# Live and work in places tourists only visit.

When you enlist for Europe, you're there to do a job first and frolic at the Oktoberfest second.

If you qualify, you can choose to learn a job in supply, missiles, aviation, infantry, artillery, armor, administration, maintenance, medical, or many other fields. And we'll guarantee it in writing before you enlist.

Once you get to Europe you'll earn a minimum of \$417 a month, before deductions.

Then, besides your normal time off, you'll get 30 days paid vacation a year. And that's plenty of time to see Europe.

## Join the people who've joined the Army.

The Army representatives at the offices listed below will be glad to tell you exactly how *it is* in today's Army. It costs nothing to find out. So why not do yourself a favor . . . stop in or call today.
