of meaningful and manageable playoffs necessary to eliminate to the provincial final event will determine the number of levels and sequence of playoffs.

Efficient Scheduling
The scheduling of all playoffs must respect 'instructional time in the classroom'; however, it is also acknowledged that there is great educational value derived from participation in competitive playoffs leading to the provincial championship. Considering the unique aspects of each sport, it is inevitable that some classroom instructional time will be directed into the athletic opportunities for student-athletes. Playoffs leading to the provincial championship should respect economic implications, travel time, and absence from school.

Consistent Application
The program goals and SHSAA approved structures, including the classification structure for team sport and the playoff structure leading to the provincial championship, are applied consistently across all sports and levels of championship competition and from year to year to ensure meaningful and manageable levels of play. Individual sports should also follow a consistent level of playoffs albeit they may differ from team sport playoffs.

Number of Teams in Championships
The maximum number of teams permitted to play in playoffs leading to a provincial championship is the least reasonable number in consideration of the sport to ensure efficient management and delivery of a safe and competitive event.

Character Development
Although winning a championship will be a goal of many teams, it is but a pleasant by-product of the journey. The true value in the journey of school sport and ensuing playoffs is character development consistent with the goals of education.

    15.1. the first day of the school year in which the student enters Grade 10; or
    15.2. the first day of the school year in which the student was sixteen years old on September 1st.

16. Schools may apply to the SHSAA Executive Director on behalf of students who may be age appropriate and wish to participate in high school athletics but are not yet enrolled in grade nine (see Older Students).

ELIGIBILITY TO REPRESENT SCHOOL TEAMS

17. Students shall play as a representative of the high school in which they first registered as a bona fide high school student. In case of transfer from one school to another, including transfers from out-of-province, the student shall be deemed ineligible to participate in interschool athletics in the new school following the acceptance of this transfer-in by the principal (see Transfer Policy and Transfer Form).

18. Transfer Policy: A student who transfers schools is ineligible for interscholastic competition unless they establish their eligibility for participation. The onus is on the student and the family to provide the school with information required to establish eligibility to the satisfaction of the SHSAA. Transfer Form (E-17) shall be submitted by the receiving school to the SHSAA office to initiate an investigation to determine eligibility.

19. Establishing Eligibility:
    In order to establish eligibility for participation in athletics, students who transfer schools must meet one of the following three (3) conditions:
    19.1. Change of Residence
        19.1.1. Parent to parent move: the student moves to reside with the parent with whom they have not been living. Only two such transfers are allowed in a student's three years of eligibility. Except as otherwise provided, the residence of any student shall be deemed to be that of the parent to whom custody has been awarded by a court of competent jurisdiction. If no custody order has been entered, the residence shall be deemed to be that of the parent who had actual custody immediately upon separation.

    OR

        19.1.2. Family move: the student has moved with the parent(s)/legal guardian(s) who have changed residence within the previous 12 months, to reside within the catchment area or normal boundaries of the school at which the student has registered. Any change in residence must be bona fide. Determination of what constitutes a bona fide change of residence depends upon the facts of each case. In order for a change of residence to be considered bona fide, at least the following facts must exist:
            19.1.2.1. The original residence must be abandoned as a residence; that is sold, rented, or disposed of as a residence, and must not be used as a residence by another member of the family;

19.1.2.2. The entire family must make the change and take with them the household goods and furniture appropriate to the circumstances;

19.1.2.3. The change must be made with the intent that it is permanent.

NOTE to 19.1.1 and 19.1.2 above:

a) Under no circumstances can a student have more than one residence for eligibility purposes. It is the obligation of the school to know the residence status of each athlete and to require compliance with these requirements.

b) Legal Guardianship: Without limiting the generality of the foregoing, when considering eligibility, the SHSAA may take into consideration the existence of a Guardianship Order issued by a Court of competent jurisdiction. However, the existence of such a Court Order shall not be determinative of the issue of the eligibility of any student to participate in SHSAA governed athletic activities.

OR

19.2. Directed by Legal Authority

19.2.1. The student is directed by legal authority to move from their current school to a different jurisdiction. Without limiting the generality of the foregoing, for the purpose of the transfer policy "legal authority" shall include but shall not be restricted to:

19.2.1.1. a Court of competent jurisdiction; and

19.2.1.2. any department or agency of the Provincial or Federal government acting within the scope of its authority or pursuant to an Order of a Court of competent jurisdiction; and

19.2.1.3. any school board or school authority acting within the scope of its authority or pursuant to an Order of a Court of competent jurisdiction.

19.2.2. A student whose custody has been established by court order or social service agency decision is eligible for participation at the school to which he or she is assigned.

19.3. In the event that a student cannot satisfy the requirements for eligibility as set out in paragraphs 19.1.1, 19.1.2, 19.2.1 or 19.2.2, then the SHSAA may in its absolute discretion determine a student:

19.3.1. to be ineligible for all SHSAA activities for a period of one year, or

19.3.2. to be eligible upon proper completion of a Transfer Form (E-17) that shall contain:

19.3.2.1. Signatures of approval from the principal and the athletic director of the school receiving the student; and

19.3.2.2. A signed statement from at least one parent or legal guardian stating that the primary reason for the transfer is for an educational purpose, and that the transfer is not being made primarily for an athletic purpose or primarily so that the student can participate in athletics; and

19.3.2.3. An acknowledgement signed by the student and his/her parent/legal guardian stating that they understand that the student is ineligible to participate in SHSAA governed activities. The school may apply

for the reinstatement of the student's eligibility, but the student is ineligible until such time that the SHSAA office rules upon the eligibility given the submission of a written report by the receiving school. Any student that transfers within their three-year eligibility period will be ineligible in any activity they participated in the previous year. The student will be eligible immediately in all activities they did not participate in the previous year. Should the student have an additional year of eligibility, they would be eligible in all activities after having sat out one year; and

19.3.2.4. An acknowledgement signed by the student and his/her parent/legal guardian stating that they understand that the student shall not be allowed to participate in SHSAA governed athletic activities at a second school in the same sport during the same season, except in the event that the SHSAA determines the move has occurred due to circumstances listed in the policy as paragraph 19.1.1, 19.1.2, 19.2.1, 19.2.2. Unless, in the sole determination of the Executive Director, it is in the best interests of the student to do so.

20. Transfer Policy Appeals
    Where a member school is dissatisfied with the application or interpretation of the Transfer Policy, or if the school feels that there are extenuating circumstances, the school principal has the right to appeal, in writing, the decision on transfer to the SHSAA Executive Director. The Executive Director will investigate the appeal and report to the Board. The Board decision may be appealed to a Board of Review.

21. Undue Influence
    No student shall be subjected to undue influence by an individual or group of individuals to induce or cause him/her to transfer from one school to another for athletic purposes. If allegations of recruiting are made against a school, the burden of proof in substantiated form must be borne by the accusing party. Allegations of recruiting that are substantiated will be processed as infractions according to the section of Program Policy known as Breach of Bylaws or Policy by Coaches or Supervisors and Breach by Members.

22. Violations
    Violations of this policy could be subject to a period of suspension from participation in interschool sport of up to one year at the discretion of the President and/or Executive Director.

23. Grade 9 Students may participate in team sports at the school they would normally attend upon promotion to Grade 10 provided that the student otherwise meets eligibility requirements.

24. Students registered in sport specific school programs/courses or academies in Saskatchewan or any other province shall not be eligible for competition in SHSAA sanctioned events in that sport or sports (only) for that school year which occur during the season of that sport. However, these students remain eligible to represent their school in any other SHSAA sport.

25. Students may only participate on one school team that will represent the school in any activity.

DECISIONS AS TO ELIGIBILITY

26. Unless otherwise provided for in the bylaws or the policies of the Association, any decision regarding the eligibility of a student shall be made by the Executive Director.

27. If any Member or its designate (principal or director of education employed by a Member of the Association) disagrees with any decision made regarding the eligibility of a student, the Member or the principal or director of education may appeal that decision to the Board.

28. If any Member disagrees with any decision made by the Board regarding the eligibility of a student, the Member may appeal that decision to a Board of Review whose decision shall be final.

PROCEDURES TO SEEK EXCEPTIONS TO ELIGIBILITY PROVISIONS

29. A Member or its designate may request an exception to the eligibility provisions of these policies by making an application to the Board.

30. The Board may grant a request for an exception, with such terms and conditions, as the Board deems appropriate.

31. If any Member disagrees with any decision made by the Board regarding the exceptions to eligibility provisions, the Member may appeal that decision to the Board of Review whose decision shall be final.

