

Panther POSTSCRIPTS

PUBLISHED BY THE BURLINGAME HIGH SCHOOL ALUMNI ASSOCIATION

SPRING/SUMMER 2006

Principal's Letter Matt Biggar

We are pleased to be in the final semester of our 4-year modernization project. Given that this is also my fourth year at Burlingame High School, I am truly looking forward to campus life beyond construction. That being said, Kitchell Construction Management has done an excellent job keeping our project on track and minimizing disruptions to our students and staff. The renovations to the Main Building will be completed this spring, and the building will be ready for students and staff for the start of next school year. We will soon be scheduling a ceremony for the grand reopening of our Main Building in the early Fall.

Our decision to pilot the seven period day this year has provided our students with many new options including a number of new elective and academic support courses. On March 9th, our district's school board approved funding for a seven period day at all schools starting next year. We are in the fortunate position of having piloted the seven period day

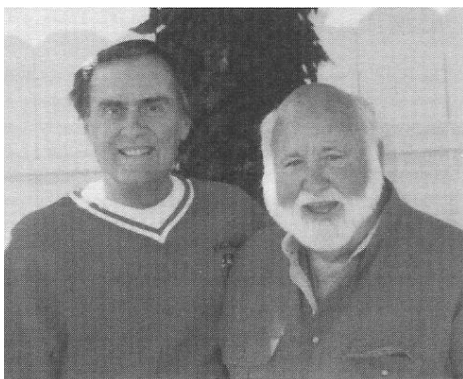

this year and will be building on our year of experience.

International Week in March was a great success. We celebrated the diversity of our student body through a student speaker panel, an international music game show, a fashion show, a food faire, a thought provoking guest speaker and even our very own BHS world cup soccer tournament. Thanks to our teachers, Alicia Gorgani, Steve Mills, David Kimura and our wonderful student leaders in Human Relations Commission, Leadership/ASB and Student Impact Team who planned such a great week.

We successfully completed our school self-study process with positive and constructive feedback from the accreditation committee that visited our school in early March. The committee visited all of our classrooms and met with staff, parents, students and community members in a variety of meetings during their four-day visit. The committee will submit their report to the commission that oversees accreditation in the western region of our country. The commission will make the final determination of the length of our next accreditation term, which we will then share widely with our school community.

In closing, I would like to share with you the list of school wide strengths that the accreditation committee shared with us at the conclusion of their visit.

- BHS has a highly dedicated and professional instructional and support staff
 - The staff's sense of commitment to improve the school's instructional and support programs on behalf of students
 - The numerous stakeholder groups of Burlingame High School for presenting an honest, open self-study and engaging in open dialogue with the visiting committee
 - The commitment of the BHS students to academic and athletic excellence and to the overall BHS community
 - The staff and students are focused on instructional excellence, despite the ongoing major renovations of the physical plant
 - The unwavering and substantial parental support of all BHS programs
 - The school's leadership structure is clearly delineated and includes a variety of stakeholders
 - San Mateo Union High School District's establishment and support of the seven-period day.
- Our visiting committee recognized what is clearly evident everyday at our school; we have excellent and dedicated staff, students and parents. They also reminded us that any effective school must continue to seek improvement and that we are doing just that. In their critical areas for follow up for our school, they validated our newly established school goals and requested that we further integrate the development of a positive school climate for all students and the work of our teaching teams into our action plan to meet our school goals.
- Part of what makes BHS such a great school community is the support of our alumni. In fact, many of our existing students have parents, grandparents and even a few great grandparents who attended BHS. Our active Alumni Association is a wonderful aspect of our school support network. Thank you alumni for your continued interest in the success of Burlingame High School.

**BHS Alumni Association
Co-President Carl Kuhe (l)
Co-President Mike McQueen(r)**

Even though Burlingame High School is a public school, it has the aura of a private school with a faculty second to none, an athletic program that excels and parents who desire the best for their children.

Again this February, the merchants, restaurants and parents group put on their annual "Taste of the Town" event. This year over \$100,000 was raised for school needs. Each semester the teachers and parents meet to determine where the funds are needed most. It may be for newer computers, projectors, tools, videotapes and even comic books to aid particular students. The dollar amount requested usually exceeds \$100,000, but the Burlingame High School Parents Group (BHSPG) along with other contributing associations come close to meeting requests.

Mark Your Calendar

This coming November your Alumni Association is planning two events. The first will be the fourth annual BHS Alumni/Faculty luncheon (Burlingame Bash) on November 4, 2006 at the Elks Club in San Mateo. This is a good time to get your class together. Last year the class of 1948 had two tables.

The second event will be the Athletic Hall of Fame Award Ceremony and breakfast. After the ceremony the inductees will be introduced at the "Little-Big" game. A section of the bleachers will be reserved for alumni, the inductees, their families and friends.

This edition begins a new era for the Postscripts. **Judy Falk Chiasson '59** has volunteered to be your new editor. We thank Angie Dunbar for all the time and energy she put into this publication. So, "Happy Trails to You", Angie.

