Building Citizenship Through Activities Participation

FORWARD

The official handbook of the Arkansas Activities Association, hereafter referred to as the AAA, is compiled and distributed to all member schools of the state. It is for the specific use of all persons connected with the administration and supervision of the various activity programs in the member schools and for general use of parents, pupils, and fans who feel a need to understand the rules and regulations of the AAA. Handbooks may be downloaded from the web site or purchased upon request.

It is the desire of the AAA Board of Directors that this handbook containing the constitution and bylaws of the association and eligibility rules for the various activities be designed to clarify and interpret the numerous requirements and regulations pertaining to the administration of all interscholastic events.

In the rules that follow, the singular includes the plural and the plural includes the singular as the context requires or permits. Where appropriate, pronouns refer to either gender.

If there is a question concerning any part of this handbook, the executive director should be contacted for an explanation. If there is a question concerning the eligibility of a participant in any interscholastic activity, the executive director should be contacted in writing for an official interpretation of the rule in question.

NOTE: *The only official interpretations are written responses to written requests.*

The members of the Governing Body, the officers of the association, the executive director, and staff desire to promote educational and cultural standards of sportsmanship and effective citizenship among all participants in interscholastic activities. School activities programs should provide opportunities for all students to participate and compete in a variety of sports and activities at their own level of ability and interest.

Board of Directors Code of Ethics

“I hereby affirm that I, as a member of the Board of Directors of the Arkansas Activities Association, agree to uphold the rules and regulations of the Constitution and Bylaws of the Arkansas Activities Association.

“I also state that I believe that this organization should serve the interests of the students of the state as a whole and these interests should have precedence over the interest of students in a particular school or district. If the school of which I am an employee is involved in a dispute or an infraction of the rules and regulations of the Arkansas Activities Association, I will refrain from participation in the deliberations of the Board of Directors relative to the evaluation and actions pertaining to the accusation or dispute.

“Furthermore, I realize that my authority as a Board of Directors member is in effect only at those times the board is actually in session, and to divulge information pertaining to the actions of the board or its individual members is unethical; therefore, I will refrain from giving such information or giving interpretations of rules, regulations, and precedents and will refer all such questions to the Executive Director of the Arkansas Activities Association for proper answers.”

The members of the Governing Body and staff of the association desire to promote educational and cultural values among its 490 member schools. These schools are junior and senior high, both public and private. A positive attitude and appreciation for higher standards of sportsmanship and effective citizenship among all participants is a goal. Encouraging activity programs that will provide additional opportunities for all students to participate and compete in a variety of sports and activities is a mission.

Since 1912 when the AAA was organized as an athletic association, and since 1969 when the scope was broadened to include all activities, the association has expressed its commitment to promoting and encouraging other school activities beneficial to the development of students in addition to athletics. The AAA now conducts 108 state championships in twenty-three sports as well as providing cooperative assistance with the state events for numerous student activity organizations.

The AAA administers the eligibility records for over 100,000 students annually, helps organize and train over 3,000 game officials and serves as the administrative office for the Arkansas Officials Association, Arkansas High School Coaches Association, and the Arkansas High School Athletic Administrators Association. In addition, the association's special services include coordination and administration of a nationally-based coaches education program, the annual coaching clinic and All-Star games, the Sportsmanship Award selection process, and the Academic Champions program.

The AAA is dedicated to promoting school activities as a valuable part of a student's total educational program.

Unless the Executive Director receives a written objection and request for appeal within 10 working days of the mailing of said recommended order, the recommended order shall be final. If time is of the essence, a written objection and request for appeal may be required in fewer than the allotted 10 working days.
- F. If a school accepts in writing a suggested penalty after receiving the notice of alleged charges of violations, no further hearing shall be necessary.

 3. After the hearing the hearing officer shall render an expeditious written opinion as to whether the Executive Director, hearing subcommittee, or the Board of Directors followed the rules of the association and the law in making a determination about the alleged violation or other basis for appeal.
 4. In the event the appealing parties are dissatisfied with the decision of the subcommittee and hearing officer, an appeal to the Board of Directors may be had by serving a written notice of appeal to the Executive Director. Notice of the time and place of such a hearing shall follow the procedures established for the earlier appeals.
 5. A hearing subcommittee may stay the order of the Executive Director when acting instead of the Board of Directors, and such action shall be considered at the next meeting of the Board of Directors.
- I. If the appeal to the Board of Directors as a whole requires a special called meeting, the appealing party(ies) shall be required to make such arrangements as are satisfactory to the Executive Director to secure the payment of the costs of the appeal including travel expenses of the Board of Directors and the cost of taking and transcribing a record thereof to be paid by the appealing party(ies) in the event the appeal to the Board of Directors is not successful.

Suspension of such individuals shall not exceed the time prescribed for the probation or warning period.

C. **Suspension.** A school shall forfeit all games played or awards received during the period of violation. The school may not participate in a regular season schedule nor participate in any invitational, district, regional, or state events during the suspension period.

Calculations for the Competitive Equity Factor will take place after the

conclusion of each specific sport during the final year of the current cycle. Adjustments made in classification due to Competitive Equity Factor are effective for the 2 year cycle.

In determining the classification and alignment of a non-public school, the non-public school may petition to move to a higher classification than assigned. Non-public schools petitioning to move to a higher classification must petition each cycle. All sports will be included in the petition. Non-public schools petitioning to move to a higher classification may consider:

- Geographic factors
- Population density
- Competitive factors relating to the petitioning school

The petition must be filed with the Executive Director of the AAA in writing within 20 working days after the release of the new classification numbers.

Rule 3. CLASSIFICATIONS. Refer to each sport.

All classifications are a statewide organization not assigned to an activity district, but supervised directly by the AAA Board of Directors. Schools shall be assigned to the activity district compatible with each school's geographic location by county.

Point System for Baseball, Basketball, Football, Soccer, Softball, Volleyball

Nonpublic schools of 80 or more students grades 9-11 currently participate in one classification higher than the school's enrollment numbers indicate. The following point system would allow for all nonpublic schools in these specific sports to:

- A. Continue to participate in the classification the school currently participates in if they are **competitive** or
- B. Move down a classification if the school is **non-competitive** or
- C. Move up another classification if the school is **dominant**.

Points will be awarded for the 2 years previous to the classification cycle. Specific sports will only be awarded point for the highest point category achieved. For example, if a specific sport is a state finalist, the specific sport would earn 3 points total for that year. The school would not earn points for a winning record or playoff wins for that season.

Winning Conference Record – 1 point
State Playoff/Tournament Win – 2 points
State Finalist – 3 points
State Champion – 4 points

Placement

0 points – **Non-Competitive**

A. Specific sport moves down one classification from the current classification unless the adjustment would classify the specific sport in a classification below their actual enrollment numbers.

1-4 points – **Competitive**

A. Specific sport remains in classification currently assigned.

5+ points – **Dominant**

A. Specific sport moves up one classification from the classification currently assigned for the next cycle unless enrollment fluctuations require additional adjustments pursuant to Rule 2.

If a specific sport moves up in classification due to application of the Competitive Equity Factor, the specific sport may move down one classification at the completion of the 2 year cycle if the specific sport earns 0 points during the previous two years. No specific sport classification can be adjusted due to the Competitive Equity Factor more than one classification up or down per cycle.

Nonpublic schools cannot be moved to a classification below what their actual enrollment numbers indicate.

NOTE: *Competitive equity calculations will be applied to any nonpublic AAA member school that has previously declared for a specific sport. Competitive equity calculations will not be considered in classification placement for new nonpublic AAA member schools or for existing nonpublic AAA member schools who declare for a specific sport for the first time. Therefore, if they have 80 or more students in grades 9-11, they will participate one classification higher than their enrollment numbers. Two years of data from the two years previous to the classification cycle as a AAA member school in each specific sport is used to apply the competitive equity factor.*

Point system for Bowling, Cross Country, Golf, Spirit, Swimming and Diving, Tennis, Track and Field, Wrestling.

Nonpublic schools having 80 or more students in grades 9-11 shall move up one class when classifying schools. The following point system would allow for nonpublic schools in these specific sports to;

B. Move up another classification if the school is **dominant**.

Points will be awarded for the 2 years previous to the classification cycle.

State Runner Up - 3 Points

State Champion - 4 Points

Placement

4+ points - **Dominant** - Specific sport moves up one classification from the classification currently assigned for the next cycle unless enrollment fluctuations require additional adjustments pursuant to Rule 2.

If a specific sport moves up in classification due to the Competitive Equity Factor, the specific sport may move back down at the completion of the 2 year cycle if the specific sport earns 0 points during the previous two years.