32. The Board of Review shall consist of three people who are not members of the Board.

33. Appeals of the SHSAA Bylaws and Policy (Transfer Policy, Eligibility, etc.) will be heard by the Board provided the Principal of the school or a designated Superintendent of the Member submits the appeal in writing prior to the following dates: second Wednesday in September; last Wednesday in November; second Wednesday in January; first Wednesday in April, or the first Wednesday in May.

FAILURE TO COMPLY WITH ELIGIBILITY PROVISIONS

34. In the event a student participates in an activity organized or sponsored by the Association or its Members when that student is not eligible then any contest in which the student participated shall be forfeited.

BAN ON RECRUITING

35. Any communication, verbal or otherwise, initiated by a coach or other staff employed at any high school to a student from another school regarding the possibility of that student playing for that high school in any sport will be considered recruiting.

36. Recruiting is considered by the Association to be unethical and if any person employed by or acting on behalf of any Member engages in recruiting that Member may be subject to discipline.

COACHES AND SUPERVISORS

The Association URGES that all schools strive to have teachers as head coaches of their interscholastic teams.

37. Individuals will be required to complete courses in order to coach or supervise. The requirements can be found on the SHSAA website as "Coach Education".

38. All teams and individual athletes who participate in activities sponsored or organized by the Association shall be coached by an approved coach or supervisor who shall be:
    - 38.1. individuals who have a teaching contract with the Member responsible for the student, or
    - 38.2. individuals who have been approved as a coach and supervisor by the Association (see Form E-14 – Non-Teacher Coach Declaration).
        - 38.2.1. The following individuals are eligible for approval as coaches or supervisors:
            - 38.2.1.1. teachers previously employed by the Member operating the school in which the individual wishes to coach;
            - 38.2.1.2. substitute teachers from the school;
            - 38.2.1.3. other employees of the Member who work in the school as teacher aides or assistants; or
            - 38.2.1.4. other individuals who have been approved by the school division.
        - 38.2.2. Individuals seeking approval as head coaches or supervisors eligible to participate in events organized or sponsored by the Association or its Members must provide the following to the school and/or board of education:
            - 38.2.2.1. confirmation that they have not been a high school student during the past 4 years (individuals within this four-year period may coach but cannot be the sole individual responsible to coach or supervise a school team or student-athlete), and
            - 38.2.2.2. references acceptable to the Member which attest to the qualifications and suitability of the individual to supervise and coach students of school age, and
            - 38.2.2.3. has completed or is currently enrolled in 'Coaching School Sport: Redefining Winning' offered online in the CAC Locker (enrolled by the E-5 deadline of the activity of the current school year and completed by the beginning of the SHSAA playoffs for that activity), ***(not required for teachers previously employed by the Member or substitute teachers)*** and
            - 38.2.2.4. a clear criminal record check if requested to do so by the Member. Members shall request such checks unless in their opinion, considering the best interests of the students, it is unnecessary to do so.
        - 38.2.3. After consideration of the individual to coach or supervise on behalf of the Member, Form E-14, Declaration for Non-Teacher Coach Form, must be submitted to the SHSAA signed by:
            - 38.2.3.1. the individual seeking approval as coach or supervisor. The coach's signature is an indication

that the individual agrees to be responsible for the coaching duties as outlined by the school and to make themselves aware of the rules, regulations, and expectations of coaches as outlined by the SHSAA, and

38.2.3.2. the Principal of the school in which the individual will be coaching. The Principal's signature is an indication that the individual has demonstrated a clear understanding of the school philosophy and the policies of the school, the Member, and the Association with regard to student supervision and student participation in competitive school athletics, and

38.2.3.3. the Director of Education or a designated Superintendent for the Member. The Director's or designated Superintendent's signature is an indication that the Member will support and approve the use of a non-teacher coach as set out by the SHSAA.

38.2.4. Following approval by the SHSAA Executive Director, it is understood that:

38.2.4.1. approval to coach is for a specific team or activity for a specific time period, and

38.2.4.2. approval must be sought on an annual basis (Form E-14), and

38.2.4.3. individuals approved as coaches or supervisors may function as coach or supervisor only for the team or activity designated on Form E-14.

39. Other individuals may assist with coaching under the direct supervision of an approved coach.

40. In order to participate in any activity organized or sponsored by the Association or by its Members, each team must be accompanied by an approved coach or supervisor who will remain present during the entire activity.

40.1. In the event of a coach being ejected from a contest, the contest will be forfeited if there is not another approved coach or supervisor present to supervise the team.

JOINTLY SPONSORED TEAMS

41. Members may make an application to the Board to allow two or more schools operated by the Member or Members to sponsor a joint team, which will involve the participation of students from more than one high school (contact the SHSAA Office for the Joint Sponsorship Application Forms).

42. Each application must:

42.1. be made for team activities only (basketball, football, soccer, volleyball and curling)

42.1.1. Application for curling may only be made for boys or girls teams and must be made between two schools that each have enrolments of 40 or less.

42.2. be made with regard to schools that are located within close geographical proximity,
42.3. be for a period of 3 years, and
42.4. be accompanied by a copy of a resolution made by the Member or Members involved, including the reasons for making the application.

43. Applications for joint teams from Members whose schools do not have an existing program for that sport shall be made:
43.1. by October 1st for teams to be involved in fall activities. Any joint sponsorship application for football received after May 31st of the preceding year will be denied if the application causes a change in classification;
43.2. by December 1st for teams to be involved in winter activities;

44. In deciding whether or not to grant an application for a joint team, the Board shall consider, but not limited to, the following:
44.1. The goal of allowing joint teams is to increase the number of students that participate in activities by making activities available for students that would not otherwise be available if joint teams were not accepted.
44.2. It is preferable to combine smaller schools rather than having a small school combine with a larger school.
44.3. Improving the quality of a team (i.e. better win/loss record) shall not be a criterion in deciding whether approval will be granted.

45. When an application is granted, the classification of the joint team will be determined by the combined population of the schools forming the joint team.

46. Applications, when granted, shall be for a 3-year term. Prior to the completion of a 3-year term, a joint sponsorship may be renewed at any time for three years.

47. The Board may terminate a joint team before the expiry of the three-year period in the following cases:
47.1. closure of one of the participating schools, or
47.2. serious breach of the bylaws, policies, or rules of the Association by any of the participants, or
47.3. when, in the opinion of the Board, it is in the best interests of the students of one or more schools.

TEAM REGISTRATION AND FEES

48. In order for schools operated by Members to send teams or players to participate in activities organized or sponsored by the Association or by its Members, each school shall submit to the SHSAA Office by the second Wednesday in September, a School Team Entry Form (Form E-3). They must also forward the appropriate fees for each sport for which they wish to register.

49. Each Member shall pay an annual fee, as set at the Annual Meeting, for each team that participates in activities organized by the Association (see SHSAA Financial Facts in the Policies Section of the SHSAA Handbook for the fee).

50. All Saskatchewan schools in good standing that register a team shall be afforded the opportunity to compete in playoffs advancing toward a provincial championship.

55. A team may elect not to be included in playoff competitions by:
    - 55.1. indicating that intention on the List of Eligible Players Form, or

56. Unless a team has elected not to be included in playoff competitions, a team which earns the right to advance in any sport must continue through to the completion of provincial competitions.
    - 56.1. A team that withdraws from the playoffs leading to a provincial championship must pay the sum of $400 to the Association as a withdrawal fee.

56.2. A team that withdraws from the playoffs (including consolation playoffs) after 12:00am on the Sunday preceding the playoff, the team must pay a sum of $600 to the Association of which $200 will be forwarded to the host.
56.3. A football team that withdraws during the playoffs must pay the sum of $1000 of which $500 will be forwarded to the team that was to host the game.
56.4. Teams that do not contact the SHSAA office or do not show up for their scheduled contests are suspended from provincial play downs the following year and are assessed a $1000.00 fine of which $200 will be forwarded to the host. Offending schools would be suspended from all SHSAA competitions that school year until payment is received.
56.5. ***A team that withdraws late from playoffs two consecutive years will be suspended from playoffs the following year.***
56.6. Any school that is unable to travel due to School Division weather policies is exempt from the withdrawal fee. The school must communicate with the SHSAA office and the host school prior to the scheduled competition.

