

Club Champions Inc. Inclement Weather Policy

If there is inclement weather forecast or that presents during the tournament, decisions regarding delays, rescheduling, or cancellations will be made by the Club Champions in consultation with the athletic training staff, referee association, and facility managers. Decisions are made based on field playability and most importantly, player safety. Games may be delayed or rescheduled if the schedule allows within the original dates of the tournament. If it is not possible to play the games within the dates of the tournament, games will not be made up. Tournament staff is constantly monitoring the weather forecast and the weather during the event, and any weather-related changes will be communicated to team coaches and managers via GotSport.

Tournament insurance is available through GotSport's provider, Vertical Insure, and offered at registration until two weeks prior to the event. Claims and questions about this should be directed to Vertical Insure.