Howard Stern Class of 1932 Remembered

Don Rones '34 sent an article about **Howard Stern** '32 that was clipped from a 1942 newspaper. The headline reads: "Gen. Marshall Lauds S.M. Boy as Air Hero". The article continues: "First Lieut. Howard L. Stern, 26-year old San Mateo flying officer who was killed in action October 11 in the Southwest Pacific, died a hero's death in a battle with Japanese planes over Guadalcanal, during which he brought down at least one enemy craft. An eyewitness account of Lieut. Stern's gallant action was given

to a friend of the family by a fellow flyer in Honolulu. Lieut. Stern was one of several American flyers who took off from Henderson Field on Guadalcanal to intercept a formation of Japanese bombers intent on bombing the American Solomons stronghold the day of October 11. In the ensuing battle Lieut. Stern was credited with shooting down a Nipponese bomber, and possibly a Zero fighter. One of the Japanese fighters escorting the bombers then got on the tail of Lieut. Stern's fighter and set it afire. Stern, flying at low altitude, bailed out. He was not high enough for the parachute to break his fall, however, and the American pilot was killed when he struck the water. A crash boat put out from Guadalcanal Island and recovered his body. He was buried in a soldier's grave on Guadalcanal. Lieut. Stern had been in the Southwest Pacific area for nine months previous to his last action. His name was included in the war department's official casualty list of 145 United States soldiers and officers who were killed in action or died of wounds. He was a former San Mateo Junior College and Burlingame High School star athlete, and was a member of the army air force officers' reserve when called to active duty." (Note: Howard Stern was inducted into the BHS Athletic Hall of Fame on May 25, 2002. While at BHS, he was an all-around athlete, president of the Block "B" Society and earned a total of 12 Block B's. He starred in basketball, tennis, golf, track and baseball.)

BHS Alumni Scholarship

Our 2005 BHS Alumni Scholarship was presented to **Eric Anderson Showen** '05 who is the son of **Mark Showen** '73. To apply for this scholarship, the student must be the son, daughter, or grandchild of a BHS Alum. Eric wrote to us: "Thank you for honoring me with your scholarship. I am very grateful to receive some financial assistance for my college education, and I feel fortunate to have been selected amongst a number of worthy candidates for your scholarship. The benevolence of the Alumni Association is characteristic of the kindness and generosity I have observed.

Boys State

Two students from Burlingame High School, Douglas Bojack and Alec Bottrell, will be attending this year's session of Boys State held on the campus of California State University in Sacramento from June 17 - 24. The BHS Alumni Association and a trust fund set up by Burlingame American Legion Post 163 are sponsoring them.

The California Golden Boys State Program is now in its 69th consecutive year. Boys who attend are juniors in their respective schools. They will spend a week being educated in the duties, rights and responsibilities of American Citizenship. While in Sacramento they will be separated into individual cities and political parties. They will run for various offices and propose their own laws, rules and regulations. The highest office attainable is Boys State Governor. Those in charge of the program are known as Counselors. They are men (including doctors, lawyers and businessmen) who by experience know the structure and functions of City, County and State Government. At the conclusion of the program two boys will be selected to attend Boys Nation, a similar program on a national level held in Arlington, Virginia.

Of the approximately 950 boys in attendance, 19 are from San Mateo County. Richard Dunbar, a 1949 graduate of Burlingame High School, is the San Mateo County Boys State Chairman.

BHS Annual Alumni/Faculty Luncheon - 2005

On Saturday, November 5, 2005, the Annual BHS Alumni/Faculty Luncheon was held at the San Mateo Elks Lodge. We were encouraged by the turnout we had this year. Matt Biggar, the principal of Burlingame High School, gave us an update on the progress of the construction at the school. Hopefully by fall of this year the main building will be ready for occupancy. We honored Vic Mangini at the luncheon for his work at the school and in the community, and gave him an 87th birthday party with cake for all to enjoy. This year's luncheon will be held on Saturday, November 4, 2006. Be sure

to mark your calendar and join us for lunch. We always have a great time socializing with our BHS friends! If you would like to attend, please submit the form on page 9 of this newsletter.

BHS Athletic Booster Club Golf Tournament

The Burlingame High School Athletic Booster Club has, for the past three years, sponsored a Golf Tournament on the second Monday of October. Last year it was held at the Green Hills Country Club in Millbrae. All proceeds went to the BHS sports program. Your president, Mike McQueen, attended the event. The coaches and Boosters have asked for our support in this worthy cause. For more information, please contact Carl Serrato, the president of the Boosters, at 1633 McDonald Way, Burlingame, CA 94010 – (650) 697-1996. Mark your calendar and support this worthy cause.

Class Reunions

NEWS FROM THE BHS CLASS OF 1955 FIFTY YEARS OUT THE DOOR!

The classmates of BHS '55 have always been a close-knit group. The 25th Reunion was a real biggie, followed by a 32nd, 40th, 45th, and (last year) our golden anniversary. The 32nd reunion was a hoot. At that time we were all also celebrating our 50th birthdays. And, at that reunion, two of our classmates, **Barbara (Duncan) Hewitt** and **John Basye**, were married! The champagne flowed freely. More recently, classmates **Jain (Fairfax)** and **Mike Langston** were married. A very close class, indeed! Part of the glue of this togetherness has been the internet with its e-mail and our own class website, a collection of memorabilia, yearbook senior photos, and current photos. So when it came time to plan the 50th reunion, a cadre of Bay Area classmates eagerly gathered in August of '03 to begin deliberations. Barbara and John accepted the job of co-chairpersons and we were off and running. We put together an ambitious outline of festivities and set to work. Held in October 2005, the Reunion main events were a Friday night standup dinner party at the

Burlingame Rec Center. Memories of all those gatherings and dances at the Rec Center were very nostalgic. On Saturday morning, BHS docents provided tours of the new classroom buildings and athletic facilities on campus. It was funny how those desks have shrunk in size over the past 50 years. And we oohed and aahed over how good the students have it today. At lunchtime, ad hoc luncheons by 'grammar school attended' were enjoyed by all.