57. If a district is scheduled to host a SHSAA Championship that is designated by a rotation (Regional Badminton, Regional Curling, Soccer, Track & Field, Volleyball), notice of their intention not to host must be received no later than one year in advance. The following will be the procedure to determine the host location:
    57.1. The SHSAA Board of Directors will direct the office to send a notice of an open championship to all schools that meet the requirements for hosting the championship.
    57.2. The SHSAA Board of Directors will determine the host from the bids received at the next scheduled Board of Directors meeting.
    57.3. If there are no schools that submit a bid for the open championship, the championship will continue to be the responsibility of the original district.
    57.4. Should this district not host the championship, all schools in that district that are competing in the classification and activity in question will be declared ineligible for one year for all levels of SHSAA playoffs.

58. All coaches must attend the coaches meeting if scheduled; all coaches, teams, and individuals qualifying for provincial competitions must attend the opening ceremonies, if scheduled.     61.2. CLASSIFIED ACTIVITIES
    Classified activities will advance teams through levels of play to determine provincial champions. Playoffs at the conference/regional/provincial level will be organized by the SHSAA office and conducted by the school named by the District to host on their behalf (soccer, football, volleyball, wrestling, and basketball).

62. Each school is encouraged to offer gender-based teams in each activity as listed above.

63. If a school does not organize a team for one gender in the team sports of basketball, soccer, or volleyball:
    63.1. Students may participate on teams organized for students of the opposite gender (schools must submit the appropriate form signed by the Director of Education or designate), but that team must participate in the boys' category regardless of the number of boys/girls participating, or
    63.2. Members shall encourage their schools to provide opportunities for students to participate in the activity through a joint sponsorship with a neighbouring school.

64. Interschool competition in an activity will cease with the conclusion of the provincial championship for that activity. Interschool competition in that activity will not be allowed until the next school year.

CLASSIFICATION OF SCHOOLS

65. For the purposes of this section, enrolment shall be taken from the Ministry of Education enrolment figures for each school of the Grades 9-11 students as of September 30th of the previous year for classification of schools for the fall activity of football. The classification of schools for all other activities will be based on the September 30th numbers of the current school year for students in grades 10-12. Schools may apply to have students who have used up their athletic eligibility prior to entering grade 12 be excluded from the count.

66. Each school must file a completed School Enrolment Declaration (Form E-10) as of September 30 by the date indicated. Penalty for late filing of this form shall be $50.00. Notification will be sent on the second Monday of October to schools entered in the classified activities for not complying. Schools will be excluded from the SHSAA activity if the form is not completed by:
    66.1. Soccer – the Friday of the week preceding Regional Soccer and;
    66.2. Volleyball – the Friday of the week preceding Conference Volleyball and;
    66.3. Basketball – the Friday of the week preceding Conference Basketball.

67. In the event that the number of ineligible students listed on an enrolment declaration results in the school being placed in a lower classification, the principal of the school will be required to forward to the Board, a list of ineligible students, which will include the reason the students have been declared ineligible.

68. Schools with teams participating in the sports listed below shall be classified in the manner indicated based on the number of eligible students enrolled. Eligible students are those students within the period of eligibility as set out by these policies and do not hold a Grade 12 certificate as of September 1.

69. Schools shall be classified as follows:
    1A – less than 41 (less than 56 for basketball) total eligible students
    2A – 41 (56 for basketball) to 85 total eligible students
    3A – 86 to 200 total eligible students
    4A – 201 to 500 total eligible students
    5A – greater than 500 total eligible students

Boys Volleyball	Class 5A	5A Schools

Girls Volleyball	Class 5A	5A Schools
	Class 4A	4A Schools
	Class 3A	3A Schools
	Class 2A	2A Schools
	Class 1A	1A Schools

If there are less than 18 teams in a classification, the next highest classification will send teams with the lowest enrolment(s) down to the classification until 18 teams are present.

If there are more than 72 teams in a classification, teams will be moved from this classification, in order of enrolment, to the adjacent classification with the fewest number of teams until the 72-team threshold has been met.

In the case where teams are required to move to meet a minimum/maximum threshold in any classification, but there are multiple teams with the next eligible enrolment to move, then all teams with the same enrolment will change classification.

In instances where a provincial host is one of the teams to be moved to another classification, that team would not be moved and the school with the next appropriate school enrolment would be moved.

Classification for teams will be based on those registered to participate in the activity on the E-10 (enrolment) deadline for that activity. If a team withdraws after the E-10 (enrolment) deadline, no further adjustments to a classification will be made to meet minimum/maximum threshold levels.

If there are less than 18 teams in a classification, the next highest classification will send teams with the lowest enrolment(s) down to the classification until 18 teams are present.

If there are more than 48 teams in a classification, teams will be moved from this classification, in order of enrolment, to the adjacent classification with the fewest number of teams until the 48-team threshold has been met.

In the case where teams are required to move to meet a minimum/maximum threshold in any classification, but there are multiple teams with the next eligible enrolment to move, then all teams with the same enrolment will change classification.

In instances where a provincial host is one of the teams to be moved to another classification, that team would not be moved and the school with the next appropriate school enrolment would be moved.

Classification for teams will be based on those registered to participate in the activity on the E-5 deadline for that activity. If a team withdraws after the E-5 deadline, no further adjustments to a classification will be made to meet minimum/maximum threshold levels.

Volleyball and Basketball

Schools listed on the Government of Saskatchewan's Registered Independent Schools Public List and Conseil des ecoles fransaskoises website will be classified according to the following for the activities of volleyball and basketball:

Schools will be classified by their enrolment numbers as per CLASSIFICATION OF SCHOOLS policy, unless they have been approved to participate in a higher classification as per RE-CLASSIFICATION OF SCHOOLS policy.

If a school wins a provincial championship in the activity of volleyball or basketball, the school will be classified in the next higher classification for that activity the following year. This process will repeat in subsequent years until the highest classification is reached, or the member school no longer wins gold at the provincial championship.

If a school receives a silver or bronze medal in the higher classification, they will remain in that classification the following year.

If a school does not medal at the higher classification, they will be classified in the next lower classification the following year. This process will repeat in subsequent years until the school is in the classification that aligns with their school enrolment numbers as per CLASSIFICATION OF SCHOOLS policy.

No school will be classified lower than that defined by their school enrolment numbers according to the CLASSIFICATION OF SCHOOLS policy.

If a school is classified to a higher classification due to winning a provincial championship the previous year and also meets the criteria to be moved down a classification to meet minimum threshold, the school will not be moved to the lower classification.

Any school that is approved as a JOINTLY SPONSORED TEAM with a school from the Government of Saskatchewan's Registered Independent Schools Public List or Conseil des ecoles fransaskoises website will be required to follow these parameters.

69.3.

Boys Soccer	Class 5A	5A Schools
	Class 4A	1A, 2A, 3A, & 4A Schools
	Class 3A	7v7 – 1A, 2A, & 3A Schools
Girls Soccer	Class 5A	5A Schools
	Class 4A	1A, 2A, 3A, & 4A Schools
	Class 3A	7v7 – 1A, 2A, & 3A Schools

If there are less than 8 teams in the 4A classification, the 5A classification will send teams with the lowest enrolment(s) down to 4A until 8 teams are present.

In the case where teams are required to move to meet a minimum threshold, but there are multiple teams with the next eligible enrolment to move, then all teams with the same enrolment will change classification.

In instances where a provincial host is one of the teams to be moved to the 4A classification, that team would not be moved and the school with the next appropriate school enrolment would be moved.

Classification for teams will be based on those registered to participate in the activity on the E-10 (enrolment) deadline for that activity. If a team withdraws after the E-10 (enrolment) deadline, no further adjustments to a classification will be made to meet minimum threshold levels.

69.4.

If two or more teams have an identical enrolment at the cut-off number, those teams will be placed in the classification that they had the previous year. If an odd number of teams are registered, the 2A classification will pick up the extra team.

9-A-Side	Class 4A	1A, 2A, 3A, and 4A schools that select 9-aside.

130. **CODE OF ETHICS FOR STUDENT-ATHLETES**

THE SCHOOL REQUIRES THE ATHLETES TO

- Conduct themselves at all times with honour and dignity.
- Treat visiting teams, spectators, and officials as honoured guests.
- Faithfully complete schoolwork as practical evidence of their loyalty to school and team.
- Show that it is a privilege to represent their schools.
- Remember that there is no place in school athletics before, during, or after competition for the use of drugs, tobacco, or alcohol of any kind.

THE GAME REQUIRES THE ATHLETES TO

- Maintain a high degree of physical fitness.
- Be fair at all times, no matter what the cost.
- Believe in the honesty and integrity of opponents and officials.
- Play the game for the game's sake.
- Accept gracefully and without question the decision of the official.