Nonpublic schools cannot be moved to a classification below what their actual enrollment numbers indicate.

NOTE: *Competitive equity calculations will be applied to any nonpublic AAA member school that has previously declared for a specific sport. Competitive equity calculations will not be considered in classification placement for new nonpublic AAA member schools or for existing nonpublic AAA*

member schools who declare for a specific sport for the first time. Therefore, if they have 80 or more students in grades 9-11, they will participate one classification higher than their enrollment numbers. Two years of data from the two years previous to the classification cycle as a AAA member school in each specific sport is used to apply the competitive equity factor.

Rule 4. Schools whose enrollment is made up entirely of students selected on the basis of academic excellence shall participate with schools of the largest state classification in academic contests.

Rule 5. JUNIOR HIGH. Junior high schools shall be classified the same as their parent school except that schools not located within the principal population area (wing schools) may classify according to ADM of grades 7-9 instead of 10-12.

Rule 6. ISOLATED SCHOOLS. An isolated school may request to move up in classification to alleviate excessive travel. If allowed to move up, adjustments must be made to maintain classification numbers. An isolated school shall be defined as any school whose conference one way travel averages 200 miles or more.

Rule 7. CLASSIFICATION OF SCHOOLS. When two districts have been annexed and keep two high schools and one high school does not offer a particular sport and the two schools combine to participate in that sport, the schools must play at the higher classification of the two schools.

NOTE : *When schools consolidate, enrollment numbers from each school will be combined for classification purposes.*

A. In the event a conference has fewer than four schools declaring and participating in any sport, the Board of Directors of the AAA shall assign such schools to adjacent conferences for participation in meets, tournaments, play-offs, etc. The Board of Directors may assign schools from adjacent conferences to such a conference if approved by the school(s) being reassigned. Such assignments will be for one sport only, and the term shall coincide with the two-year classification cycle. In making these assignments, the committee shall attempt to keep the size of the conferences equalized and at the same time avoid excessive travel.

NOTE: *When such assignments are made, the schools participating shall be responsible for determining fees necessary for conducting the meet, purchasing awards, etc., and fees as agreed upon by the majority shall be paid to the director of the event before a school is eligible to compete in the activity.*

B. Classification groups, when approved by the AAA Board of Directors, may organize on a statewide basis for selected athletic activities, and such groups shall not be assigned to activity districts for administrative purposes in these sports, but shall be responsible directly to the AAA Board of Directors.

C. A member school shall be permitted to change from one conference to another if it does not exceed the limitation on numbers, upon consent of each of the conferences involved by a two-thirds majority vote. A school shall make a written request for the AAA to conduct such a ballot. This shall apply to all sports in which the school participates that are under the jurisdiction of the conference.

 - C. Each conference shall make regular financial reports, at least annually, to its member schools.

The conferences shall have the responsibility to set the date of the first game to be counted for the championship.

Rule 4. DETERMINING ROUND-ROBIN CHAMPIONS.

- A. Conferences may use round-robin scheduling for determining conference champions, certifying teams to state events, or seeding of tournaments on a percent basis of games won and lost if two-thirds of the conference schools approve.
- B. Any school failing to schedule a conference opponent or refusing to play a conference opponent during the regular season or in district tournament play without just cause shall forfeit the contest and shall not be eligible to compete for a championship in the sport. Any school refusing to play in a regional tournament without just cause shall forfeit the contest and will not be allowed to advance to the next round of championship play.

The AAA director may approve a substitute game with a school of equal or higher classification prior to the beginning of the season for a school that establishes just cause for failure to schedule.

- C. In the event a game that is a part of the conference round-robin schedule to be used for certification of teams or seeding of a tournament is unavoidably postponed and cannot be rescheduled before the date the schedule is to be completed, the placement of the teams who failed to play the required game(s) in the final order of standings shall be accomplished by two computations. First, the teams shall be placed in order on the basis of round-robin games actually played. Then each team shall be charged a loss of each game not played and the standings order adjusted accordingly. In the event the latter adjustment causes the team(s) involved to tie with another team(s) in the order, the procedure for breaking ties shall be applied to choose the team to receive the higher placement.
- D. Conferences may also use round robins to certify the winner to a state event and may require a tournament for certification of the other team(s).

A homeschooled student may begin participating in an interscholastic activity that is an athletic activity at a public school district other than his or her resident district if the homeschooled student is approved to participate by June 1 of the school year for which the homeschooled student will be enrolled in grades 7-10.
2. Provide the principal documentation that the student has demonstrated academic eligibility by obtaining: a minimum test score of the thirtieth percentile on The Stanford Achievement Test Series, Tenth Edition, or another nationally recognized norm-referenced test in the previous (12) months, or a minimum score on a test approved by the State Board of Education.
3. In order to be eligible to participate, the student must be enrolled in at least 1 period or zero hour activity within the first (11 days) of the fall or spring semester.
4. Meets the same requirements as enrolled students in regards to practice times, required drug testing, permission slips, waivers, physical exams, and participation fees.
5. Required to be at school only when participation in the interscholastic activity requires other students who participate in the interscholastic activity to be at school.
6. Be transported by the non-resident school district to and from interscholastic activities as the school district transports other students who are enrolled in the resident school district; and enrolled by the non-resident school district in a nonacademic class period that coincides with the interscholastic activity in which the homeschooled student participates in order for the non-resident school district to receive an amount equal to one-sixth (1/6) of the state foundation funding.
7. A homeschooled student shall not be eligible to participate in an interscholastic sports activity if he or she withdrew from a varsity interscholastic sports activity at a AAA member school district during the previous 365 days.

A change of domicile shall be made with the intent that it is permanent.

Two legal domiciles shall not be allowed for eligibility purposes under the complete and bona fide change of domicile rule.

A change of domicile for the purpose of creating interscholastic athletic eligibility shall not be considered a complete and bona fide change of domicile and the student shall be declared ineligible at all AAA schools for one (1) calendar year.

Under the domicile rule, when a complete and bona fide change of domicile is made, the student may remain at the AAA school he/she has been attending and shall retain his/her eligibility, if he/she has been in attendance at the school for at least one (1) calendar year and has not enrolled in another school during this time.

- H. **School Board Actions Recognized.**
1. When a public school district has a School of Innovation that does not offer an athletics program, the public school district board of education may assign a student to compete at a school within the district with a specific attendance zone. Magnet, specialty, or competitive entry schools do not apply because they do not have specific attendance zones.
 2. When a school's board of education discontinues a nonpublic school, a student meets the resident requirement in the district of his parent's domicile or at another private school in the area.
- I. **Providing Incorrect Domicile Information.** If a parent or guardian either knowingly or unknowingly provides incorrect information concerning a student's domicile, the association may declare the student ineligible for athletic competition with any AAA member school for a period of up to 365 days from the date of the action on ineligibility.

NOTE: If false domicile information is provided to the school, the school may not be required to forfeit games.

- J. **Transfers Involving Nonmember Schools.**
1. From Nonmember to AAA Member School.
 - a. A student attending a non-member school in Arkansas (including a home-schooled student) who returns to the public school district of his parents' domicile shall become eligible immediately after attending one day of classes.
 - b. A student meets the domicile requirement upon transferring to an Arkansas nonpublic member school if the student has attended one full year at the non-member school in Arkansas and if the transfer occurs by June 1 prior to entering grades 7-10.

K. Nonpublic School Student Participation at Resident Public School.

A nonpublic school student may participate in an interscholastic activity or athletic activity at the resident public school or open enrollment charter with a campus located within the resident school district school if the nonpublic school does not offer the interscholastic activity. for the public school to receive one-sixth (1/6) of the state foundation funding for the student's participation.

- A. The use of any ineligible participant/student in any interscholastic contest will result in one or more of the following actions based upon the facts and findings:
1. Forfeiture of the contest
 2. The specific sport during which the ineligible player was used will be placed on probation status for up to one (1) calendar year
 3. The ineligible participant/student may be suspended from further competition and any activity, as determined by the Executive Director
 4. The school may be fined up to \$500.00
- B. In determining the penalty concerning the use of an ineligible participant/student, the Executive Director may consider whether the participant/student had a significant impact on the game. What is a significant impact will vary with the sport and circumstances of the contest; however, such facts as follows will be among the items considered:
1. Amount of participation
 2. Whether the ineligible participant/student scored points or participated in other plays that had an impact on the winning or losing of the game.
 3. What the school could have or should have known
 4. Whether a school self reports

If the ineligible participant/student has provided the school false information upon which the student was certified to have been eligible, a penalty against the school may be set aside or modified. However, in the cases of transfer students, where legitimate errors or omissions in the official school transcript as received are proved, such player must be withdrawn from participation upon discovery of the error without penalty to the school.