While the weekend was far from over, the Saturday evening banquet at the Burlingame Embassy Suites Hotel was the big hit. Guests were greeted by a sea of hand-made floral table centerpieces, white tablecloths contrasted with red napkins, souvenir coffee mugs and programs, and assorted other goodies. A photographer was hired to photograph each classmate and guests. And group photos by grammar school abounded. When the evening was over, all the digital photos were downloaded to a laptop. Then, classmate **Ron Winter** and his son, Scott, created a digital slide show on DVD that was mailed to everyone in our class. Sunday morning offered a brunch at the Redwood Shores home of Ted and Pat Treu. It was a time for goodbyes and hugs and expectations of meeting again in another five years. The reunion committee must have done something right, as the 'kudos' kept pouring in offering congratulations for a Fabulous Fiftieth. When all the shouting was over and the bills were paid, the committee met one last time to consider one last order of business: what to do with the left over money in the treasury. After much discussion, the money was donated to the BHS Alumni Association, split 50/50 to the Scholarship Fund (for deserving scholars who have a parent or grandparent who is a BHS grad) and to the Endowment Fund which provides grants benefiting BHS. Either way, it is money well spent. (Committee photo on page 10.)

The **Class of 1986** will be having its 20th Reunion Celebrations over the weekend of November 10, 2006. We'll have a Meet and Greet on Friday, November 10th, enjoy the Little Big Game on the 11th at 11am at BHS, and enjoy an evening out. Then on Sunday, the 12th, we'll be arranging a Class Picnic for families to get together and

have fun at a park! For more information, please contact Esther Emergui Gillette at 415-412-6398, or via email at e.emergui@gmail.com.

Former Peninsula Semi-pro Baseball Players Reunion Set

A date and time have been established for a reunion of former Peninsula semi-pro baseball players. The event, organized by Burlingame's John Ward, is set for May 19 at the San Mateo Elks Lodge. Anyone who played semi-professional baseball from Daly City to Palo Alto from 1940 to 1975 is invited to attend. The post-World War II period is regarded as the heyday of the sport in San Mateo County and the West Bay region generally. For reservations, call Ward at (650) 342-0683.

BHS Sports Review

For the first time in history, the varsity girls volleyball team made the semifinals in the Central Coast Section (CCS). The team's only defeat in the league was the team's first match against Mills on September 22. The girls redeemed themselves however by challenging Mills again and ending up with the victory. The close and intense game brought winning success and earned them their spot at first place.

After a gratifying season, the girls continued to CCS with a first place spot in the Ocean Division League. The Panthers won their first round of CCS against the Harbor High Pirates. The opposing team offered challenges and won the first game. The Panthers came back winning the second game 25-22, and did the same in the third match. Seniors,

Arianne Torres, with 4 blocks and 10 kills, and Leilani Martin with 11 kills, helped to defeat their opponent as well.

The Panthers beat Branham and moved on to the semifinals. Unfortunately, the girls lost to Presentation High School of San Jose, which stopped them from continuing on to the finals of CCS.

Even though they did not continue on to the finals, the girls were still proud of their accomplishments. (submitted by Amanda Koester)

Burlingame Panther athletes held their ground in league play this year, despite the loss of several key players to last year's graduating class. Panther football ended their year with a 6-5 record, qualifying for the CCS playoffs. The determined team suffered an unfortunate loss to top-seeded Los Gatos in the first round, ending their gratifying season. The highlight of the year was the 24-23 win over San Mateo in the 78th annual Little-Big game. Senior Vince Riggio played a huge role for Burlingame on both sides of the ball. Riggio returned a punt for an 85-yard TD return, as well as kicking a 25-yard field goal. Junior Drew Campbell threw a touchdown pass to Rodney Hampton, giving Burlingame a 24-0 lead at halftime.

In the second half, the Burlingame offense ran only 7 plays. In the fourth quarter, San Mateo ran the ball into the end zone on the opening drive, recovered an onside kick, and recovered a fumble, leading to two more Bearcat touchdowns, making it a 24-21 game.

With just over a minute left and San Mateo charging toward the potential game winning touchdown, Riggio came through in the clutch, intercepting the ball in the endzone.

Winter brought the end of football and the beginning of the highly anticipated basketball season. Varsity boys' basketball finished 10-0 in league, clinching a playoff spot for CCS. However, in their second CCS game, after defeating Soquel 60-37, the team suffered a disappointing loss to Saint Ignatius, ending their spectacular season. Led by seniors Casey Sturan, Troy Kalbhenn and Vince Riggio, the team was proud of their accomplishments,

especially going undefeated in regular season play. (submitted by Carlo Acenas).