SPORTSMANSHIP DEMANDS THAT ATHLETES

- Recognize and applaud honestly and whole-heartedly the efforts of their teams or opponents, regardless of colour, creed, or race.
- Give opponents full credit when they win and learn to correct their own faults through failures.
- Play hard and to the limit of their abilities regardless of discouragement. True athletes do not give up, nor do they quarrel, cheat, bet, or show off.
- Accept both victory and defeat with pride and compassion, being never boastful nor bitter.

131. **CODE OF ETHICS FOR COACHES**

THE SCHOOL EXPECTS THE COACHES TO

- Be an integral part of the school system and its educational contribution.
- Remember that the athletic area is a classroom with moral and education obligations required at all times.
- Insist upon high scholarship and enforcement of all rules of eligibility.

THE ATHLETES EXPECT THE COACHES TO

- Maintain a genuine and up-to-date knowledge of that which they propose to teach.
- Maintain fair, unprejudiced relationships with all squad members.
- Pay careful attention to the physical condition of the players.
- Inspire a love of the game and desire to compete fairly.

SPORTSMANSHIP DEMANDS THAT COACHES

- Take a strong stand against profanity, unfair play, and unsportsmanlike behaviour of their teams.
- Maintain self-control at all times, accepting decisions of officials without outward appearance of vexation.
- Teach athletes to win by use of legitimate means only.
- Believe in the honesty and integrity of opponents and officials.
- Teach that to win is always desirable, but to win at any cost defeats the purpose of the game.

132. **CODE OF ETHICS FOR OFFICIALS**

THE CONTEST EXPECTS THE OFFICIAL TO

- Maintain a professional relationship toward the event, the players, the coaches, and spectators.
- Be thorough in their preparation.
- Be on time for duty and appear in appropriate uniform.
- Be rested and alert.

THE RULES EXPECT THE OFFICIAL TO

- Adhere to right decisions despite disapproval of spectators, coaches, and players.
- Control their temper at all times in dealing with players, coaches, and crowds.
- Respect and aid companion officials in making decisions.
- Make interpretations and announcements clear to both teams.

SPORTSMANSHIP DEMANDS THAT OFFICIALS

- Maintain a pleasant, impartial attitude toward all players and coaches.
- Know and enforce SHSAA rules and regulations.
- Carry out their duties so as not to distract from the players or the game.
- Discourage any acts of poor sportsmanship.

133. **SPECTATOR CONDUCT**

The SHSAA accepts the following as its Guideline regarding spectator conduct at all SHSAA Events.

The guiding principle for all SHSAA activities is that all participants (players, coaches, game and minor officials alike) deserve respect and consideration.

- Respect the players in the game. Fans must cheer showing their support "for" their team, not disrespect for their opponents. It will be unacceptable for fans to make noise of any kind during situations such as a foul shot in basketball or during the serve in volleyball.
- School supporters are asked not to applaud errors by opponents, nor heckle, jeer, or distract members of the opposing team.
- Respect the officials. They are doing the best job that they can and should not be criticized for the judgments that they make but applauded for the service they provide to high school sport.
- Refrain from taking food or drink into high school gymnasiums when posted.
- Fans must respect the property of the schools and the authority of the school officials.
- Refrain from using artificial noisemakers, drums, or other musical instruments. The exception to this Guideline would be a school pep band under the direct supervision of authorized school personnel, with the understanding that nothing will be done to interfere with the performance of the opposing team.
- It is the SHSAA position that if the actions of a spectator are deemed by the officials to be interfering with play or the official's ability to perform their duties, that the game should be stopped. The host school should be asked to intervene to have the disruptive action stop and, if appropriate, issue a warning to that spectator. If the allegiance of the individual can be determined to be with the visiting team, it is appropriate to ask the visiting coach to intervene to stop the disruptive action. If the officials determine that the disruptive action is beyond a warning or intervention then they should ask the host school and/or the visiting coach (if appropriate) to see to it that the spectator leaves the premises. The officials having taken this action must not continue the game until their request has been fulfilled. The officials should not take it upon themselves to confront the spectator about their conduct or their removal.

BE A SPORT – BLEND YOUR CHEERS FOR "YOUR TEAM" WITH APPLAUSE FOR YOUR OPPONENTS. OBSERVE THE LETTER AND SPIRIT OF THE RULES AND SHOW CONSIDERATION FOR OTHERS.

Coaches and school administrators should make certain that the school team, as well as any team followers taking part in a high school athletic event, are made aware of these expectations.

GUIDING PRINCIPLES FOR NAMING OR RENAMING SCHOOL TEAMS

28. Team is any formally organized, sport-related, recreational, curricular, or extra-curricular group involving students that represent the local school. Icons associated with a team, such as, but not limited to mascots, logos, costumes, promotional materials, slogans, songs, and cheers are inclusive to the definition of Team.

29. The Board of Education, Conseil des ecoles fransaskoises, First Nations Band operating the high school or on whose land the high school is operated, or independent school holds primary responsibility for a team name.

30. SHSAA recognizes that names of teams contribute to school climate and image and have a direct impact on students, staff, school, community, and province.

31. Naming/Renaming will:
    31.1. Reflect commitments regarding Equity, Diversity, and Inclusion;
    31.2. Ensure student voice is at the center of the naming/renaming process;
    31.3. Provide inspiration, dignity, and respect;
    31.4. Ensure fairness and transparency;
    31.5. Consider names that have local community, provincial, Indigenous, Canadian, or international significance and reflect the diversity of Saskatchewan;
    31.6. Not reinforce names (symbols) or namesakes (legacies), tied to systems of oppression, race, histories of discrimination, stereotypes, bias, prejudice or hate, and
    31.7. Not use corporate/commercial names.

32. Procedure:
    Team names, and related icons, are determined locally and will be consistent with Mission, Values, Goals, and Equity Policy commitments of the Board of Education, Conseil des ecoles fransaskoises, First Nations Band operating the high school or on whose land the high school is operated, or independent school. When considering a team name/rename:
    32.1. If applicable, follow the local Administrative Procedure (AP)
    32.2. If an AP is not in place, consider the following:
        32.2.1. Members of the school learning community (students, parents/guardians of students attending the school, and community members who reside in the attendance area) bring forward a request to the principal to initiate the naming/renaming process. This request must be endorsed with signatures of the school learning community members.
        32.2.2. The principal should then seek the advice and support of the school-level advisory bodies that involve parents, students, community members, and school staff (i.e. community council) to create a submission of request to the Board of Education, Conseil des ecoles fransaskoises, First Nations Band operating the high school or on whose land the high school is operated, or independent school for its consideration. If approval is granted, the formal renaming process will begin.
        32.2.3. A consultation process conducted in a manner that is culturally responsive for the community that it serves.
        32.2.4. Efforts should be made to ensure the authentic engagement of key stakeholders including elders, knowledge keepers, students, parents and guardians, caregivers, school community council, staff, and members of the community throughout the process.
        32.2.5. A report to the Board of Education, Conseil des ecoles fransaskoises, First Nations Band operating the high school or on whose land the high school is operated, or independent school should occur within three months from the date when approval was given. The report should include an outline of the consultation process conducted and submission of proposed school team names, to a maximum of 10, with their accompanying rationale.

PROGRAM GUIDELINES

PROVINCIAL CHAMPIONSHIP GOALS

1. The SHSAA plans and coordinates all playoffs leading to the provincial championships. Districts and school divisions plan and coordinate interschool athletic competitions and organize and support playoffs at the school division and SHSAA district level as proposed by the SHSAA.

Playoffs

1.1. The advancement of student-athletes and school teams to a provincial championship is by a series of playoff competitions. It is generally given that playoffs leading to the provincial championship may include playoffs at the school, school division, SHSAA district or conference, regional, and provincial final levels. The number of meaningful and manageable playoffs necessary to eliminate to the provincial final event will determine the number of levels and sequence of playoffs.

Efficient Scheduling

1.2. The scheduling of all playoffs must respect 'instructional time in the classroom'; however, it is also acknowledged that there is great educational value derived from participation in competitive playoffs leading to the provincial championship. Considering the unique aspects of each sport, it is inevitable that some classroom instructional time will be directed into the athletic opportunities for student-athletes. Playoffs leading to the provincial championship should respect economic implications, travel time, and absence from school.

Consistent Application

1.3. The program goals and SHSAA approved structures including the classification structure for team sport, and the playoff structure leading to the provincial championship, are applied consistently across all sports and levels of championship competition and from year-to-year to ensure meaningful and manageable levels of play. Individual sports should also follow a consistent level of playoffs albeit they may differ from team sport playoffs.