Ineligible players may not dress out for interscholastic competitions.

Rule 5. RECRUITMENT.

NOTE: *The term administrator refers to superintendent, assistant superintendent, principal, or assistant principal.*

- A. Recruitment of students or attempted recruiting of students for athletic purposes, regardless of their residence, is a gross violation of the spirit and philosophy of the AAA By-Laws and is expressly prohibited.

- C. Recruiting for athletic purposes is not only a violation by the student who has been recruited, but is also a violation by the school and/or the school personnel who recruited the student. It is a violation to recruit for athletic purposes regardless of a student's age or grade level. If proof is established that a school has secured an athlete under any of the conditions set forth in this section, the superintendent shall be required to appear before the Executive Committee and the Executive Director to answer the allegations against his/her school and the student(s) may be ineligible to participate in athletics for one calendar year.
- D. If a student, parent, or any person regarding a student athlete transferring to a district contacts a coach or teacher, they must be referred to a school administrator immediately. A coach shall refrain from making any comments or gestures regarding a student athlete transferring to the district and participating in athletics.
- E. A coach may not contact or be contacted by a student or the student's parents prior to enrollment in the school. If a student is to attend a camp, clinic, or tryout or participate on a non-school team with a school or school coach other than his or her domicile school, the student must have written permission from the coach and administrator of both schools using the AAA's Athletic Release Form.
- F. It shall be a violation of this rule for a student-athlete to receive or be offered remuneration or special inducement of any kind that is not made available to all applicants who apply to or enroll in the school.
- G. A school that allows a student to participate who has transferred, moved or for any reason is attending

a new school where the student's non-school coach is a school coach is subject to action against the school through one of the following penalties: warning, probation, suspension, or expulsion.

- H. The penalties for illegal recruiting of students may be one or more of the following:
1. The school may be placed on probation in the sport(s) in which the violation occurred.
 2. The school may be fined not to exceed \$1,000 and billed for the cost of any investigation related to the violation.
 3. The school may be required to forfeit any contest(s) in which the student participated after the violation as determined by the executive director.
 4. A student found to be recruited in violation of this rule may be ineligible to participate in athletics for up to one calendar year (365 days).
 5. A coach or other licensed school personnel may be subject to a complaint for a violation of the Code of Ethics for Arkansas Educators.
 6. Other penalties may be imposed on the school to a degree in keeping with the severity of the violation.

 4. Offer or acceptance of employment or assistance in securing employment or contractual arrangement of any kind for which compensation may be paid for the parents/guardian in order to entice the parents/guardian to move to a certain community. It makes no difference who makes the offer. The school is guilty because it plans to use the student to build a stronger team
 5. Offer or acceptance of a residence
 6. Offer or acceptance of free or reduced rent for parents' or student's housing, vehicles or other
 7. Offer or acceptance of cash or like items, such as credit cards, debit cards, gift cards, gift certificates or coupons

- J. Other inducements or attempts to encourage a prospective student to attend a school for the purpose of participating in athletics, even when special remuneration/inducement is not given, shall be a violation. It shall be a violation for a school to offer and/or grant special favors, privileges or inducements of any kind including payment of fees to a student-athlete(s) under any circumstances not offered and/or granted to a non-student-athlete(s) who attends the school.
- K. The following individuals shall be considered school-connected:

1. Visiting or entertaining the student or any of his/her relatives in an attempt to pressure, urge, or entice the student to attend the school to participate in interscholastic athletics.
 2. Sending, or arranging for anyone else to send, any form of written or electronic communication to the student or any of his/her relatives, in an attempt to pressure, urge, or entice the student to attend the school to participate in interscholastic athletics.
 3. Suggesting or going along with any effort by any person, whether a school employee or other representative of the school's athletic interests, or any other person such as an alumnus of the school, a coach or other person affiliated with a non-school athletic program (e.g., AAU team, club team, travel team, recreational league team, etc.) a coach or recruiter for a collegiate athletic team, or a scout for a professional team, to pressure, urge, or entice the student to attend the school to participate in interscholastic athletics, or to direct or place the student at the school for the purpose of participating in interscholastic athletics.

The student or his/her relatives instead should be immediately referred to the principal.
 6. Providing transportation to the student or any of his/her relatives to visit the school, to take an entrance examination for the school, to participate in an athletic tryout at the school, or to meet with a school employee, athletic department staff member or other representative of the school's athletic interests as part of an effort to pressure, urge to facilitate the student's attendance at that school to participate in interscholastic athletics.
 7. A coach may not contact or be contacted by a student or the student's parents prior to enrollment in the school.
 8. School-connected individuals shall refrain from statements to prospective student athletes such as, "we would like to have you play for us", "you would look good in our uniform", "you could make a difference for our team," etc. These types of statements are not normal or appropriate and could be considered recruitment.
 9. Any prospective student or parent/guardian who visits an AAA member school may only meet with the school's administration or guidance counselor. Athletic directors and coaches, paid or voluntary, may not conduct tours of school facilities.

NOTE: *This rule attempts to provide a thorough explanation of the AAA recruiting rule. While there are many explanations involved, this rule does not cover every conceivable example of recruiting .*

Rationale - *Recruiting an athlete is a serious offense as it creates an unfair advantage.*

- M. **Tuition and Financial Aid Procedures.** If tuition is charged, it must be paid by parent, legal guardian, or other family member. If a parent, guardian, or other family member secures a loan for payment of tuition, it must remain an obligation of the parents, guardian, or other family member to repay the

principal and interest in full with no exceptions. Financial aid will be allowed under the following conditions:

1. Financial aid may only be awarded on the basis of need. Proof of need must be filed in the AAA office on forms approved by the Executive Director. In order to determine the basis for need, all schools awarding financial aid shall use one of the following agencies: Financial Aid Independent Review (FAIR); Community Brands (acquired Tuition Aid Data Services [TADS] & School and Student Services [SSS]); FAST (ISM); FACTS Grant in Aid Agency; and Clarity. The use of any unapproved agency is a violation of Rule 5, Recruitment and is subject to the penalties under Rule 5.
2. Any loan program, grant program, educational foundation, scholarship, or similar program that is established and/or administered, in whole or in part, by a school or official of a school is considered financial aid.
3. Schools shall remove any student from athletic eligibility whose accounts with the school are 60 days overdue.

All records pertaining to financial aid or tuition assistance shall be open to the AAA upon its request. Each school shall be responsible for securing necessary authorization to allow the AAA to review or audit such records.

- N. In addition, nonpublic member schools providing financial assistance programs for athletes shall present to the Executive Director of the AAA by October 1 of each year the following documents: Financial Aid For Non-public School Athletes and Financial Aid Form Supplemental List. Nonpublic member schools must also submit to the AAA a Student-Athlete Financial Aid Report Form for fall sports by December 7 of each year and a Student-Athlete Financial Aid Report Form for winter and spring sports by May 8 of each year.

Rule 6. BONA FIDE STUDENT.

- A. A student participating in interscholastic activities must be a bona fide student of the school; a bona fide student is one who has not graduated from a high school nor received a GED or equivalency of a high school diploma and who is enrolled in and regularly attending at least four academic courses in the school. These courses shall be from those identified in the DESE Standards of Accreditation. If a student is enrolled in the school through an online program, the student must attend at least one period a day at the school.
- B. Concurrent college courses may be used to meet the bona fide student rule.
- C. A local school may make an exception for a student in the last semester of the senior year provided the student is enrolled in and attending regularly at least one academic course and is meeting all requirements for graduation.
- D. The Arkansas Activities Association in cooperation with the DESE makes an exception to the bona fide student rule for students in the Arkansas School for Math, Science and Arts.

Because the ASMSA is a DESE accredited school, is a boarding school located in the Hot Springs School District, and is a member of the Arkansas Activities Association, students from ASMSA may participate at Hot Springs High School in those sports or activities not offered by the Arkansas School for Math, Science and Arts.

Rule 7. DROPOUTS. A student dropping out of or leaving school, suspended with no credit, or expelled from school at any time during a semester must re-establish eligibility by returning to an Arkansas Activities Association member school and meeting the scholarship requirements for one full semester.

If, however, the last semester attended was completed, eligibility shall be based on that semester.

