Flutter Kick

Lay flat on back with your legs straight out. Raise your legs to 6 inches off the ground. Move right leg to 12 inches and then alternate right and left leg between 12 and 6 inches. Completing both right and left leg flutters count as 1 rep.

V Up

Lay on your stomach with your hands above your head straight-out. Move your hands into your chest and then push yourself up off the ground while keeping your hips, butt and back straight. Go back down to laying on your stomach with your hands above your head.

Sit Up

Lay on your back with your knees raised in an upward position. Place both hands behind your head next to ears and pull head up off the floor toward knees. Make sure to squeeze and isolate your abs rather than pulling your head/neck with your hands. Have your elbows touch your knees and then back down to the ground and repeat.

Crunch

Lay on your back with your knees bent and feet on the ground. Place both hands behind your head next to your ears or cross over your chest. Use your core to lift your shoulders and knees toward one another, forming a crunch position. Focus on squeezing and isolating your abs, while exhaling on the way up, and inhaling on the way down. To avoid straining your neck, you should not pull your head with your hands.

Mountain Climbers

Begin the exercise in a pushup position - hands and arms should be positioned slightly below your shoulders, fingers pointed forward. Both feet should be next to each other. From the pushup position, bring your right knee to your chest. Swiftly return to the push up position. Then repeat by bringing your left knee to your chest and return to the pushup position. This is one rep.

Straight Leg Situp

Start in a standing position with your feet shoulder-width apart. Bring one knee to a 90 degree angle off the ground. Bend down, with your foot on the ground and jump as high as you can. Make sure you use arms to propel yourself off the ground. Land softly and repeat.

Cone Passing - Level 2

Start by placing 3 cones in a horizontal line one foot apart. Position yourself behind the cones and start on the right side of the far right cone. You will need a partner for this activity. Your partner is on the other side of the cones with the soccer ball approximately two feet behind the cones. They are on their knees with the ball in hand. Your partner will roll the ball to your right foot and you will return it using the inside of your right foot. Then move to left side of the left cone, and your partner will roll the ball to left foot and you return it using the inside of your left foot. Go back to the outside right cone where began and your partner will roll the ball to you and return it with the inside of your right foot. Continue going back and forth and repeat right and left for time assigned. Make sure you use right foot on right side and left foot on left side. Lock your ankle and pass right back to your partner's hands. Your partner should roll faster as your footwork improves.

Cone Passing - Level 3

Start by placing 3 cones in a horizontal line one foot apart. Position yourself behind the cones and start on the right side of the far right cone. You will need a partner for this activity. Your partner is on the other side of the cones with the soccer ball approximately two feet behind the cones. They are on their knees with the ball in hand. Your partner will roll the ball to your right foot you will return it using the inside of your right foot. Then you move to inside of the right cone and middle cone. Your partner will roll the ball to your right foot and return with the inside of your right foot. Then you go back to the outside right cone where your partner rolls balls to you and you hit it back. 1, 2, 3. Now move to outside of left cone to start as 1. You will follow same pattern using left foot. Repeat right and left for time assigned. (Make sure you use right foot for 3 passes on right side and left foot for 3 passes on left side). Lock your ankle and pass right back to partners hands. Partner should roll faster as your footwork improves.

Start by placing 3 cones in a horizontal line one foot apart. Position yourself behind the cones and start on the right side of the far right cone. You will need a partner for this activity. Your partner is on the other side of the cones with the soccer ball approximately two feet behind the cones. They are on their knees with the ball in hand. Your partner will roll the ball to your right foot you will return it using the inside of your right foot. Then you move to inside of the right cone and middle cone, partner rolls ball to right foot and you hit it back. Then you go back to outside right cone where partner rolls balls to you and you hit it back. Now move to inside of left cone and middle using your right foot (we call this the cross over) and hit it back after you cross over you will cross back to the right in between right cone and middle cone and hit it back. 1, 2, 3, 4, 5 Now move to outside of left cone to start as 1. You will follow same pattern using left foot. Repeat right and left for the assigned time. Make sure you use right foot for 3 passes on right side and left foot for 3 passes on left side. Lock your ankle and pass right back to partner's hands. Your partner should roll faster as your footwork improves.

Cone Passing - Level 7

Start by placing 3 cones in a horizontal line one foot apart. Position yourself behind the cones and start on the right side of the far right cone. You will need a partner for this activity. Your partner is on the other side of the cones with the soccer ball approximately two feet behind the cones. They are on their knees with the ball in hand. Your partner will roll the ball to your right foot you will return it using the inside of your right foot. Then you move to inside of the right cone and middle cone, partner rolls ball to right foot and you hit it back. Then you go back to outside right cone where partner rolls balls to you and you hit it back. Now move to inside of left cone and middle using your right foot (we call this the cross over) and hit it back after you cross over you will cross back to the right in between right cone and middle cone and hit it back. Move to the outside of the left cone (still using the right foot) hit it back and finally end at the start on the outside of the right cone and hit it back. 1, 2, 3, 4, 5, 6, 7 Now move to outside of left cone to start as 1. You will follow same pattern using left foot. Repeat right and left for time assigned. Make sure you use right foot for 3 passes on right side and left foot for 3 passes on left side. Lock your ankle and pass right back to partner's hands. Your partner should roll faster as your footwork improves.

2 Feet on, 2 Feet off

Place both feet on the line while facing forward. Jump off the line and then back on the line as fast as you can up the line.

Both feet should be together and you will alternate sides of the line that you jump on.

2 Feet Across

Place two feet next to each other. Your left foot is closest to the line and pointed forward. Jump forward and horizontal across the line (now your right foot is closest to the line). Think of this as the “skiing” position. Continue until end of the line as fast as you can while increasing the speed of your footwork.

2 Forward, 2 Back

Face the line with both feet together. Jump over the line with both feet together and then back across the line while facing forward. You should move slightly to the side so that you can go to the end of the line. Come back to beginning and start on opposite side of the line to build both left and right hip strength and quickness.

2 Feet Jump Alternate

Face the line with right foot over line and left foot behind. Jump up and switch feet on each side of the line. Follow this while moving up the line. You will be jumping and switching your feet as fast as you can. Come back to beginning and start on opposite side of the line to build both left and right hip strength and quickness.

3 R, 3 L Toe Taps Forward

Place your right foot on left side of the line while facing forward. Hold your left knee in the air (foot off the ground). Hop 3 times using your right foot. Your foot is positioned next to the line. Then on the 3rd jump cross over the line and land on your left foot, and on the right side of the line. Continue with three taps on left foot with your right foot in the air. After 3 reps, cross back. Continue to the end of the line.

2 Right, 1 Left Taps

Place both feet on the right side of the line while facing forward. Move your left foot across the line and step up on right side of the line with your right foot. Bring your left foot back to the right side of the line and step both feet together. Then repeat all the way up the line.

3 L, 3 R Toe Taps Backward

Place your back to the line. Place your right foot closest to the line while facing backward. Hold your left knee in the air (foot off the ground). Hop 3 times using your right foot. Your right foot is positioned next to the line. Then on the 3rd jump cross over the line and land on your left foot on the other side of the line. Continue with three taps on left foot, and your right foot in the air. After 3, cross back. Continue to the end of the line.

2 Left, 1 Right Taps

Place both feet on the left side of the line while facing forward. Move your right foot across the line and step up on left side of the line with your left foot. Bring your right foot back to left side of the line and step both feet together. Then repeat all the way up the line.