Number of Teams in Championships

1.4. The maximum number of teams permitted to play in playoffs leading to a provincial championship is the least reasonable number in consideration of the sport to ensure efficient management and delivery of a safe and competitive event.

Character Development

1.5. Although winning a championship will be a goal of many teams, it is but a pleasant by-product of the journey. The true value in the journey of school sport and ensuing playoffs is character development consistent with the goals of education.

POLICY FOR INTERSCHOOL COMPETITION

2. One of the objectives of the Saskatchewan High Schools Athletic Association as stated in its bylaws is … "To encourage schools to adopt a varied athletic program for their students by restricting play in a school sport to the recognized school season for that sport."

   The SHSAA, as the lead agency for interschool sport, has developed the following policy for interschool sport. The policy is intended to assist in the development of local guidelines for interschool sport and will be referred to as the Guideline of the Saskatchewan High Schools Athletic Association when questions are directed to the Association.

the host site location. For all other activities, bids are accepted two years in advance of the scheduled event. ALL BIDS, whether submitted to the district or to the provincial board of directors, should be received in writing prior to the Annual General Meeting. These bids will be presented and selections made by the Provincial Council, at the AGM. If a district does not have a host location, or in the case of an open bid, no bid is received by the AGM, the event will be open to bids from any school. STUDENT SUPERVISION

28. Supervision responsibilities of schools remain in place for students who, by competition rules, are to be removed from the area of competition. Removal from the area of competition will be enforced when student supervision can be provided by school approved personnel. When supervision of the student cannot be maintained away from the competition area, the student shall remain in the bench area, responsible to the team, and under the supervision of approved personnel. This may include but is not limited to the following:
    - 28.1. Other staff members from the sponsoring school, who are in attendance, provide supervision of the student athlete away from the competition area.
    - 28.2. Approved members of the coaching staff provide supervision away from the competition area.
    - 28.3. The student remains in the area of the team bench and thus remains responsible to the team for any subsequent violations and rulings
        - 28.3.1. The student remains unable to participate in the remainder of the contest and the next scheduled contest.

29. Under these circumstances, if the behaviour of the student-athlete is such that it continues to interrupt the competition, the game may be forfeited in order that the only approved coach can remove the student, and the team, from the competition area, to provide adequate supervision of the students.

HYGIENIC PRECAUTIONS TO DEAL WITH BLOOD IN THE ATHLETIC SETTING

30. Prevention Guidelines:
    - 30.1. Prior to participation in a competition, any wounds, including abrasions or rashes, on athletes, coaches, and officials must be securely covered.
    - 30.2. If a bleeding injury occurs to any participant during the course of the competition, the individual must be removed from the competition until the bleeding has been stopped. The wound must be cleansed with an antiseptic solution and securely covered before the individual can re-enter the competition. Note: If an official is bleeding, the game shall be held up until that official is ready to resume, unless it appears that the delay will take too long, at which time the other official(s) may decide to continue the competition.
    - 30.3. Should blood appear on any part of a participant's uniform or protective equipment that is exposed to other participants, the uniform/equipment must be either changed or cleaned before participation can resume.
    - 30.4. The athlete may change into a uniform bearing a different number. The opposing coach and the official scorers must be made aware of this change prior to the resumption of play.
    - 30.5. Athletes will be permitted to wear a practice T-shirt or singlet bearing the athlete's uniform number in the same dominant colour as the official team uniform.
    - 30.6. All equipment or playing surfaces which come in contact with blood will be cleaned with a solution of one part household bleach and one hundred parts water – 10 ml. bleach to 1 litre of water. This solution must be freshly prepared before every competition.

31. Recommended Practices:
    - 31.1. Any personnel dealing with body fluids or open wounds should wear rubber or latex gloves. Gloves should be disposed of and replaced after each individual is treated.
    - 31.2. After treating a bloody wound or cleaning a bloodstained surface, gloves should be removed and hands washed with soapy water before continuing.
    - 31.3. Athletes involved in contact sports will be encouraged to wear protective equipment that may prevent bloody injuries during competition (e.g. mouth guards).
    - 31.4. Instruments designed for piercing the skin should be sterile, used only once, and not shared.
    - 31.5. Athletes are urged not to share personal items that may pierce the skin or mucous membranes (i.e. razors, nail clippers).
    - 31.6. Athletes should render first aid to themselves and cover their own wounds, whenever possible. It is also recommended that athletes clean up their own blood from equipment, uniforms, and athletic surfaces, if possible.

ADDING NEW ACTIVITIES

32. General Principles

    For any event to be sanctioned and/or be part of the SHSAA Championship Calendar, there are a number of important principles that MUST be addressed. These are:
    - 32.1. A teacher coach/supervisor or approved coach/supervisor must be present during games and practices;
    - 32.2. All SHSAA eligibility rules MUST be followed;

32.3. The sport must address how it can ensure the development and participation of school trained athletes (SHSAA does not want to duplicate community sport programs – we want to ensure that school trained athletes can participate at SHSAA events).

33. SHSAA Championship Process
For a non-SHSAA sport to become an official SHSAA Championship, the following process is followed:
33.1. Conduct of a high-profile invitational (sanctioned event) for at least two years, which is monitored and evaluated by SHSAA Championship Review Committee through the SHSAA staff.
33.2. If the following criteria are evident, then the Championship Review Committee may recommend that SHSAA Festival Status be conveyed to the activity:
33.2.1. The majority of SHSAA Districts have an active school schedule;
33.2.2. The Invitational events have been conducted in accordance with educational sport principles;
33.2.3. A minimum of four schools in each of the Districts participates.
**The Championship Review Committee makes their recommendations to the SHSAA Board.
33.2.4. After at least two years of success as an SHSAA Festival and hopefully growth in the sport, then the Championship Review Committee may approve a request to convey Championship status on the sport. SHSAA is looking to see that the sport is conducted in 75% of the SHSAA Districts and that the general principles identified earlier, are clearly dealt with. At this time, a Sport Advisory Committee, consisting of teachers, is developed along with clear playing regulations, which help define how each District gains entry into the championship. SHSAA medals are presented and the Championship is conducted as per other approved Championship programs.
33.2.5. There must be a base of officials in all regions of the province.
33.2.6. Access to appropriate facilities must be available/viable at a majority of SHSAA member schools.
33.2.7. A proposal of the season of play for the activity must be submitted with the request.
33.2.8. Training of coaches and officials must be available in the province.
33.2.9. The sport must not be a judged sport.
33.2.10. The activity must be financially reasonable for the Association.
33.2.11. Activities that encourage the engagement of a diverse population will still be given consideration if all of the above items are not met.
33.3. An application that includes purpose, season of play, possible facilities, possible conflicts, league format, playoff procedure, etc. must be presented to the Board of Directors before the last scheduled regular Board meeting of the school year.
33.4. Consideration will be given to additions to an existing SHSAA Activity. Festival Event may not be required if adding to an existing activity.

34. Sanctioned Events
    34.1. There are two types of events that the SHSAA will sanction.
        34.1.1. SHSAA Provincial Championship
        34.1.2. SHSAA Festival
    34.2. The SHSAA Championship Review Committee will be given the task of evaluating SHSAA Championships and review requests from SHSAA representatives for new and additional championships.
    34.3. SHSAA Approved (Sanctioned) Invitational Events
        34.3.1. In Saskatchewan, there are many tournaments and events between schools. When these events apply for sanction, sanction will be granted when the events follow all the guidelines and procedures laid down in the SHSAA Articles, Bylaws, and Policies.

35. Two Levels of Inter-District Competition
    35.1. (Level 1) SHSAA PROVINCIAL CHAMPIONSHIP
        35.1.1. at least 75% of the Districts (14) with a minimum percentage or a minimum number of schools participating for that District to be considered as conducting the sport
        35.1.2. all participants must be SHSAA eligible
        35.1.3. entry through the District
        35.1.4. all SHSAA organizational processes in place (staff liaison, preparation of convener packages, profit/loss split, SHSAA registration fees, eligibility forms)
        35.1.5. school based (conducted in co-curricular programs)
        35.1.6. SHSAA awards as designated
        35.1.7. Standing Sports Advisory Committee
        35.1.8. Financial statement and report filed following Championship
    35.2. (Level 2) SHSAA FESTIVAL
        35.2.1. sanctioned by SHSAA as an “approved” event
        35.2.2. all participants must be SHSAA eligible
        35.2.3. school based (conducted in co-curricular program)
        35.2.4. hosting approved by SHSAA
        35.2.5. entries endorsed by Districts
        35.2.6. consultative services from SHSAA (distribution of convener packages)
        35.2.7. SHSAA registration fees charged
        35.2.8. no financial responsibilities for SHSAA (no profit/loss split)
        35.2.9. playing regulations developed by a Sports Advisory Committee of teacher-coaches
        35.2.10. award guidelines to be followed
        35.2.11. written report filed to Championship Review Committee following Festival
    35.3. To enter the “Festival” level, a written application must be submitted to the Championship Review Committee with a copy to the SHSAA office by March 1st of the year prior to the year in which the group wishes to conduct the Festival.
    35.4. SHSAA APPROVED (SANCTIONED) INVITATIONAL EVENT
        35.4.1. A sanctioned event is one, which adheres to the SHSAA Policies and is structured so that the standards and practices reflect the intent and goals of the SHSAA Playing Regulations.

