**MISSION STATEMENT:**

**We promote a FUN, introductory, competitive experience for all participants.**

Compete USA is designed to promote a positive competition experience at the grassroots level and increased skating participation while generating enthusiasm. Compete USA competitions incorporate skills from Learn to Skate USA and U.S. Figure Skating into a competitive format that can be easily and successfully conducted by registered Learn to Skate USA programs and U.S. Figure Skating member clubs or interclub.

The competition is open to any skater who is a current member of Learn to Skate USA or is a full member of U.S. Figure Skating. Non-members are eligible to register for competition but must be a registered Learn to Skate USA or U.S. Figure Skating member to compete. There should be no more than six competitors' maximum in a group, and all six should receive an award.

**ELIGIBILITY RULES FOR PARTICIPANTS**

The competition is open to ALL skaters who are current members of either Learn to Skate USA and/or those who are full members of U.S. Figure Skating. Members of other organizations are eligible to compete but must be a current registered member of Learn to Skate USA or a full member of U.S. Figure Skating. There will be no more than six competitors' maximum in an event, and all six should receive an award.

**Eligibility and Test Requirements:**

Eligibility will be based on skill level as of closing date of entries. All **Snowplow Sam and Basic 1-6** skaters must skate at highest level passed or one level higher, and NO official U.S. Figure Skating tests may have been passed, including moves in the field or individual dances.

For the **Aspire Levels (Pre-Free Skate, Free Skate 1-6), Excel and Well-Balanced** eligibility will be based only upon highest badge level or free

skate test level passed. Moves in the field test level will not determine a skater's competitive level. Skaters may skate at highest level passed OR one level higher but not both levels in the same event during the same competition.

It is very important to the success of the competition that skaters are placed in the correct divisions. If, for whatever reason, the local organizing committee (LOC) discovers that a skater has been placed in a category below his/her badge or test level, the chair and referee will have the option to move the skater into the proper level, even if it is the day of the competition. This will ensure that every event is as fair as possible to the competitors. It is an ethical violation for coaches to sandbag an event.

## PROGRAM REQUIREMENTS

Skaters must skate at least at the highest level passed by Friday, February 20, 2026, but may skate up one level but not both.
