

PAHA Meeting Minutes
October 12, 2020
Virtual Meeting

Charlie called the meeting to order at 6:05.

Attendance: Charlie Licata, Trista Teuscher, Molly Kring-Knight, Justin Doran, Dave Cadarette

Charlie noted that he is eye-balling December 19th for a Mini and Mite Jamboree. We have ice booked with the rink already and it is a blacked out day for older teams for District play in games, so it works well.

Molly will contact Larry to schedule pictures for November. We will try to plan 2 nights that will hit all players, that fits into Larry's schedule also.

Charlie noted that Ann Murray reached out to partner with her for learn to skate lessons. Justin will reach out to Shaun and confirm our budget for IP is \$2,000. We will provide that to Ann to allow her to charge ½ price for learn to skate lessons as opposed to full price.

Charlie confirmed Dave had received a move up request form. Dave will complete and forward to other two appropriate coaches to complete their part.

Discussions surrounding practice and rink guidelines. Charlie is meeting with JulieAnne Imbleau to create practice plans for mini and mites. Charlie checking on blue pucks at the rink for mini and mites. Justin and Shaun will be on the ice for Squirt practice, with the 3rd coach being either Dave Cadarette or Brent Ward. Megan will order a dozen pucks and puck bags to travel with.

Treasurer Report:

Players with significant past due balances will not be able to start practicing if good faith efforts and plans have not been arranged and followed through on.

Fundraising:

Wreaths and Sponsorships have been shared and due dates are approaching. Allen will continue updating as needed.

COVID Update

Discussions surrounding COVID and the season starting, MAHA released return to play in mid October outlining expectations. These are PAHA main points in addition to MAHA guidelines.

-Use Sports Engine to record RSVP's for contact tracing.

- The Health Department would contact us in the event a player was positive for COVID. They would communicate with those affected through contact tracing.
- Communicate symptoms of COVID-19 to parents to monitor for their children
- MAHA "Dealing with Covid" communication will be posted on our website.
- Players bring and use their own water bottles.
- Follow rink guidelines for whichever rink you may be participating in. Managers will communicate the guidelines for the rink they are attending the week of to their team for informational purposes of what to expect.
- PAHA players will be expected to adhere to rink guidelines for whatever facility they are participating in.
- MAHA put out new return to play guidelines in Mid October to be shared as well.

Communication will be sent to association, coaches, and managers with expectations.

Charlie adjourned meeting at 7:30.