35.4.2. Approval for sanctioning must be completed before any public distribution of literature and promotional material, which must contain a prominent declaration of SHSAA sanctioning including the use of the SHSAA logo.

35.4.3. The SHSAA Championship Review Committee shall receive and evaluate reports from all SHSAA levels of competition and shall, from time-to-time, make specific recommendations with regard to status to the Board. It shall also respond to requests for sports to move to Championship status or to move from Level 2 to Level 1. Such requests must be received in writing by March 1st if a change is to be considered for the following school year. Should a Championship move to a lower level; it must stay at that level for a minimum of three (3) years before making application to move back to a higher level.

DELETING ACTIVITIES

36. General Principles

For any SHSAA activity to be deleted from the SHSAA Championship Calendar:

35.1. A "Notice of Motion" to delete an activity shall be received by the SHSAA office by the resolution deadline.

35.1.1. The "Notice of Motion" must have written support provided by a minimum of three Districts with at least one being an active member participating in the activity.

35.1.2. SHSAA shall continue to host the Championship in the activity.

35.2. A resolution to remove the activity from the SHSAA calendar shall be presented to the Membership at the AGM following the AGM where the "Notice of Motion" was presented.

35.2.1. The deletion of the activity from the SHSAA calendar will be either ratified or rejected at the AGM.

35.2.1.1. If the result of the vote is to delete the activity from the SHSAA calendar, SHSAA shall host the last Championship in the activity during the school year following the AGM.

35.3. The following principles should guide the motion:

35.3.1. The Provincial Competition has representation from fewer than 10 Districts for two consecutive years.

35.3.2. Fewer than 4 member schools in a majority of Districts are offering extra-curricular programming in the activity.

35.3.3. Lack of training available for both officials and coaches.

35.3.4. Teacher-coaches are under-represented in active programs.

35.3.5. The activity is strongly supported by community sport in all regions of the province.

35.3.6. The financial responsibilities are not reasonable for the Association.

35.3.7. Student safety has become an issue within the activity.

35.3.8. The activity does not have a diverse base of student-athlete participation.

35.3.9. Playoff competitions lack meaningful competition to qualify for a Provincial Championship.

CONCUSSION PROTOCOL

37. All teams must follow the SHSAA Concussion Protocol as outlined on the SHSAA website.

8. GENERAL RULES:
   Owing to the diverse conditions and terrain over which cross-country running is held throughout the province, it is impossible to lay down any rigid legislation for the standardization of the course.
   8.1. THE COURSE:
      8.1.1. It is recommended the course for the Provincial Cross-Country championship consist of a 2km loop and a 1km loop incorporated into the course.
      8.1.2. The cross-country run shall be over a course of 3000m to 4000m in length. Measurement shall be along the middle of the course. The course shall be clearly marked (by a wide chalk line or by sign posts with large directional arrows wherever the course turns, or by flags about one-foot square mounted on stakes which hold them to the ground).
      8.1.3. Flag designations:
         A RED flag generally indicates a turn to the LEFT.
         A WHITE flag generally indicates a turn to the RIGHT.
         A YELLOW flag generally indicates STRAIGHT AHEAD.

      Running regulations and penalties for failure to follow the course are the same as for other track events.
   8.2. Cross-country running is intended as an “off-track” activity and, therefore, the competitor must expect a variety of terrain. Prepared surfaces should not be expected, and a variety of footing caused by natural terrain and weather conditions must be accepted as part of the competition. Although a variety of terrain, etc. are to be expected and indeed are desired, when laying out the course, the following two points should be emphasized:
      8.2.1. Very high obstacles should be avoided, as well as deep ditches, dangerous ascents or descents, thick undergrowth, and, in

general, any obstacles which would constitute a difficulty beyond the aim of the competition.

8.2.2. Narrow gaps or other hindrances which would deny a competitor an unhampered run, must be avoided whenever possible.

8.3. The course must be measured prior to the event.

8.4. The responsibility for providing a proper course and its markings rests with the host body, who should place course inspectors and umpires at intricate parts of the course to direct competitors and ensure that they keep to the proper course.

8.5. OFFICIALS:

The following officials are considered necessary for provincial events, but organizers are at liberty to vary these where local circumstances require:

Meet Manager
Referee
Timekeepers (4)
Result Recorders (4)
Course Inspectors (5-15)
Funnel Inspectors (4)
Judges (2)
Chief Clerk of Course
Starter

8.6. THE START:

The starting boxes will be shifted each race by two positions.

8.7. Competitors in cross-country events are not allowed to receive any assistance or refreshments from any person during the progress of the race. Given this and the recommendation that the course be built as a 1km loop and a 2km loop, the expectation of coaches and parents being allowed on the course is not applicable.

8.8. SCORING:

8.8.1. At the conclusion of the race the judges shall decide the respective placing of the scoring competitors from each eligible team. The team having the lowest aggregate score by adding the placing of the four scoring runners will be declared the winner.

8.8.2. In the event of a tie, it shall be resolved in favour of the team whose last scoring member finished nearer first place.

1.9.1.2. Only one coach may take part in the interactions;

1.9.1.3. Coaches behind the glass (spectator area) may call interactions by gaining their team's attention or vice versa (whether behind the glass for part of the game or its entirely).

1.10. At each regional and provincial competition, each team will be given a maximum of 8 minutes of practice time for regular play and 4 minutes of practice time for Doubles play prior to each game. The team that practices first will throw clockwise on the left side of the sheet away and counterclockwise on the right side of the sheet home. The team that practices second will throw counterclockwise on the right side of the sheet away and clockwise on the left side of the sheet home. Teams will use this rotation for their LRA. Coaches are allowed on the ice for practice but not allowed on the ice and not allowed to coach during LRA.

1.11. LAST ROCK ADVANTAGE (LRA): In regional play and provincial play leading to the Gold/Bronze game, LRA will be awarded to the team drawing closer to the button following their 8-minute warm-up period for Regular play and 4-minute warm up period for Doubles play prior to the game. Two curlers from each team will be declared ***after*** the warm-up. The first curler will throw one stone to the home button using the same rotation as the warm-up that will be measured. If the rock covers the button or does not make the house, the second curler throws a draw. A coin toss will occur prior to the scheduled practice time. The winner of the coin toss will have the choice of practice time or rock colour. The opposition will have the remaining choice between practice and rock colour. In Doubles play, LRA is defined as the choice of which stones to position where at the start of the game. If the team chooses to put their stone in the back four-foot and the opponent's stone as the centre-guard, the opponent will deliver first in the end. If the team chooses to put their own stone as the guard, they will deliver first. LRA for the Provincial gold medal game will be awarded to the winner of game #7. LRA for the Provincial bronze medal game will be awarded to the team losing game #13 (boys, girls, open mixed) or game #14 (open doubles).

1.12. TIMEOUT - Each team is allowed to call two timeouts of 90 seconds duration each. The request for timeout, called by the athletes (coaches may signal timeout to their team), may be made at any time that the team is in control of the house or during an interval of play. The timeout shall begin when the coach of the team that called the timeout reaches the house in play. The coach of the team who did not call the time out must leave the ice surface when the coach who called the time out leaves, even if the 90 seconds has not elapsed.

1.12.1. A mandatory five-minute break will be held at the conclusion of the fourth end.

1.12.2. EXTRA END TIMEOUT - Each team will be allowed one timeout in the extra end of 90 seconds duration. Any unused timeouts from regulation may not be carried over. There will be an

automatic two-minute timeout prior to the first extra end. This timeout is not charged to either team.