Blanche's Corner Alumni Update

Blanche Dibelka Duffey

30s Harry Miller '30 writes: "Just a note to say I am still going strong at 92. It's been a long time since I graduated and glad to receive your bulletins. Thanks."

LaVerne Custer Ball '36 says: I enjoy the news. I've been living here in Marin since 1947 – never want to move! A widow now, but my son, Greg, lives with me.

Lorraine Neely Barry '36 writes from Palo Alto: My dear neighbor of over 40 years, **Betty Smith Buckwalter '36**, died recently. Both she and her brother, **Justus K. Smith '40**, graduated from BHS. We had a lot in common besides BHS and we shall miss her a lot. On December 18, 2005, my husband, Dick Barry (Stanford BS, MA) and I celebrated our 63rd wedding anniversary. We were married at Stanford Memorial Church and did a big renewal of vows for our 50th in 1992. Over the years we lived in 9 states and Hawaii when it was still a territory. We have been in our present home 40 years and enjoy our life here.

C. Estelle Thomas Brown '37 writes: Still hanging around. Been a widow for 11 years – had a great 52 years together – two fine sons and three granddaughters. My dear friends keep me on the go. We love the Indian Casino. **Betty Courter Wilcox '37** passed away about 2 years ago. Love the newsletter.

Edward Sorensen '37: At the time of the bombing of Pearl Harbor (December 7, 1941), Edward was working as a civilian employee of the U.S. Army Corps of Engineers in Honolulu, living – with his wife Ruth – at Hickam Army Air Base. Ed and Ruth each returned to San Francisco on an original Pan-American

Clipper; and Edward soon enlisted in the Navy. After World War II he worked in the Bay Area. He became a licensed mechanical engineer and worked for 27 years for Kaiser Engineers, engaged in the design of hydro-electrical power plants. For 18 of those years he worked overseas: in London, England; in Ghana and Ivory Coast; and (for 8 years) in Brazil. Edward and Ruth now live in Issaquah, WA, near one of their daughters. They have two daughters, five grandchildren, and five great-grandchildren. They enjoy the freedom of retirement and traveling with their children.

Margaret Sorensen Burke '39 says: After graduating from BHS, I attended California School of Fine Arts (now called San Francisco Art Institute) in San Francisco and also Art Students League in New York. Following that, I worked in advertising and for publications in San Francisco, and then, for two years, in New York City, where I was assistant art director of an advertising agency. I returned to CA to marry Donald Burke, an engineer and fourth generation Californian. We made our home in Belmont, CA. When in my mid-thirties, I returned to school – to Stanford University, where I received bachelors and masters degrees. I then obtained a graduate fellowship for study in Scandinavia; and my husband and I lived for two years in Copenhagen, Denmark. Upon our return to the U.S., I became a Ph.D. student at the University of California, Berkeley – while also working as an architectural illustrator and at other art jobs. In time, I received a doctorate in Medieval Art/Architecture at U.C. Berkeley. Thereafter, a major project for me was for the DeYoung Museum in San Francisco: I was director of a study to determine whether it was feasible to reconstruct any part of a 13th century Spanish monastery (whose stones the museum owned) after the stones had been virtually destroyed by five fires. I found that only one of the major buildings could be reconstructed. The museum director and city fathers were enthusiastic, but no money was ever voted for the reconstruction. That one building is now being rebuilt at a monastery in northern California. Though I am now retired, I continue working on this project – writing on the history of the 13th century Spanish Monastery. I now live in Portola Valley,

CA, after living 50 years in Belmont; but Burlingame is still "home" for me!

Earl F. Schmidt, Jr. '39 passed away on December 29, 2005. Earl was a Scout Master who taught thousands of boys to be leaders during his 20 years as a professional Boy Scout. During the 1956 Boy Scout Jamboree, he directed 100,000 boy scouts. At BHS he was active in scouting and as a sophomore, became an Eagle Scout, with a bronze palm. During WWII, he served in the 8th Air Force, 390th Bomb Group as a B-17 co-pilot. He attended Stanford University and graduated with a BA in Economics. His career included food processing, packaging and non-profit development. He was known for his commitment to non-profit organizations. He helped raise funds to build Christ Church in Portola Valley, where he served on the Vestry and as Senior Warden. Earl is survived by, Patricia, his wife of 58 years, his brother, **Donald Schmidt** '42, one son and three grandchildren.

40s **Hugh Salomon** '40 says: It has been a while, (quite a while) since I last wrote. Yet here I am and to say, first of all, I am doing well and happily living with my wife in Temple City, CA (near Pasadena). About a couple of years ago, my brother, **Jerry Salomon** '37, passed away following an operation. His wife still resides in San Francisco, while his son lives in Oakland and his daughter in Walnut Creek. I have two daughters, both living in Southern California. In addition I have a grandson living in Chapel Hill, NC, while my granddaughter resides in Pleasanton, CA, where she is the proud mother of my great granddaughter. I am a part time retiree yet I keep busy doing Home Care work, which I find enjoyable and rewarding. Maybe someday my wife and I will journey to the Bay Area and spend some time visiting.