NOTE: *One full semester is considered to be either the fall or spring semester.*

NOTE 2: *If an expelled student accepts the school's offer to enroll in digital learning or alternative educational courses while expelled, the student remains ineligible to participate in activities throughout the duration of the expulsion. Furthermore, the student may regain eligibility upon satisfying the scholastic requirements through digital learning or alternative educational courses during the expulsion.*

Rule 8. SEMESTERS.

- A. **Junior High.** A student has six semesters of opportunity for eligibility. A student repeating either the seventh or eighth grade for any reason shall not have the opportunity for eligibility during the complete year that is repeated.

- B. **Senior High.** A student is limited to eight consecutive semesters of opportunity for eligibility beginning with the student's first enrollment in the ninth grade (or earlier as defined in Rule 9. Age, Note).

NOTE 1: *A ninth grade student may compete for the junior high or for the senior high in the same member school district with separate campuses with permission from the involved principals. (Refer to Bylaws, Art. II, Section 7, Rule 1 - Classification of Students.)*

1. If a ninth grade student competes for the junior high, the student may then compete at the senior high level after the completion of that junior high sport season. A ninth grade student may not compete for the senior high and return later to compete for the junior high in the same sport.
2. Semesters are applied toward the limitations regardless of the following:
 - a. if the school doesn't offer a sport; or
 - b. if the student doesn't participate, or
 - c. if the student isn't eligible; or
 - d. if the student's earlier enrollment was in a different school system.

NOTE: *The fifth and sixth semesters (normally the 9th grade) are applied toward both the junior and senior high limitations. This is due to the rule allowing the school's administration to permit a 9th grade student to participate at either level. (Refer to Bylaws, Art. II, Section 7, Rule 1 - Classification of Students).*

3. A 7th or 8th grade student who is ineligible for junior high athletics due only to the age or semester rule may be eligible to participate in senior high. (Refer to Bylaws, Art. II, Section 7, Rule 1 - Classification of Students.)
4. A student is limited to a total of 12 semesters of opportunity for eligibility upon entering the seventh grade. The final eight semesters shall be consecutive.

Rule 9. AGE.

- A. **Junior High.** A junior high student is not eligible for junior high competition if the student's 16th birthday is on or before August 1.

NOTE: *In the year a student in junior high school becomes too old for junior high participation, the student may be allowed to participate for the senior high if all other eligibility rules are met.*

- B. **Senior High.** A senior high student is not eligible for interscholastic participation if the student's 19th birthday is on or before August 1.

Rationale - *The age rule and the semester rule are both attempts to equalize competition among athletes in AAA member schools as well as to encourage athletes to graduate with their class.*

Rule 10. AMATEURISM.

- A. The AAA endorses the general principle of amateur athletics that prompts an individual to participate in activities solely for the pleasure and physical, mental or social benefits derived from the activity.
- B. A student that violates the amateur rule in any AAA Sponsored Sport may lose eligibility in that sport for up to 365 days.
- C. **Violations.** A student may not:
 1. Compete under an assumed name.
 2. Directly or indirectly accept monetary awards or compensation other than the actual or reasonable cost of necessary meals, lodging or transportation in connection with participation.

Rule 11. TRYOUTS – TEAM SPORTS.

- A. A student may not play with a college or a professional team without losing eligibility for up to one year in the sport played.
- B. A tryout consists of a sport specific demonstration in front of college or professional scouts. This does not include the playing of games where scouts are present. This would include placing students in front of college coaches or professional scouts to perform drills specific to that sport, independent of the playing of a game. A tryout may be conducted for athletes to be selected for a non-school team. This includes all sports. Try-outs held in connection with camps or clinics may be conducted only as permitted by the Athletic Camps rule (Bylaws, Article II, Section 8, Rule 11).

- B. **Senior High.** The requirement for senior high (10-12) eligibility shall include:
 - Passing four academic courses; and

- b. If a student's GPA drops below 2.0 at the end of any semester, the student must immediately enroll in and attend the SIP at the beginning of the next concurrent semester. If a student fails to enroll in the SIP at this time, the student must attain a 2.0 GPA to regain eligibility.
 - c. In the first semester of SIP the student must meet the stated requirement (2.0) at the end of that semester in order to become fully eligible again OR meet the requirement to remain in the SIP one additional semester.
 - d. To maintain eligibility under the Supplemental Instruction Program and be eligible to continue for a second semester, the student must show improvement of at least one tenth of one point in his/her GPA after the first semester of participation in the supplemental program. To continue to participate following the second semester in the SIP, the student must have reached the 2.0 GPA as well as passing four academic courses.
 - e. Maximum participation in the SIP is two consecutive semesters. If the student does not achieve a 2.0 GPA within this period, the student will remain ineligible until a 2.0 GPA is achieved. A student who has been in SIP and regained eligibility by achieving a 2.0 GPA would be eligible to enter the SIP again later if passing four courses but not earning a 2.0 GPA.
2. **Loss of Opportunity for Athletic Participation.**
- a. During participation in the SIP, the student must have no unexcused absences for the current semester or its equivalent from the SIP or regular classes.

3. **Limitation.** A student is restricted to a maximum of two consecutive semesters in the SIP any time a student's GPA falls below a 2.0 for the previous semester.
4. **Academic Course Defined.** An academic course is one for which class time is scheduled, which can be credited to meet minimum requirements for graduation, which is taught by a teacher required to have state certification in the course, and which has a course content guide approved by the DESE.

NOTE: Each semester, P.E./Athletics in grades 9-12 can be used to satisfy AAA eligibility with passing the four academic courses and maintaining a 2.0 GPA.

1. A student who is a member of a school's athletic team and who has engaged in interscholastic competition may not try out for, practice with, or otherwise participate with, or be a member of a non-school athletic team in the same sport, in season, without losing eligibility for up to a full year (365 days) from the date of such participation with the non-school team.
2. This limitation shall apply to the team sports of football, basketball, volleyball, baseball, and softball. However, a member of an interscholastic baseball or softball team may try out for or practice with a non-school team on days when the school team does not practice or play. This exception for baseball and softball shall not apply in weeks the school team is involved in AAA sponsored championship tournaments.
3. A student who is (1) a member of a school soccer team and (2) who has played in an interscholastic competition may participate with a non-school soccer team during the season except on days when the school team plays a game.
4. Participation on a non-school athletic team in the same sport in season shall define in season as the AAA established beginning date until the end of the state tournament in that sport for students in grades 10-12 and students in grade 9 who have participated interscholastically with the senior varsity team in the sports of football, volleyball, and basketball.
5. Students in grades 7-8 and students in grade 9 who have not participated interscholastically on a senior varsity team shall have the end of season defined as when their school's team is finished in each sport.
6. A member of an interscholastic spirit team may not compete on a non-school team during the interscholastic spirit season.

B. Non-School Teams.

1. During the school year, a school coach may not coach his or her school team in any out-of-season games.
2. Players from school teams may play in out-of-season leagues or games outside the season, but may not be school sponsored in anyway. These non-school teams may not use school equipment or uniforms. School transportation and facilities may only be used in accordance with school board policies as they relate to any other non-school groups using facilities or transportation.
3. A school team is defined as a team composed solely of players from one member school within a district or attendance zone, in the case of multiple junior or senior high schools within a district.
4. The definition of a non-school team includes one or more of the following:
 - a. A team affiliated with and scheduled for participation in an organized league.
 - b. A team participating against a team that meets criterion (1.) above.

2. In an Olympic development program, which is defined as a training program or competition:
 - a. Conducted or sponsored by the United States Olympic Committee (USOC); or
 - b. Directly funded and conducted by the USOC member national governing body (NGB) on a national level (e.g. NGB national championship competition and the direct qualifications for such); or

the NGB as having potential for future participation in regional, national or international competition in the sport involved;

4. Provided in 1, 2, and 3 above:

- b. The student makes prior arrangement to complete missed academic lessons, assignments, and tests before the last day of classes of the credit grading period in which that student's absence occurs; and
- c. The student misses no AAA-sponsored athletic event involving a team in that sport.

NOTE: *With proper documentation a waiver can be obtained.*

Rationale – *The purpose of this rule is to prevent students from being adversely affected by conflicts in coaching philosophies during the school season and to prevent the health and well being of athletes from being negatively affected by over-participation.*

B. Participation in Individual Non-School Activities.

1. A student who is a member of a school's athletic program as a participant in a sport and who has engaged in interscholastic competition in that sport may enter non-school competition as an individual during or outside of the school season for that sport. These individual sports include: cross country, track, tennis, golf, swimming, wrestling, and bowling.
2. If a participant is school-sponsored, the activity must be sanctioned under Article II, Section 8, Rule 6, Sanction (Approval) of Events.

