

Florida Region of USA Volleyball

From the Office of the Commissioner

Dear Valued Florida Region Member,

The Florida Region Board of Directors and I wish to take a moment to reinforce to you our commitment to the safety and well-being of our members during this difficult time. Our membership includes athletes, coaches, officials, promoters, tournament staff, and vendors and they are all important to us. You are the best members in the nation, and we are proud to serve you.

We are facing the unpleasant reality of cancelled events and club activities across the Region. Our wish is for you to know that decisions are being made by USA Volleyball and the Florida Region to protect your health and safety. This will always be our first priority!

The staff at the Florida Region office in Central Florida have been working closely with USA Volleyball in Colorado Springs to obtain immediate updates and information concerning all aspects of this national health emergency. We have also been monitoring local, state and national government authorities as they issue updates and announcements. This communication is very important to our mission and to protect the volleyball community as well as the general population of our communities. Please go to our region website to view current event updates and links with valuable information to assist you and your family: www.FloridaVolleyball.org.

Please know we will continue to take every precaution necessary to ensure the health and safety of our members as well as our communities. We will continue to monitor the situation and share important updates.

I believe as we stand together to protect and assist each other, and as we work together to defeat this virus, we will again show our great tenacity, dedication and generosity as the Florida Region Volleyball community and most importantly as Americans.

Thank you for being a loyal member and for your support during this difficult time.

Sincerely,

Mary F. Andrew

Mary Andrew, Commissioner/Board Chair
Florida Region of USA Volleyball, Inc.