Robin Holbrook writes that her mother, **Dorothy Beggs Holbrook** '41, passed away on August 20, 2005. Dorothy attended San Mateo Junior College and then worked at the Metropolitan Life Insurance Company in San Francisco. She enlisted in the US Navy Waves Corp on her 20th birthday at the start of WWII. She rose through the ranks to become a Chief Yeoman. After the war, she traveled the US while performing in live shows and on the radio

with the Hormel Girls, a chorus and marching band of ex-service women. She attended UC Santa Barbara where she met and married Anthony Holbrook. They had two daughters, Robin and April, a son, Christopher, and three grandchildren. Dorothy's sister, **Maude Beggs Taylor** '35 died in October of 2005.

Donald "Don" Schmidt '42 sent an article that was printed by the "Grass Valley Rifle, Rod, and Gun Club". We extracted the following information from the article: After graduating from BHS, Don enlisted in the U.S. Navy and became an Ensign Pilot. He transferred from active duty into the Naval Reserve in 1946. Soon after, he graduated from San Mateo Jr. College with an Associate of Arts Degree in Engineering. He was recalled to active duty in 1961 for one year. Don flew several different types of Navy aircraft – carrier-based prop-driven planes and early vintage jets. He retired from the navy in 1967 with 25+ years of service during which he attained the rank of Captain and was a squadron "skipper". Don was tagged with the nickname "Schmidter". He married Shirley Bartz in 1946 and the couple had three children; two of them now deceased. Don enjoys the company of his 14-year old grandson, Stewart, attends most of his school sports events, and refers to the boy as a "real jock". He was a volunteer fireman for six years and currently works with the Cancer Aid Thrift Shop in Grass Valley and contributes to the effectiveness of the Pink Lady program at a hospital. As a 9-year employee of the Nevada County District Fair, he contributed to the development of young people of 4-H. He was recognized as GVERR&GC's Man-of-the-Year for 1986. He is a proud, active charter member of the prestigious PUPPY LOVE YACHT CLUB. "Don Schmidt is one of those rare individuals who by his mere presence inspires group cohesiveness and camaraderie."

James A. Reed '49 writes: It is with great sadness that I must report the passing of my lovely wife of 48 years. **Mary Lou (Hansen) Reed** '49 enjoyed her years at BHS and kept up with her HS friends until the end. Present at her memorial were **Jane Bartlett Hillman**, also class of 1949 and William D. Edwards, the best man at our wedding in 1957 and a long time resident of San

Mateo and Hillsborough. Mary Lou enjoyed reading the Alumni Newsletter.

Roberta Hutto Girdler '46 tells us: My sister and brother graduated from Burlingame – **Robert Hutto** '36 and **Dorothy Hutto Atcheson** '38.

Barbara Eppinger Siciliani '49 passed away on Jan. 3, 2006 at her home in Modesto, CA at age 74. She is survived by sister **Marcella Eppinger Fleming** '45, 2 sons, and 1 daughter.

50s **James Walz** '52 tells us: Jim and Marilyn Walz celebrated their 50th wedding anniversary in January 2006. They still live in Los Oswego, OR and spend about half their time at their second home in Bend, OR where they do a lot of horseback riding in the Cascades.

Bea Maude Crawford '53 wrote: My BHS Alumni Newsletter arrived during the Thanksgiving weekend when my sister **Betty Maude Jones** '63 and her husband, Eric, were visiting from Mancos, Colorado – the gateway to Mesa Verde National Park where she is Assistant Supt. Despite our 10 year age difference, we had a great time reminiscing on mutually known students, teachers, and activities. I'm still enjoying the flexibility of retirement life here in South Carolina. Besides keeping up with 50 acres, four horses, and a cat, we often travel to see our children and grandchildren in Gettysburg, PA, Gaithersburg, MD, and Columbia, SC. We love to have visitors, so if anyone is in the area (The Master's Golf Tournament is just across the river), give us a call.

John McRoberts '54 writes: This is to bring attention to my sister **Jeannette McRoberts Stroh** class of '58. I was four years her senior and watched her acquire fifty or so trophies in tennis. She belonged to the Peninsula Tennis Club in Burlingame and won state titles twice, including beating Billie Jean King whom she played often. She won her titles at age nine and later when she was sixteen. (Note: Jeannette passed away on January 27, 2005)

Heiko Fette '56 writes to us from Bremen, Germany. "50 years ago I was an exchange student with AFS in Burlingame, CA. So many fond memories are renewed, of wonderful times with the dear Carr family, and loving thoughts to my 'American

brother', Bill, who passed away much too early. I just got an invitation to the celebration of 50 years after graduation of my class at BHS". Heiko hasn't decided whether he will attend. He reports that he retired in March 2003 from his work at the university – 65 is the official retiring age in Germany. Shortly after retirement, he and his wife, Heidi, moved to Budapest, which had been their secret love for many years. Budapest was great. They were able to do all the things they had missed when they were on duty. They had access to fantastic concert halls, opera houses, thermal baths and beautiful surroundings and were able to hike in the mountains and forests. In October 2004, they moved back to Bremen. Their children were scattered all over and their large family home felt quite lonely with only two people. So, in January 2005, they moved into a newly erected retirement residence that is situated close to the centre of the city. Their windows look out into huge old trees and a lake. Heiko reports that they are in good health, but do not speak about minor diseases that come with progressing age. (He did have his right hip joint replaced with an artificial one last year.) They still like to travel: last year they visited Agadir, Morokko, Wales, Southern England, the Palatinate, Algarve, and Budapest.