1.13. The use of a curling delivery aid (throwing stick) must be approved by the SHSAA office.

2. REGIONAL TOURNAMENT:

ACTIVITIES

FOOTBALL

1. CATEGORIES:
   SHSAA champions will be declared in five categories of football:
   - 1.1. 6-A-Side:
     - 1.1.1. 1A 6-A-Side: 50% of schools with the lowest enrolment entered in the activity.
     - 1.1.2. 2A 6-A-Side: 50% of schools with the highest enrolment entered in the activity. The cut-off number for 1A/2A will be a floating number with no cap. If two or more teams have an identical enrolment at the cut-off number, those teams will be placed in the classification that they had the previous year. If an odd number of teams are registered, the 2A classification will pick up the extra team.
   - 1.2. 9-A-Side:
     - 1.2.1. 4A 9-A-Side: 1A-4A schools selecting 9-A-Side
   - 1.3. 12-A-Side:
     - 1.3.1. 5A 12-A-Side: Schools from the North Saskatchewan League, South Rural league, and one half of all schools in each the Regina and Saskatoon leagues having the lowest enrolment of students.
     - 1.3.2. 6A 12-A-Side: Remaining entries in the Regina and Saskatoon leagues. If an odd number of teams are registered, the 6A category shall pick up the extra team.
   - 1.4. Schools involved in football that anticipate they will participate in a different category of football than the previous year, must inform the SHSAA office of their intent by May 31st preceding the season. Failure to comply may mean the team will have to participate in the same category as the previous year.

2. ELIGIBILITY:
   - 2.1. Grade nine students may play football for the school they would normally attend upon their promotion to grade ten. This must be done with the written permission of parents and school.
   - 2.2. Any athlete who has participated in Junior Football will be ineligible to play for any high school football team in Saskatchewan. This does not include teams that are members of the Western Women's Canadian Football League.

3. GAME TIME:
   All provincial playoff games will be played at 1:00pm, unless both teams agree to play at a different time.

4. GAME OFFICIALS:
   Game officials (5 in 6-A-Side, 5 in 9-A-Side, 6 in 12-A-Side) for all playoff games will be appointed by the District Officials Commissioner and Referee-in-Chief, in consultation with the SHSAA office.

5. PLAYING FIELDS:
   Hosts must ensure that the field being used is safe for play. Schools involved in football must have padded goal posts installed on their field in order to host an

interschool football contest. Goal posts should be in good repair and end zones the proper size and free from obstructions. Host teams must find some method of keeping the crowd from infringing on the playing surface. The players' benches must be kept free from intrusion by non-team personnel. Spectators should be on the opposite side of the players' bench, if not, must be kept a reasonable distance from the players' bench and the field of play. All games will use a visible and functioning score clock.

6. UNIFORM CONFLICTS:
   If a conflict in colour occurs and only one team has a second set of uniforms, then that team would be responsible for changing uniforms. If both teams have a second set of uniforms or neither team has a second set of uniforms, it is the responsibility of the visiting team to change uniforms or find an alternate uniform if there has been at least four days' notice given prior to the respective game day.

7. RULES:
   The SHSAA has adopted the Canadian Amateur Rule Book for Tackle Football for all categories of high school football with modifications outlined below:
   - 7.1. All "No Yards" penalties in 6-A-Side and 9-A-Side shall be assessed as 5-yard or 10-yard penalties depending on if the ball has bounced prior to being touched by the receiving team.
   - 7.2. The player snapping the ball cannot be contacted after release of the ball until the player:
     - 7.2.1. Crosses the one-yard restraining zone; or
     - 7.2.2. Sets up in a pass-blocking stance
     - 7.2.3. Penalty: A 15-yard unnecessary roughness penalty.
   - 7.3. When a player goes down with an injury where they are attended to by a person from the sideline, the player must remain off the field for a minimum of three plays including special team play.
   - 7.4. In all categories of football, the clock shall stop after a first down has been gained.
   - 7.5. High school football teams will retain the eligible and ineligible numbering system that was previously in place by Football Canada (ineligible numbers are 40 - 69).
   - 7.6. The mercy rule shall be implemented as outlined in the rule book with the following exception: In SHSAA ***6-A-Side and 9-A-Side*** sanctioned games, the coach with the lower score will decide whether to follow the Football Canada straight time rule. The official will ask permission from the losing coach to run the clock.
   - 7.7. The visiting team will call the coin toss to determine which team will have the choice to defer, kick/receive, or defend an end.
   - 7.8. The following amendment to Rule 1, Section 11, Article 2, (c):
     - 7.8.1. "A player shall be required to wear their helmet properly fastened while in bounds and shall not voluntarily remove it while on the field of play."

8. OVERTIME:
   The following tie-breaking system will be used when a game is tied after four periods. Amateur football playing rules apply with the following exceptions:
   - 8.1. Immediately after the conclusion of the fourth quarter, officials will instruct both teams to retire to their respective team areas. The officials will assemble at centerfield and review the tie-breaking procedure.

8.2. The officials will escort captains to the center of the field for the coin toss. The winner of the toss shall choose one of the following options:
  8.2.1. Offense or defense, with the offense at the opponent's 35-yard line to start.
  8.2.2. Which end of the field shall be used for the overtime period.
8.3. The loser of the toss shall exercise the remaining option for the first extra period and shall have the first choice of the two options for subsequent even-numbered extra periods.
8.4. Extra periods: An extra period provides each team the opportunity to put the ball in play by a snap, on or between the hash marks of the opponent's 35 yard-line, except if team B scores during a team A possession. Each team retains the ball until it scores or fails to make a first down. The ball remains alive after a change of team possession until it is declared dead.
8.5. Scoring: The team scoring the greater number of points during an extra period shall be declared the winner. If the score is still tied after three extra periods having been played, any subsequent touchdown must be followed by a non-kicking conversion.
8.6. There shall be no team time-outs during overtime play.

9. SAFETY PRECAUTIONS AND RECOMMENDATIONS
9.1. It is expected that at least one member of the coaching staff of all high school football teams will attend a Football Saskatchewan seminar/workshop on equipment every year. This individual must inspect all high school football equipment prior to issuing of such equipment for the season or have a trained specialist inspect the equipment prior to the beginning of the season.
9.2. It is recommended that, at the time of equipment issue, a seminar for players, and possibly parents, be held to explain and stress the importance of proper fitting, safety, and maintenance. After such a seminar, each player should be personally supervised when equipment is properly fitted and issued.
9.3. It is imperative that no player is allowed on the playing field without a certified, approved, properly fitting helmet.
9.4. All high school football teams must have a medical plan in place before any games are played. This should include:

  9.4.2. A designated vehicle to be used for emergencies.
  9.4.3. Medical personnel in attendance (doctor, physiotherapist, nurse, or emergency-trained person).
  9.4.4. Emergency equipment supplies such as stretchers, etc.
9.5. Tinted visors are not allowed regardless of a medical note.

12.11. A field goal counts as 4 points.
12.12. Teams shall declare their intention to "on-side" kick prior to the kick attempt. ***An on-side kick must strike the ground or a player before travelling 20 yards and cannot travel more than 30 yards from the point of the kick, unless touched. The qualification process for wild card teams will be outlined on an annual basis in the football activity section of the SHSAA website. The draw will be made in such a way that no team would play off against a team from their own conference, in the quarter-final round. 3.3.1. Provincial tournaments will consist of ten teams in all categories. The ten finalists in each division will be decided in the following manner:

3.3.1.1. The host team.

3.3.1.2. In 1A-4A classifications comprised of only three regions, the top three teams from each of the three regional tournaments will advance to the provincial championship.

3.3.1.3. In 1A-4A classifications comprised of four regions, the top two teams from each of the four regional tournaments will advance to the provincial championship. In addition, the third-place team from the region of the previous year's gold medalist will advance to the provincial championship.

3.3.1.4. In the 5A classification, the provincial championship will consist of ten teams. Districts will be assigned to the North or the South only for purposes of determining the number of provincial championship berths. (North: CV, NC, ST, WC, BW, NW, NE; South: QV, SC, RG, EC, HC, SW, SE). 5A Provincial Championship hosts alternate South Boys and South Girls in even years and North Boys and North Girls in odd years. In the event the assigned District does not have a 5A team, the open bid will be granted to a team from the same list (North or South). If a bid is not received from that list, the Championship will be open province-wide. The 5A representatives will be selected from North Rural, South Rural, Saskatoon District, and Regina District. When the 5A championship is in the South, then South Rural has 3 representatives, Regina District has 3 representatives, North Rural has 2 representatives, and Saskatoon District has 2 representatives. When the 5A championship is in the North, then South Rural has 2 representatives, Regina District has 2 representatives, North Rural has 3 representatives, and Saskatoon District has 3 representatives.

