

2023 Senior Women's Saber Pan American Zonal Championships & 2023 Senior Women's Saber World Championships

POSTED: September 6, 2022. Previous selection announcements can be found [HERE](#)

SELECTION DATE: At the conclusion of the 2023 Division I National Championship or upon completion of the sixth Designated 2022-2023 Senior Women's Saber World Cup or Grand Prix, whichever event is last.

SELECTION: The top four athletes on the National Senior Team Point Standings will be selected as members of the Senior Pan American Zonal and World Championship Teams and will be eligible to compete in the individual competitions.

The National Coach may propose a replacement athlete within 10 business days after selection date solely for the team competitions. Should an illness or injury to one or more of the selected athletes occur after 10 business days following the selection date, this procedure can be initiated at any time thereafter.

The replacement fencer will become a member of the team for the team competitions in place of one of the four fencers selected for the individual events. The replacement fencer is not eligible for the individual competitions (unless one of the four fencers becomes ill or injured and the replacement fencer named to the team is also the first alternate for the individual competitions).

The National Coach must clearly demonstrate the ability of the proposed replacement athlete to perform at a high level, specifically in international senior team events. Evidence may include bout sheets from previous senior-level international competitions. Junior and Cadet results will not be considered for these purposes. Team event performance will be given more weight than individual senior results.

The proposed replacement must:

1. Be ranked in the top 8 of the National Senior Team Point Standings as of the selection date, **OR**
2. Have previously competed in the Olympic Games in a team or individual event, **OR**
3. Have previously competed in the Senior World Championships in a team event.

The replacement will be recommended by the National Coach and approved only with a majority vote of the panel composed of the following:

1. National Coach for the opposite gender in the same weapon (if conflicted, a National Coach from another weapon will serve)
2. USA Fencing Chief of Sport Performance
3. A non-conflicted retired Olympian from the same gender and weapon
4. Chair of the USA Fencing Athlete Council. If the Chair is currently competing in the weapon and gender of the proposed replacement, a non-conflicted member of the Athlete Council will replace them. The member will be chosen by a majority vote of the Athlete Council. An ex-officio member shall be eligible to serve.

5. A non-conflicted USA Fencing representative to the USOPC Athletes' Advisory Council. If this is not possible, a second member of the USA Fencing Athlete Council will be selected as described in number 4 above.

After approval of the replacement fencer, no further replacements shall be made for the team event, except in the case of injury or illness.

SUM OF GROUP I AND GROUP II

GROUP I = SUM OF THE TWO HIGHEST POINTS EARNED AT 1-3

1. NAC Division I: 10/1/2022 to selection date
2. 2023 Division I National Championship
3. Competitions specified in Group II below not included in Group I sum

GROUP 2 = SUM OF THE FOUR HIGHEST POINTS EARNED AT 4-5

4. Designated Senior World Cup and Grand Prix competitions: 10/1/2022 to selection date (MAXIMUM of TWO 33-64 results count in Group II)
5. 2022 Senior World Championships (Top 16 result, Weight Value = 2.0)

Notes

- If a Designated international event is canceled, rescheduled or if the location changes, the National Coach, Athlete Council weapon representative and Chief of Sport Performance will assess the circumstances regarding the event and make appropriate changes with reasonable notice to athletes.
- Should the weekend of the Division I National Championships conflict with a designated Senior World Cup or Grand Prix tournament, the Division I National Championships will have a minimum strength factor of .8 and a maximum of 1.1.
- The 2022 Division I July Challenge will count for rolling points only.
- Points awarded for 33-64 placements at Senior, Junior and Cadet domestic competitions will be considered for rolling points only.
- For any international designated event that does not meet the FIE criteria (see [FIE Organization rule o.4](#)) points will be calculated according to the strength factor formula and be considered in Group I, unless otherwise specified in selection criteria.