Sue Corlett Barrera '57 writes: After 25-years in Berkeley, last summer I moved to Santa Barbara and am happily living in paradise. I'd love to hear from any BHS alums in the area - or just passing through! My son, Miguel, who is a musician - drummer - lives in LA and I get to hear him perform more often now. I'm still helping folks get organized in their homes and offices. The rest of my time is spent investigating the town and its environs at the beach and in the mountains nearby. suebarrera@cox.net.

Donna Crawford Fairfield '58 writes: I enjoy the Panther Postscripts and recognize the names of my classmates from 1954 (My sister is **Anne Crawford Kemper** '54) through 1958 and beyond. My husband, John, retired from the Air Force in 1997 and is currently a Vice President with IBM as well as a consultant. We live about 35 miles outside of Washington DC and our daughter and her daughter are close by. In fact, our granddaughter (10 years old – in 5th grade) stays with us during the week while attending school. We had a

delightful trip to England and Ireland this summer to visit friends. Enjoyed a helicopter ride over the Irish countryside.

Sally "Katherine" Hirschberg Maxwell '58 writes: Dear friends ... My book, "*A Leg Up*", has just been published, and is now available through BarnesandNoble.com and Amazon.com. In "*A Leg Up: How I Learned to Horseback Ride Starting at Age 40*", I tell the stories of my riding adventures from 1981. It's been a great ride. For a glimpse into more details, visit my website: www.a-leg-up.net.

Steve Huss '58, once a news anchor for KGO Channel 7, died on September 23, 2005. He reported at KGO from 1963 to 1974 and also for KNBR, KRON, and KPIX. Steve covered the Angela Davis trial, the Patty Hearst kidnapping and Huey Newton's Black Panthers. In 1966, the Associated Press recognized him for his coverage of the Hunter's Point riots. Along with his other activities, Steve acted with the Hillbarn Theatre and the Claypiper Theatre. He also helped the Belmont 4-H Club build its farm structures.

Betty Lubrano '59 writes: Holidays are a good time for friends from BHS and BIS days to touch base. In December, members of the class of '58 and '59, who have been having annual luncheons for more than 15 years, get together at Dominic's at Poplar Creek and catch up on families, old friends and jobs. (These gatherings began when **Angie Lubrano** was alive. We started by going to each other's homes.) During the luncheon we call **Sharon Hellar Dilda** '59 (who lives in Oregon) and take turns talking with her. Attending last year's luncheon were Kitty Burns (a Mercy girl), **Jo-Ellen Arnaudo Ellis** '58, **Kay "Kiki" Arnaudo** '59, **Betty Lubrano** '59, **Pat Figueiredo Hume** '59, and **Judy Falk Chiasson** '59. In past years, the group included the late **Angie Lubrano** '58, **Kirsten Engstrom Scherman** '59, **Ann Rancelli Dave** '59, and **Arlene Marcucci. Nunziati** '59

l to r: Kitty, Kiki, Pat, Betty, Jo-Ellen and Judy

At the last gathering, a group of pals from the class of 1964 traded stories at another table. That group included Mike Dillon (a Serra grad), **Fred McElhany** '64, **Jack Gipe** '64, **Len Lubrano** '64, **Steve Park**, and **Jamie Graham** '64.

Standing: Steve and Jamie l to r: Mike , Fred, Jack and Len

60s Shelley Reid Jensen '60 writes: I've come full circle from Burlingame, to SF, to Europe, back to Woodside, CA, then to Spokane, and now permanently back home in San Mateo. My travels have all been related to work -- professional violist in Belgium and orchestra teacher in CA and WA for 20 + years. I returned to the Bay Area in 1986, with my son, Scott, after 12 years in Belgium as a violist in the Koninklijke Vlaamse Opera, and married **Ron Jensen** '60. We had one daughter, Veronica, (Ronni, now 18). In 1992, I left Woodside, CA where I had been Orchestra/Choral Director at Woodside School. I had accepted the job of starting the Strings program of West Valley Schools in Spokane, WA, became a part of the Spokane Symphony, and a grad student at Eastern Washington University. Ron and I divorced in 2000. My son, Scott, now 26, has his BA and Credential in Music Education, from U of I, and Masters in Cello performance from SF Conservatory. He is married to violinist, Aryn, formerly my favorite student and Concert Mistress of my High School Orchestra in Spokane. They are both teaching in San Jose, he at Castillero Middle School, and she at San Jose High School and Hoover Middle School. Both are Orchestra directors. I taught this year in Milpitas, as Strings and Band director. Ronni, my daughter, is moving to San Francisco early this summer, and will be attending SF State, where both Ron and I graduated. Ronni will probably be a Music Major, in vocal music and piano. John MacAllister, a former sweetheart from the 70's, and I are marrying this

June at the First Presbyterian Church of Burlingame. Ron Jensen is still located in Spokane. I am the sister of **Mike Reid** '56 and **Bruce Reid** '57. I'm hoping to connect with former classmates. I'm looking for Lynne McCall, Karen Magnuson, and JoAnne Hall. (If you have information about these people, please contact Jo-Ellen Ellis at BHS. Thanks)