3.3.3.1. The pool assignment will be as follows:
Pool A: #1, #3, #5, #7, #10
Pool B: #2, #4, #6, #8, #9

4. CONFERENCE AND REGIONAL TOURNAMENT PROCEDURES:

4.1. Each match (in both round-robin preliminary and medal round) will consist of the best two of three sets.

4.2. Warm-up Procedure:

4.2.1. The warm-up period will consist of the following for the entire tournament:
Five minutes general warm-up with both teams on the court.
Five minutes for Team A at the net.
Five minutes for Team B at the net.

Using the gym clock to time each segment of the warm-up is recommended.

4.3. Placing at the end of the round-robin will be determined as follows:

4.3.1. The first criterion is by matches won.

4.3.2. If two or more teams are tied at the end of the preliminary round, the following criteria will be applied, in order (VC rules):

4.3.2.1. The team having the best ratio of won/lost matches, considering matches between the tied teams, will be ranked higher;

4.3.2.2. The team having the best ratio of won/lost sets, considering matches played between the tied teams, will be ranked higher;

4.3.2.3. The team having the best ratio of won/lost sets, considering all matches of the round, will be ranked higher;

4.3.2.4. The team having the best ratio of points for/against, considering sets played between the tied teams will be ranked higher;

4.3.2.5. The team having the best ratio of points for/against, considering all sets played during the round, will be ranked higher;

4.3.2.6. As determined by the Organizing Committee (e.g. extra game, toss of coin, etc.)

When you apply this rule to break a tie you should follow this sequence:

4.3.3. When two teams are tied, the tie-breaking criteria are applied one after the other until the tie has been broken.

4.3.4. When three or more teams are tied, the tie-breaking criteria are applied one after the other until all the tied teams have been ranked.

4.3.4.1. This means that if there is a tie among teams X, Y and Z and criteria 4.3.2.2. is able to determine X as first, Y as second and Z as third, then no further criteria are to be used. The tie is broken. However, if criteria 4.3.2.2. determines X as first and there is still a tie between Y and Z, then the ranking of the remaining teams will be determined by proceeding to criteria 4.3.2.3. and so on, if necessary. Do not start at criteria 4.3.2.1. again. Continue through the sequence of criteria using the results of teams X, Y and Z for criteria 4.3.2.4.

4.3.5. When two or more adjacent courts are being used, the matches must begin simultaneously to avoid warm-up interference with a match in progress.

Coaches shall not conduct a skin check on a competitor from their school. Competitors that have been identified as potentially having a contagious skin ailment shall report to the on-site medical personnel for a final skin inspection.
   - 3.2. At the provincial wrestling event, coaches will conduct a visual inspection of all wrestlers: there shall be two to three coaches, including representatives from different advancing district competitions (Regina, Saskatoon, Saskatchewan), at each skin check station. Competitors that have been identified as potentially having a contagious skin ailment shall report to the on-site medical personnel for a final skin inspection.

   - 3.4. The decision of the on-site medical personnel will be final with regard to the athlete's participation in the event.

   6.2. The coach must remain seated in the appropriate corner at the edge of the mat during the bout except during the 30-second break between rounds. The coach may leave their seat on to the wrestling surface, when invited by the referee, to tend to an injured or bleeding athlete.

The head official will make a decision to either let the coach resume their duties or disallow the coach from their duties for the duration of the tournament. If a red card is issued a report must be filed by the official and the host school to the SHSAA office, regardless of the head official's decision whether to allow the coach to return, or not. This is a requirement set out in the SHSAA Policies anytime a coach is ejected from an interschool contest.

   6.8. If the coach is eliminated, the contest will be forfeited if there is not another approved coach or supervisor present to supervise the team (see SHSAA Bylaws, Coaches and Supervisors of the handbook).
   6.9. The yellow / red card system is for the behavioural control of the coaches during a specific match situation. It is not to be used for penalizing a coach for his athlete's behaviour, or for the behaviour of spectators in the stands. Extreme behaviour may result in the coach being removed from the tournament and may not necessitate a card being used.

6.10. The head official and the host school for any interschool contest shall file incident reports where an individual (coach, wrestler) is ejected. Reports MUST be filed with the SHSAA office and/or District commissioner and include information regarding the incident and the decision to eliminate the individual from the competition.

        16.5.2. There will be a designated area within the weigh-in room for coaches to assemble, an area where athletes could have access to their coach.
        16.5.3. Following the general weigh-ins by weight category an athlete may request to weigh-in on any scale being used in the weigh-ins.
    16.6. If a wrestler does not make weight, or does not show up for the meet, the wrestlers from that district who placed behind the forfeited wrestler will move up one placing. This means that there would be no fourth-place wrestler from that district.
    16.7. The use of plastic bags, saunas, or any form of artificial weight loss is strictly prohibited in SHSAA wrestling events. The penalty for non-compliance for athletes is immediate elimination from the tournament.

17. DRAW:
    17.1. The draw will consist of a double elimination bracket draw, in multiples of eight (8, 16, 32).
    17.2. The first and second finisher in each half of the draw will compete in a 1 versus 2 cross-over semi-final. The winners of the two semi-finals will wrestle for the gold medal. The two non-winners of the semi-finals will wrestle for the bronze medal.
        17.2.1. The following procedure will be followed to determine the cross-over pairings:
            17.2.1.1. The first semi-final will be A1 versus B2 and the second semi-final will be A2 versus B1.
            17.2.1.2. If either of the above pairings has taken place in preliminary rounds, then the draw master will re-draw the semi-final matches (A1 versus B1 and A2 versus B2).
            17.2.1.3. If this re-draw results in either of the semi-final opponents having faced each other, then the original pre-determined match-up (A1 versus B2 and A2

versus B1) will be used and the wrestlers will wrestle again in the semi-final.

17.3. It should be noted that rotation of the draw for the weight class designations will take place annually (see below). This should alleviate any perceived advantage in a pool for any district over a period of time.

17.4. The rotation will be as follows:

2027 - 41 kg Boys and 44 kg Girls - Pool #1
2028 - 44 kg Boys and 47 kg Girls - Pool #1
2029 - 47 kg Boys and 50 kg Girls - Pool #1

17.5. The rotation of the wrestlers from the districts (Saskatoon, Regina, Saskatchewan) shall be as follows:

Pool #1	**Top Half of Draw**	**Bottom Half of Draw**
	Saskatoon #1 – bye	Saskatchewan #1 – bye
	Regina #1 – bye	Draw for bye
	Saskatchewan #2/3	Regina #2/3
	Regina #4	Saskatoon #2/3
	Saskatoon #4	Saskatchewan #4
Pool #2	**Top Half of Draw**	**Bottom Half of Draw**
	Saskatchewan #1 – bye	Regina #1 – bye
	Saskatoon #1 – bye	Draw for bye
	Regina #2/3	Saskatoon #2/3
	Saskatoon #4	Saskatchewan #2/3
	Saskatchewan #4	Regina #4
Pool #3	**Top Half of Draw**	**Bottom Half of Draw**
	Regina #1 – bye	Saskatoon #1 – bye
	Saskatchewan #1 – bye	Draw for bye
	Saskatoon #2/3	Regina #2/3
	Regina #4	Saskatchewan #2/3
	Saskatchewan #4	Saskatoon #4

17.5.1. Wrestlers receiving byes should be placed so they would meet in the semi-finals. The rest of the wrestlers should be placed at random by a lot number in their respective halves of the draw.

17.5.2. The pairing master will be asked to even out the brackets to avoid unbalanced draws in weight classes without a full contingent by moving only the #3 and/or #4 wrestlers from whichever district team of the three (Saskatoon, Regina, or Rural) are in the bracket. (i.e. each pool shall have as close to the same number of competitors and each bracket shall have a number 1 wrestler).

17.5.3. ***When a district weight class has no entries, the pairing master may choose a rotation pool appropriate for the remaining competitors in that weight class.***

18. PROVINCIAL AWARDS:

There are six school team wrestling competitions, three for girls and three for boys. All individual and team awards will be presented upon completion of the final match.

18.1. Individual medals will be awarded to the top three finishers in each weight class.

18.1.1. A gold medal will be awarded to an athlete who is the only wrestler in a weight class.

18.2. School Points:

18.2.1. Points awarded on the basis of 10, 7, 5, 3, 2, 1 for the top six finishers in each weight class.

18.2.2. Points obtained by a wrestler are added to the school team totals (regardless of the number of wrestlers in the weight class or the number of wrestlers from a school in a weight class).

18.2.3. First Place – Keeper plaque to the school team champion in each classification.

Official team results will be posted on the SHSAA website.