Rationale - *Athletes may participate on an individual basis without harm to a team since they compete by themselves. This provides opportunities for individuals to participate in a normally limited season. The health and safety of students and student athletes fall directly under school care.*

Rule 16. PHYSICAL EXAMINATION. In any year that a student engages in interscholastic competition, the student shall be required to present to the coach verification of a physical examination prior to beginning practice.

NOTE 1: *A yearly physical shall reasonably be expected to be within 12-15 months using the approved AAA physical form. .*

NOTE 2: *Starting July 2024, marching band students will be required to present verification of a physical examination. Marching band programs will also have to abide by the approved WBGT guidelines.*

Rationale - *The coaches and school administration must be assured that the athletes are physically fit prior to beginning practice as well as competition. The health and safety of students and student athletes fall directly under school care.*

Rule 17. HARDSHIP EXCEPTIONS FOR ELIGIBILITY. Upon petition from a student's school administrator, the Executive Director is authorized to waive the requirements of all eligibility rules except the age rule if the school develops acceptable proof based on the stated criteria for a hardship waiver. Documentation and correspondence must be through the voting representative of the school.

A. Domicile Exceptions.

1. After an investigation, a court of law has removed the student from the parents or guardians and subsequently assigned the student a place of domicile.
2. The student is an orphan or there is no record of the parent's whereabouts.
3. The student's parents are out-of-state residents and the student is attending school in a school district where the parents maintain a legal domicile (military, etc.).
4. The student's parent(s) have abrogated their responsibility toward the student as parents.
5. The student's parent's employment requires absence from home great portions of the time the student is at home, and the parent has arranged domicile with relatives or friends for the purpose of supervision.
6. The student is married and living with a spouse, has a parent with domicile in the school district or a spouse who had an established domicile in the district one year prior to the marriage.
7. A student who has lived three continuous years at any time as a bona fide member of a family may establish the family heads as substitute parents with respect to the domicile rule.
8. An extreme and unusual circumstance exists that is no fault of the student or the parents.
(Examples of conditions that warrant an extreme or unusual circumstance: extreme medical or

psychiatric conditions; sexual abuse or assault; or physical abuse or assault - must have supporting documentation from doctors and/or law enforcement)

NOTE 1: *The Executive Director is authorized to specify limitations or contingency conditions as needed when giving approvals, to ensure that such student shall not be induced to another school district or played under the pretense of being eligible should the eligibility status change.*

NOTE 2: *The petition shall not be authorized if the director obtains reliable information that the student is transferring to the petitioning school primarily for athletic purposes or as a result of inducement or recruitment.*

NOTE 3: *If a AAA member school drops a declared varsity team sport in which they participated in during the previous year, the domicile requirement may be waived and the students may become eligible to participate in the same varsity team sport at the nearest AAA member public school of the parent's domicile the offers the sport provided the student meets all other eligibility requirements. The student must attend and stay enrolled in all academic courses at their current assigned school. Due to the Same Sport Same Season rule, this exception does not apply if a member school drops a varsity team sport during the sport season. If the student's current assigned school resumes the sport the following year, the student must return to their current assigned school to participate.*

B. Exception To Other Eligibility Requirements.

1. **School Attendance Prevented.** There has been an extreme and unusual circumstance that is no fault of the student, the parent, or the school that has prevented school attendance sufficient to cause that student to be in violation of the dropout rule or the scholarship rule or the semester rule.
2. **Non-Recommended Courses.** The student has been identified as being in need of special education or other special programs of study as authorized by the DESE regulation but is subsequently required by the school to participate in non-recommended courses.

SIP Rules Presentation must be completed by the school SIP director. Failure to do so will result in a \$50.00 fine. If a school fails to comply the following year, the school shall also be issued a warning in that sport or activity which may require forfeiture of events during that school year.
- C. Consideration may be given for violations caused by extenuating circumstances upon receipt of a written request from the school's administration.

SECTION 4. SPORTS MEDICINE

Rule 1. CONCUSSION GUIDELINES.

- A. Every coach and registered volunteer must receive training on concussions once every three years per Arkansas Law.
- B. Every student athlete and parent/guardian must read and sign a "Concussion Fact Sheet for Athletes and Parents." (These forms should be kept annually for each sport)
- C. A youth athlete who is suspected of sustaining a concussion or who has had an injury in a game, an activity, or a practice for a game shall be removed from the game, activity, or practice at that time per A.C.A. § 6-18-710.
- D. A youth athlete who has been removed under this subdivision (d)(4) shall not return to play until the athlete is evaluated by a licensed healthcare provider (Neuropsychologist, MD, DO, Advanced Practice Registered Nurse, Certified Athletic Trainer, Physical Therapist, Physician Assistant, or Chiropractor) trained in the evaluation and management of concussions and receives written clearance to return to play from that healthcare provider. (Neuropsychologist, MD, DO, Advanced Practice Registered Nurse, Certified Athletic Trainer, Physical Therapist, Physician Assistant, or Chiropractor) per A.C.A. § 6-18-710.
- E. Any student athlete that has been clinically diagnosed by a QHP with a concussion must then be medically cleared prior to beginning the Graduated Return to Play Protocol (GRTP).
- F. The 5 step (Day) GRTP protocol for delayed return to play:
 1. Student athlete must exhibit a resolution of concussion symptoms back to or near pre-injury baseline levels for a minimum of "**24 hours**" prior to the student athlete being cleared by their QHP to initiate and proceed through the GRTP
 2. If school is in session: the student athlete that has been diagnosed with a concussion **MUST** attend a **FULL DAY** of school (within the normal school year) without symptoms or classroom modifications prior to that athlete beginning the GRTP (student athletes that are only attending a partial day or currently have classroom modifications in place due to their concussion are not eligible to begin GRTP)
 3. If school is not in session: (Summer, Fall, Winter, Spring Breaks, AMI or a regularly scheduled non-school day) the GRTP may be administered by the direction of the QHP overseeing the student athlete's healthcare
 4. There should be at least 24 hours between each step of the GRTP
 5. If any symptoms significantly increase during these activities, stop the workout immediately
 6. The student athlete should then rest until symptoms return back to or near pre-injury baseline levels for 24 hours then return to the previously completed stage of the GRTP

7. If symptoms persist or worsen, seek medical attention by referring the student athlete back to the QHP that is overseeing their healthcare
8. Once the student athlete has successfully completed the 5-day GRTP they are eligible to return to full participation on Day 6. **(not eligible to return to play on the 5th day of the protocol)**
9. In the absence of a QHP a designated school employee may administer the GRTP under the AAA Guidelines set forth by this document and following the direction of the QHP in charge of the student athlete's healthcare
10. The GRTP paperwork must be fully completed, signed, dated by the individual that completes the step wise protocol.
11. **THE ARKANSAS ACTIVITIES ASSOCIATION SPORTS MEDICINE ADVISORY COMMITTEE RECOMMENDS THAT THE SCHOOL THEN KEEPS THE MEDICAL RELEASE FORMS FOR A MINIMUM OF 3 YEARS FOR DOCUMENTATION.**

Rule 2. SUDDEN CARDIAC GUIDELINES.

- A. Per Arkansas Code 6-10-122 - Every coach and registered volunteer must receive training on prevention of sudden cardiac death every three years.
- B. Every athlete and parent must read and sign "Cardiac Screening for Athletes and Parents" Information Sheet (contained in Sports Medicine Fact Sheet).
- C. Per Arkansas Code 6-10-122(a) - Every school sponsored sporting event for grades 7-12 shall have an automated external defibrillator (AED) available at all times.
- D. Any athlete experiencing syncope (fainting), chest pains, shortness of breath that is out of proportion to their level of activity or an irregular heart rate should not return to practice or play until evaluated by an appropriated healthcare professional (MD, DO, PN, Certified Athletic Trainer).
- E. The referred athlete must be medically cleared by an appropriated healthcare professional prior to return to play/practice.

Rule 3. EMERGENCY ACTION PLAN AND PROCEDURES FOR HOT WEATHER PRACTICE.

In accordance with Arkansas Act 1214 of 2011, each member school must develop an emergency action plan for each individual athletic venue and procedures for practices/games. The emergency action plans shall be reviewed and rehearsed annually by all parties involved each year with the athletic staff and local EMS provider/first responders. The emergency action plans for practice/games shall be completed by August 1st or six weeks prior to the beginning of their season. (Communicate Emergency Action Plan information with appropriate personnel.) Arkansas Code 6-18-708 - Venue specific for emergency action plans.