Denis Spanek '64 writes from Saratoga, CA: I graduated with **Kathy Duffey** (Blanche's daughter who passed away) and have always been very close to the Duffey family. Blanche brings me up to date once in a while, and stressed the fact that we all should be supportive and communicative in our efforts to keep in touch. So, with that being said, and she's absolutely right, ... enclosed is my \$100.00 Lifetime membership. Denis sent a note to his classmates: "All is well! Married to Shirley (Willard) Spanek from Woodside High School, class of '66. Met at San Jose State, graduated '69-'70. Married now 32 years, three grown children (son, Sean, 29, Mortgage \$ man), (daughter, Nicole, a Kindergarten teacher), (daughter, Lindsay, 23, a real estate agent at Spanek Realty) Denis and Shirley run Spanek Inc, a multi-faceted marketing Enterprise with various divisions that bring together all aspects of cultural life – food, wine, gourmet products, art, travel, real estate – an actual legacy followed through from Denis' parents. We invite anyone to visit www.spanek.com. Catch up to us and say "hi". I'd love to hear from you at Denis@Spanek.com. Last time I saw anyone was the 25 year reunion in 88. I ran into **Don Lembi** '64 recently and he didn't know of any plans of getting together any time soon. I'm hoping some of the 64 class leaders step up and create something, 2004 was our 40th year. Let me hear from you. I'll be glad to help. Even if it's a simple gathering of old faces and friends, lets do something. It was great to see Don Lembi and catch up to some of you."

Pete Torrey '65 writes: Hi Folks, I'm a lifetime member who enjoys the newsletter. Recently, I attended my 40th reunion and several names came up who should be considered for the BHS Sports Hall of Fame. I have been conversing over the Internet with the current BHS Track Coach, Matt Vaughn, who mentioned to me that the track records have been lost and

are no longer posted in the gym. I was the co-captain of the 1965 MPL Champion Panther's track team. I gave a copy of the track records (through 1964) to the BHS principal or former principal at the 1998 75th anniversary. They were in the form of a booklet put together by 1965 Coach Carl Gripenberg that was buried in my parents' garage for 33 years. Sadly, I did not make a copy. These records apparently did not make it to the current coach who would love to use them to inspire today's athletes. I have vowed to try to reconstruct them by tracking down some of the alums who might have that information. If any of you have a copy of this booklet or have any information about the track history at BHS please contact me at: PeteTorrey@aol.com or Coach Vaughn at BHS. I can be reached by phone at 925-476-2147. Thanks for your help.

Cindy Biggs Weiss '66 writes: My husband, Jeff, and I are now retired (me: a teacher of art/music K-8 – 33 years and he: contractor – computer consultant) We are currently knee-deep in land restoration starting with our own 300 acres in northern Siskiyou county. We live off wind and solar power and are dedicated to teaching others a more sustainable life-style through numerous workshops we give. We have a son, Peter, (prof. of atmospheric chemistry at UW) and a daughter, Jennifer, (probation officer), and 6 grandchildren! Music is still strong in the family with our son who has cut several CDs in the Seattle area and 3 granddaughters who sing! Hurray for the new music building at BHS!!

Monica Prendergast Ryan '67 sent an article written by Yael Lubarr that was printed in Dance Magazine. The article states that the Carnegie Performing Arts Center presented the Nutcracker Ballet in the Music Hall of the historic Andrew Carnegie Free Library in Carnegie, PA. "Monica Ryan, artistic director for the Performing Arts Center School and resident company, Ballet Forte, choreographed the production and directs a cast of more than 100 local children and adults. Some of Ryan's former students have gone on to perform with the New York City Ballet, San Francisco Ballet, and American Ballet Theatre."

George Venturino '72 says: Just wanted to report that a delightful time

was had on a 4-day Baja cruise by **Dave Higgins** '73 and **Kim (Godsey) Higgins** '72, Cheryl and **Mark Rutherford** '72, Sandy and **Jeff Scott** '71, **Donna (Coughlin)** '72 and husband Mark, **Jan (Godsey)** '70 and husband Al, Shauna and **George Venturino** '72, and **Steve Lindholm** '72. We might make it an annual event!

Marie Daubenmire Cape '71 writes that she graduated from Burlingame High in 1971. She has lived in Granite Bay (east of Sacramento) since 1996. She lives with her husband, Randy, who is a retired attorney from Pacific Bell and her twin children, David and Katie who are 15 years old.

Barbara Ingold Gooding '73 writes: It's been great to receive the Panther Postscripts over the years so I decided to become a Life Member. I am working for eBay in San Jose after spending the majority of my career as a Paralegal in law offices. I graduated from San Francisco State University with a BA in Anthropology. Prior to attending SF State, I received a Paralegal degree from Canada College in Redwood City. I then joined Brobeck, Phleger & Harrison where I remained for the better part of my working life. I am married to Phil Gooding, who is a mechanical engineer for a start-up medical device company in Santa Clara. He is hoping this one will be the big success he's been looking for. We live in Mt. View and love being within walking distance of downtown. For the past several years, I have been active with the American Association of University Women (Palo Alto branch). I've lost contact with all my friends from BHS. I'd love to hear from Donna Berka and Lisa Nesson. Is anyone planning for a future reunion? If so, I'd be happy to help. My email is barbgooding@yahoo.com.

