About Us

Rick Fleming and Kurt Semandel started Wisconsin Cup Hockey League in 2008. It began because they were looking for a camp that provided valuable training to all players that developed the necessary skills and concepts to allow the players to think and perform at the highest level possible, with an emphasis on making it fun. It was their goal to provide an opportunity for young players to play out a childhood dream of winning and hoisting the Stanley Cup, or at least the Wisconsin Cup! Their combination of skills and 3 on 3 competition taught by outstanding coaches will provide young players the opportunity to become the best they can be. We are proud of the credentials and quality of our past and present coaches, and will continue to provide the best coaches around.