Rule 4. REQUIRED SPORTS MEDICINE TRAINING. Every three years all coaches of member schools are required to receive training on concussion, heat illness, and communicable disease (sudden cardiac required by 2019-2020 school year).

Rule 5. SPORTS MEDICINE FACT SHEET. Parents and students must read and sign the Sports Medicine Fact Sheet each year.

Rule 6. PRE-SEASON HEAT ILLNESS MEETING. Football teams must have an annual parent meeting concerning heat illness.

Rule 7. REQUIRED GUIDELINES FOR USE OF WET BULB GLOBE THERMOMETER. In 2019 the Arkansas Activities Association approved the Wet Bulb Globe Thermometer (WBGT) as the measurement device for measuring acceptable heat/humidity levels for practices. The WBGT device is a measurement tool that uses ambient temperature, relative humidity, wind and solar radiation from the sun to get a measure that can be used to monitor environmental conditions during exercise.

The American College of Sports Medicine has approved the following WBGT guidelines that dictate modifications in activity (work:rest ratios, hydration breaks, equipment worn, length of practice) at given WBGT temperatures to prevent Exertional Heat Stroke. The table below is to be used when the WBGT reaches an unsafe level. The table represents modified guidelines from the American College of Sports

Medicine in regard to:

1. The scheduling of practices at appropriate WBGT levels

2. The ratio of workout time to time allotted for rest and hydration at various WBGT levels
3. The WBGT levels at which activities should be terminated

WBGT UNDER 82.0	Normal activities. Provide separate rest breaks each hour of practice. Breaks should equal 10 minutes per hour.
WBGT 82.0 - 86.9	Use discretion for intense or prolonged exercise; watch at-risk players carefully; Provide at least three separate rest breaks each hour for a minimum of 4 minutes in duration for each.
WBGT 87.0 - 89.9	Maximum length of participation within this range is 2 hours. <u>Football</u> : players restricted to helmet, shoulder pads, and shorts during practice, protective equipment must be removed for conditioning activities. <u>All Sports</u> : there must be 20 minutes of rest breaks distributed throughout the hour of participation.
WBGT 90.0 - 92.0	Maximum length of participation with this range is 1 hour. <u>Football</u> : no protective equipment may be worn. no conditioning activities. <u>All Sports</u> : there must be 30 minutes of rest breaks distributed throughout the hour of participation.
WBGT OVER 92	No outdoor workouts. Delay practice until a cooler WBGT level is reached.

A scientifically-approved instrument that measures the Wet Bulb Globe Temperature (WBGT) should be utilized at each practice when the temperature is greater than 80 degrees Fahrenheit. The instrument should be set up 30 minutes prior to practice and should be read 15 minutes prior to the start of practice. WBGT readings should be taken every 30 minutes during practice. Follow the manufacturer's recommendation for recalibration.

Practices are defined as: the time period that a participant engages in a coach-supervised, school approved sport or conditioning-related activity. Practices are timed from when players report to the practice/workout area until the players leave the area. If a practice is interrupted for a weather related reason, the “clock” on the practice will stop and will begin again when the practice resumes.

Conditioning activities include things as weight training, wind-sprints, timed runs for distance, etc., and may be a part of the practice time. A walk-through is not a part of the practice and may last no longer than one hour. Walk-through activities may not include conditioning activities or contact drills. No protective equipment may be worn during a walk-through, and no full-speed drills may be held.

Rest breaks may not be combined with any other type of activity and players must be given unlimited access to hydration. Breaks must be held in a “cool zone” where players are out of direct sunlight. Cool zones must be set up for all practices. This may include cold tubs, misting fans, and other cooling devices. Onsite cooling using cold water immersion before transport to the hospital.

For regularly scheduled competitions; use appropriate EAP for high temperatures and humidity, consider altering start time, ensure athletes are properly hydrated and acclimatized, and provide extra time outs for rest and hydration.

NOTE: Starting July 2024, marching band students will be required to present verification of a physical examination. Marching band programs will also have to abide by the approved WBGT guidelines.

Rationale - The coaches and school administration must be assured that the athletes are physically fit prior to beginning practice as well as competition. The health and safety of students and student athletes fall directly under school care.

Rule 8. REQUIRED LIGHTNING GUIDELINES. Proactive Planning -

1. Assign staff to monitor local weather conditions before and during practices and contests.
2. Develop an evacuation plan, including identification of appropriate nearby safer areas and determine the amount of time needed to get everyone to a designated safe area:
 - a. A designated safer place is a substantial building with plumbing and wiring where people live or work, such as a school, gymnasium or library. An alternate safer place from the threat of lightning is a fully enclosed (not convertible or soft top) metal car or school bus.

Develop criteria for suspension and resumption of play -

1. When thunder is heard or lightning is seen*, the leading edge of the thunderstorm is close enough to strike your location with lightning. Suspend play for at least 30 minutes and vacate the outdoor activity to the previously designated safer location immediately.
2. 30-minute rule. Once play has been suspended, wait at least 30 minutes after the last thunder is heard or lightning is witnessed* prior to resuming play.
3. Any subsequent thunder or lightning* after the beginning of the 30-minute count will reset the clock and another 30-minute count should begin.
4. When independently validated lightning-detection devices or mobile phone apps are available, this technology could be used to assist in making a decision to suspend play if a lightning strike is noted to be within 10 miles of the event location. However, you should never depend on the reliability of these devices and, thus, hearing thunder or seeing lightning* should always take precedence over information from a mobile app or lightning-detection device. * – At night, under certain atmospheric conditions, lightning flashes may be seen from distant storms. In these cases, it may be safe to continue an event. If no thunder can be heard and the flashes are low on the horizon, the storm may not pose a threat. Independently verified lightning detection information would help eliminate any uncertainty.

Review the lightning safety policy annually with all administrators, coaches and game personnel and train all personnel. Inform student-athletes and their parents of the lightning policy at the start of the season.

Lightning Apps (ex.) - Lightning Pro, Lightning Tracker, Lightning Alarm, WeatherBug, NOAA Live Weather Radar, Storm Tracker

Rule 9. PHYSICAL EXAMINATION. In any year that a student engages in interscholastic competition, the student shall be required to present to the coach verification of a physical examination prior to beginning practice.

NOTE 1: *A yearly physical shall reasonably be expected to be within 12-15 months using the approved AAA physical form.*

NOTE 2: *Starting July 2024, marching band students will be required to present verification of a physical examination. Marching band programs will also have to abide by the approved WBGT guidelines.*

Rationale - *The coaches and school administration must be assured that the athletes are physically fit prior to beginning practice as well as competition. The health and safety of students and student athletes fall directly under school care.*

BASEBALL

SECTION 5. BASEBALL

Rule 1. CLASSIFICATION AND CONFERENCES.

A. **Classification.** Classification of schools for baseball shall be as follows:

Rule 2. WEBSITE REQUIREMENTS.

- A. **Online Rules Presentation.** Rules presentation must be viewed on DragonFly by the head coach no later than February 28th. If not completed by the deadline date, a fine of \$50 will be imposed.
- B. **Team Roster.** High school team roster must be posted on DragonFly by February 28. If not posted by the deadline date, a fine of \$50 will be imposed.
- C. **Reporting Schedule.** High school team schedules are required to be entered annually on DragonFly no later than February 1. If the schedules are not entered and complete by this date, a fine of \$50 will be imposed on the offending school. Such fine must be paid by the beginning of the sport season.
- D. **Reporting Game Scores.** All scores for baseball must be entered on ScoreBook Live within 12 hours of the completion of each contest. A fine of \$50 will be imposed if the scores are not entered by the deadline.
- E. **Pitch Count.** All results must be entered on ScoreBook Live no later than noon of the day following completion of a contest. A fine of \$50 will be imposed if the pitch count is not entered by the deadline.

The pitch count rule is based on the number of pitches thrown to a batter during an at bat. Warm-up pitches allowed before the game, between innings or those allowed by an umpire, due to injury or during a game delay, do not count toward the pitch max. A pitcher will be allowed to finish pitching to a batter if the maximum limit is met during an at-bat, but must be replaced after the hitter or substitute has completed his/her at bat.

Each team is required to count pitches and the host school is required to provide a pitch recorder, separate from the person counting pitches for the team. The recorders will compare the pitch count at the conclusion of each inning. This will take place at a location within the confines of the field as determined by the host/ or umpire. If the counts are not the same, the predominant count will be considered as official. If the three counts do not match, the count indicated by the pitch count recorder will be considered official.