Marta Montano Wright '73 sent the following note: "Dear Friends: I am writing so through the Alumni Newsletter I can say hello to my friends, in the hope they will call me. I have been looking for **Janice Lynn Antosik Holt** forever. She helped me learn English, as I was fresh off the boat from Cuba. We were best friends and I thought it would be forever. **Tina Bernhardt**, **Everett**, **Charlie Stimpson**, **Dana** and his side kick, etc. you know who you are. I live in Santa Rosa, have a 16 year old named Benjamin, have a great husband and a most incredible Catering Company called

Champagne Taste (25 years). Life is great....call me (707) 544-4517.

Betsy R. Rosenthal '75 has a new book out called, *It's Not Worth Making a Tzimmes Over!* This is her second children's book and she continues to write essays, which have been published in various newspapers and magazines. She still lives in Pacific Palisades with her husband and three children and was very sad to have missed her class reunion, but, alas, she was in Italy with her family.

Joan Hanley '76 tells us that she now goes by Sabrina Hanley. She was supposed to graduate in 1977 but rushed thru in 3 years and graduated in 1976. "I went to Blackford in San Jose for my first 1½ years, then my dad moved us up to Burlingame and I did my last 1½ years there. Loved it, loved the campus, the feeling, the trees. It was truly the wonderful times. I remember sitting in my car, '71 Dodge Demon, which I still have, and listening to the music on my lunch hours. Things were great then. Good times, good era. I remember **Dom Pat** who taught pottery. I know he retired a while ago because I ran into him at the COMPUTER class he was teaching – budget cuts, no one was interested in pottery any more. I also worked as an assistant with **Jan Lewis**, RN, the school nurse, who worked out of the gym office. What wonderful memories and wonderful people. God, I would sell my soul to go back and relive it. How sad it's only memories.

Ann Lipscomb Dunskey, class of '78 (grad of '77) is living in the Bay Area with her husband and filmmaking partner, Steven "Hanks" Dunskey. They have produced many documentary films together since meeting at UCLA's Film

School 25 years ago. Their latest film, "The Greatest Good", will play on PBS stations across the country starting in the spring of 2006.

Ann Lavelle Chisam '79: Ann is living in Chesapeake, Virginia with husband, Dr. Mark Chisam and their four children – Laura, a freshman at George Mason University, Michael, 16, Jackie, 13, and Thomas, 9. Ann misses family, friends and California, but has wonderful memories of years at BHS. Hello to fellow alums! GO PANTHERS!!!

90s Greetings from the Med Sea! My name is **Bryan "RJ" Roberts** '91. I'm currently deployed as an F-14 Tomcat pilot aboard the USS Theodore Roosevelt, which means that I'm pretty far from home most of the time. I am currently in month 6 of my deployment with Carrier Air Wing 8. We have been flying combat missions in support of Operation Iraqi Freedom since September, but are currently making the slow trek home.

My primary job out here is the Head Landing Signal Officer for the Air Wing, where I guide the pilots in to land on the ship day and night. It's a very rewarding, challenging, and fun job keeping the pilots safe as they are trying to land their jets on a postage stamp while traveling at 150 mph. I also get to fly the F-14 Tomcat (jet made famous in the movie Top Gun), although this is the last deployment for the Tomcat as it is scheduled to be retired and replaced by newer aircraft later this summer. This has truly been a great deployment, though, and I am happy to be out here doing my

part. I've enclosed two pictures as well. One is of me flying over the Persian Gulf recently, and the other as we transited through the Suez Canal on February 15, 2006.

Hope all is well back in Burlingame, and take care.

On October 19, 2005, **Dyana Jean Kimball** '93 was awarded a Theatre Arts Masters of Fine Arts degree in Directing from Columbia University School of the Arts. Congratulations Dyana. We wish you success in all your future endeavors.

Theresa Anne Swain '98 performed in "Irving Berlin's White Christmas" at the Pantages Theatre in Los Angeles, CA in November and December, 2005. She went back home for about two weeks in January and then performed in another musical.

ALUMNI/FACULTY LUNCHEON

The 4th Annual Burlingame High School Alumni/Faculty Luncheon will be held on Saturday, November 4, 2006 at the San Mateo Elks Lodge on 20th Avenue. Former students, faculty members, and spouses are invited to attend. No Host cocktails at 11:30am will be followed by a lovely lunch at 12:15pm. The cost is \$20 per person. Contact Naomi Ziff Cissna at (650)593-5272 or complete this form and send it along with your check to BHS Alumni Association, Attn: Naomi, One Mangini Way, Burlingame, CA 94010. The deadline for reservations is October 31, 2006.

Yes, I will attend the fourth annual BHS Alumni/Faculty Luncheon on November 4th at the San Mateo Elks Lodge. My check for \$20 per person is enclosed.

Burlingame High School Blankets

The BHS Blanket that was shown in the last issue of Panther Postscripts was an overwhelming success with the graduates. We were deluged by your response and shortly thereafter were sold out. Several alums had to wait 2-3 weeks before our new shipment arrived. We are now caught up and hope you would like to purchase this beautiful blanket for yourself or others. The price is \$40.00 for Life Members and \$45.00 for regular members of the Alumni Association. A \$5.00 postage and handling fee will be added for shipping each blanket.