It is not the responsibility of game officials (umpires) to enforce the pitching rule. Schools must report violations to the AAA office within 24 hours after completion of the contest. Violations of the pitch count rule are considered in the same manner as a school using an ineligible player.

PITCHES PER- DAY WITH REQUIRED REST

- 1. If a pitcher throws 1-30 pitches in a day, no rest is required between games.
- 2. If a pitcher throws 31-60 pitches in a day, one (1) calendar days rest is required between games.
- 3. If a pitcher throws 61-85 pitches in a day, two (2) calendar days rest is required between games.
- 4. If a pitcher throws 86 or more pitches in a day, three (3) calendar days rest is required between games.

Rest days are counted for the full day regardless of appearance start time. (ex. Pitcher throws 86 pitches on Friday. Rest days are Sat, Sun, Mon. He/she is eligible to pitch Tuesday).

PITCH COUNT RESULTS ARE REQUIRED TO BE ENTERED ONTO SCOREBOOK LIVE NO LATER THAN NOON OF THE DAY FOLLOWING COMPLETION OF A CONTEST. FAILURE TO DO SO WILL RESULT IN A \$50 FINE. IT IS THE RESPONSIBILITY OF THE HOST SCHOOL OR TOURNAMENT DIRECTOR TO COMPLETE THE PITCH COUNT FORM AND KEEP ON FILE FOR THE DURATION OF THE BASEBALL SEASON.

A PITCHER MAY NOT THROW MORE THAN 110 PITCHES ON ANY ONE DAY FOR VARSITY OR 85 PITCHES FOR JUNIOR VARSITY GAMES. IF A PLAYER PARTICIPATES IN BOTH VARSITY AND JUNIOR VARSITY THE 110 MAX PITCH COUNT WILL BE USED.

IT IS STRONGLY RECOMMENDED THAT ONCE A PITCHER IS REMOVED, CONSIDERATION BE GIVEN TO WHAT POSITION HE/SHE IS ASSIGNED ONCE HE/SHE IS DONE PITCHING.

NOTE: If a game in progress is delayed or suspended, by circumstances beyond administrative control, such as darkness, inclement weather, extra innings, etc... to a different calendar day, the pitch count for all pitchers who have pitched in that game will pick up where it was interrupted and continue throughout the remainder of that game. All other pitching rules will apply.

Example: If a pitcher throws 40 pitches in a game that started on Friday and that game is delayed or suspended to a different calendar day, he could resume that game with pitch number 41.

Rule 3. LIMITATIONS. A student who is a member of a school's team may not try out for, practice with, or otherwise participate with a non-school team during the school's season, except he/she may try out for or practice with a non-school team on days when the school team does not practice or play.

- E. If four or more teams were tied, the margin of victory in all conference games would be used, with a maximum of five runs per game. Head-to-head competition would decide the two teams with the most runs. If these teams had split victories, margin of victory between the two teams, with a maximum of five runs per game. If the two teams remain tied, the team with the most total runs would receive the place for the first team (if both tied with the same number of runs, a coin toss would be used to decide the first team). NOTE: *The AAA Board of Directors shall be responsible for the organization and administration of tournaments, meets, etc. and is authorized to formulate policies and procedures not otherwise provided for in conducting the sport including finances.*

Rule 5. VOLLEYBALL TIEBREAKING PROCEDURE. The breaking of ties that occur in the order of standings when round robin schedules determine the placement at the next level of competition shall be resolved by use of the AAA-adopted tiebreaker.

- A. **2-way tie.** When conference records are tied, the higher seed shall be determined by the first of the tiebreakers in which one team prevails.
 - 1. Head-to-head (2 matches) When team A or B has defeated the other in both conference matches, that team shall be the higher seed. (Note: If the tied teams have only played each other once, the winner of that match shall be the higher seed.)
 - 2. Head-to-head (2 matches - split)
 - a. Match #1 – A defeated B
 - b. Match #2 – B defeated A
 - c. Teams are still tied.
 - 3. Set count
 - a. A defeated B: 3-1
 - b. B defeated A: 3-2
 - c. A shall be the higher seed because A won in fewer sets.
 - 4. Point Differentials
 - a. In A's total sets, the point differentials are +5, +3, +2 and -2 = 8 points
 - b. In B's total sets, the point differentials are +2, +7, +4 and -2 = 11 points
 - c. B would be the higher seed because the margin of victory is greater.
 - 5. If the tie is not broken by any of the above steps, the tie shall be resolved with a play-off match (3/5-high school, 2/3-junior high) between the two teams.
 - 6. If both tied teams mutually agree not to play a play-off match, the tie shall be resolved by a coin toss administered by the Executive Director of the Arkansas Activities Association or his designee.
- B. **3-way tie.**
 - 1. Head-to-Head - Perfect Triangle
 - a. Teams A, B, and C have identical conference records and are tied for seeding to the state tournament.
 - b. If one team has lost to another tied team twice, that team is eliminated. In a perfect triangle each team has split with the other two, thus all are still tied for the highest conference seed.

2. Head-to-Head - Set Record with No Ties
 - a. Ranking is determined by which team won in fewer sets.
 - b. Sample:
 - (1) Match A-B: B wins in fewer sets.
 - (2) Match B-C: C wins in fewer sets.
 - (3) Match A-C: C wins in fewer sets.
 - c. Results:
 - (1) C is the #1 seed.
 - (2) B is the #2 seed
 - (3) A is the #3 seed.
3. Head-to-Head - Set Record with a Tie
 - a. Sample:
 - (1) Match A-B: A wins in fewer sets.
 - (2) Match A-C: Set count is tied
 - (3) Match B-C: C wins in fewer sets
 - b. Results:
 - (1) A and C are still tied for higher seed.
 - (2) B is eliminated from higher seed by set record against A and C
 - (3) B is the #3 seed.
 - (4) The margin of victory must be determined between A and C.
4. Determine Point Differentials between A and C Using Set Scores
 - a. C had the greater point differentials
 - b. C is the higher seed
 - c. A is the next higher seed
 - d. As determined in Ex. B-3, B is the third higher seed
5. If the tie is not broken by any of the above steps, the tied teams shall resolve the tie with a play-off match (3/5-high school, 2/3-junior high) between the tied teams.
6. If a three-way tie is not broken by the steps above, the teams shall draw for the number 1,2, and 3 that shall identify each team to begin the play-off, with 1 playing 2 and 3 playing the winner. The winner of the final match will be the highest conference seed with the opponent being the 2nd highest seeded team. The loser of the first play-off match shall be the 3rd highest seed for tournament position(s) available.
7. If the tied teams mutually agree not to play a play-off match, the tie will be resolved by a coin toss administered by the Executive Director of the Arkansas Activities Association or his designee in the same manner as the play-off procedure.

NOTE: *The same procedure shall be applied in the same manner if four teams are tied. After drawing numbers, 1 would play 4 and 2 would play 3, after which winners would play one another for the first seeded position. The loser of this match will be the second seeded position. If more than two teams are to advance to the state tournament, further elimination play would be conducted for third and fourth seeded positions.*

RE: Criteria for Changing Domiciles

The following is a suggested list of items that **may be used** to determine if parents have changed domiciles.

If the parents HAVE:

- 1) Sold their previous home
- 2) Leased or rented their previous home to a non-member of the family on a long term basis
- 3) Registered to vote in the new district
- 4) Assessed property in the new district
- 5) All records changed to the new address
- 6) Insurance covering property at the new address
- 7) Utilities including a telephone in their name at the new address
- 8) Registered automobiles and/or boats at new address
- 9) Changed their driver's license to the new address
- 10) Stopped mail delivery at the previous address
- 11) Turned off all utilities and have no furniture in the previous home
- 12) Completely severed their relationship to the previous home
- 13) Changed their church affiliation (in a new town)

The following is a suggested list of items that may indicate the parents ***have not*** made a change of domiciles.

If the parents HAVE NOT:

- 1) Sold their previous home
- 2) Leased or rented their previous home to a non-family member on a long-term basis
- 3) Changed their mailing address
- 4) Turned off their utilities or changed the name on the billing at the previous home
- 5) Insured their new address or personal property at the new address
- 6) Had a phone installed in their name at the new address
- 7) Changed their voting precinct
- 8) Changed their address on licenses
- 9) Completely severed their relationship to the previous home

NOTE: These suggested criteria are not intended to be the only means of making a determination as to a change in domiciles.

NOTE: The Arkansas individual Income Tax Booklet defines Domicile in this way "This is the place you intend to have as your permanent home, the place you intend to return to whenever you are away. You can have only one domicile".

APPLICATION FOR HARDSHIP EXCEPTIONS

Hardships shall not be retroactive. Documentation and correspondence must be through the voting representative of the school.

Rule 17. HARDSHIP EXCEPTIONS FOR ELIGIBILITY. Upon petition from a student's school administrator, the Executive Director is authorized to waive the requirements of all eligibility rules except the age rule if the school develops acceptable proof based on the stated criteria for a hardship waiver. Hardships must be applied for and approved by the Executive Director before a student participates in interscholastic competition. Hardships shall not be retroactive. Documentation and correspondence must be through the voting representative of the school.

A. Domicile Exceptions.

1. After an investigation, a court of law has removed the student from the parents or guardians and subsequently assigned the student a place of domicile.
2. The student is an orphan or there is no record of the parent's whereabouts.
3. The student's parents are out-of-state residents and the student is attending school in a school district where the parents maintain a legal domicile (military, etc.).
4. The student's parent(s) have abrogated their responsibility toward the student as parents.
5. The student's parent's employment requires absence from home great portions of the time the student is at home, and the parent has arranged domicile with relatives or friends for the purpose of supervision.
6. The student is married and living with a spouse, has a parent with domicile in the school district or a spouse who had an established domicile in the district one year prior to the marriage.
7. A student who has lived three continuous years at any time as a bona fide member of a family may establish the family heads as substitute parents with respect to the domicile rule.
8. An extreme and unusual circumstance exists that is no fault of the student or the parents. (Examples of conditions that warrant an extreme or unusual circumstance: extreme medical or psychiatric conditions; sexual abuse or assault; or physical abuse or assault - must have supporting documentation from doctors and/or law enforcement)

NOTE 1: *The Executive Director is authorized to specify limitations or contingency conditions as needed when giving approvals, to ensure that such student shall not be induced to another school district or played under the pretense of being eligible should the eligibility status change.*

NOTE 2: *The petition shall not be authorized if the director obtains reliable information that the student is transferring to the petitioning school primarily for athletic purposes or as a result of inducement or recruitment.*

NOTE 3: *If a AAA member school drops a declared varsity team sport in which they participated in during the previous year, the domicile requirement may be waived and the students may become eligible to participate in the same varsity team sport at the nearest AAA member public school of the parent's domicile that offers the sport provided the student meets all other eligibility requirements. The student must attend and stay enrolled in all academic courses at their current assigned school. Due to the Same Sport Same Season rule, this exception does not apply if a member school drops a varsity team sport during the sport season. If the student's current assigned school resumes the sport the following year, the student must return to their current assigned school to participate.*

B. Exception To Other Eligibility Requirements.

1. **School Attendance Prevented.** There has been an extreme and unusual circumstance that is no fault of the student, the parent, or the school that has prevented school attendance sufficient to cause that student to be in violation of the dropout rule or the scholarship rule or the semester rule.
2. **Non-Recommended Courses.** The student has been identified as being in need of special education or other special programs of study as authorized by the DESE regulation but is subsequently required by the school to participate in non-recommended courses.

An Athletic Release Form must be completed prior to a student attending or participating in a camp, clinic, private or group instruction/training, or on a non-school team that is organized, led, or coached by any person affiliated with a AAA member school other than the school in which the student is currently enrolled. The Head Coach of each school team is responsible for ensuring every coach, registered volunteer or anyone who assists in any capacity with the coaching or training of the school team completes this form prior to working with any student who is not enrolled in your school or feeder school. Failure to complete this form prior to working with a student who is not enrolled in your school or feeder school may result in the school being placed on warning, probation or suspension and/or fined up to \$200.

I understand that by participating in coaching at the camp/combine, any student who participates in the camp or combine would be ineligible to immediately participate upon transferring to the school in which I am affiliated.

I also understand that coaches from other schools are participating in coaching at the camp/combine and that students who attend my school would be ineligible to immediately participate upon transferring to the school in which that school's coach participated in the camp/combine.

Arkansas Activities Association Sports Medicine Fact Sheet for Parents and Students

This document has been created by the Arkansas Activities Association Sports Medicine Advisory Committee. The committee's mission is to ensure Arkansas Activities Association member schools provide sound and consistent medical information to enhance the safety of their athletic programs. The AAA Sports Medicine Committee is committed to offering information and guidance to member schools on topics which impact the welfare of all those involved in interscholastic competition. The topics included in this fact sheet are: Exertional Heat Stroke, Communicable Diseases, Concussion, and Sudden Cardiac Arrest. The following pages contain important sports medicine information for parents and students. Please read the information and sign to acknowledge that you have received and reviewed the information.

Exertional Heat Stroke Facts

WHAT IS EXERTIONAL HEAT STROKE

Heat stroke is a life threatening condition that occurs when the body's temperature regulation system is overwhelmed during physical activity in hot weather. It is characterized by a core body temperature of 104 degrees Fahrenheit (40 degrees Celsius) and central nervous system dysfunction.

WHAT ARE THE SIGNS AND SYMPTOMS OF HEAT STROKE

- Increase in core body temperature, usually above 104°F/40°C (rectal temperature)
- Altered mental status
- Coma
- Seizures
- Sweating
- Nausea, vomiting, diarrhea
- Headache, dizziness or weakness
- Increased heart rate, decreased blood pressure or fast breathing
- Dehydration
- Combativeness

TREATMENT

Locate medical personnel immediately. Remove extra clothing or equipment. Begin aggressively whole-body cooling by immersing in a tub of cold water. If a tub is not available, use alternative cooling methods such as cold-water fans, ice or cold towels (replaced frequently), placed over as much of the body as possible. Call emergency medical services. Delay transport to nearest emergency medical facility until core temperature is below 102 degrees Fahrenheit. Continue aggressive body cooling while being transported.

WHEN SHOULD I PLAY AGAIN?

No one who has suffered heat stroke should be allowed to return until appropriate healthcare personnel approves and gives specific return to play instructions. Parents should work with medical professionals to rule out or treat any other conditions or illnesses that may cause continued problems with heat stroke. Return to physical activity should be done slowly, under the supervision of appropriate healthcare professionals.

Arkansas Activities Association COMMUNICABLE DISEASE FACTS

WHAT IS COMMUNICABLE DISEASE

A communicable disease, also known as an infectious disease or transmissible disease, is an illness or infection that can be spread from person to another through direct or indirect contact.

Transmission Routes:

- Direct contact with and infected person (touch, bodily fluids)
- Airborne transmission (coughing, sneezing)
- Contact with contaminated surfaces or objects (towels, razors, shared equipment)
- Skin abrasions, cuts, open wounds, insect bites.
- Consumption of shared food or drink.

Examples of Communicable Diseases:

- Viral Infections: influenza, measles, COVID, chickenpox, herpes, staph infections (MRSA)
- Bacterial Infections: pneumonia, strep throat, pertussis
- Fungal Infections: ringworm, athlete's foot

WHAT ARE THE SIGNS AND SYMPTOMS MRSA

Most staph skin infections, including MRSA, appear as a bump or infected area on the skin that may be:

Red	Swollen
Painful	Warm to the touch
Full of pus or other drainage	Accompanied by fever.

WHAT IF I SUSPECT A COMMUNICABLE DISEASE

It is important to see your healthcare professional quickly to identify the issue and start proper medical treatment. It is especially important to limit the spread of the communicable disease to other individuals.

HOW ARE MRSA SKIN INFECTIONS TREATED

Treatment may include having a healthcare professional drain the infection and, in some cases, prescribe an antibiotic. Do not attempt to drain the infection yourself— doing so could worsen or spread it to others. If you are given an antibiotic, be sure to take all of the doses (even if the infection is getting better), unless your healthcare professional tells you to stop taking it.

HOW CAN I PROTECT MY FAMILY AND OTHERS FROM COMMUNICABLE DISEASES

Know the signs and symptoms	Get treated early
Keep cuts and scrapes clean	Encourage good hygiene
Wash hands regularly	Discourage sharing personal items such as towels/razors.

- Release from medical professional required for return (Neuropsychologist, MD, DO, Nurse Practitioner, Certified Athletic Trainer, Physician Assistant, PT, or chiropractor)
- Follow school district’s return to play guidelines and protocol

RETURN TO LEARN GUIDELINES

The REAP Concussion Management Program is a resource for schools, families, and medical professionals to help students that have been diagnosed with a concussion return to school and learning. Reap is based on the latest research and guidelines. It includes a manual that can help coordinate care of the student as they return back into the classroom setting while the brain continues to heal.

A. **General**

1. The Arkansas Activities Association defines sportsmanship as those qualities of behavior which are characterized by generosity and genuine concern for others.
