October 2018

We've come a LONG way!

DID you **KNOW**

COOL FACTS

The original BCA was constructed and finished in 7 separate phases. The BCA2 will hopefully be finished in just 1 phase.

Bemidji Youth Hockey Association player registration fees do not and have not been used for construction of BCA.

The BCA was originally planned to be built next to middle school soccer & softball fields but because of the long term vision to eventually have a second arena, it was decided to build the BCA next to High School where space allowed.

The BCA was designed & engineered to be a 2 arena complex. Original construction in 1999 included approximately \$80,000 of upgrades & preparations for the eventual second arena.

FEATURED DONORS:

WELDERS SUPPLY

Donations are being accepted for the final phase of construction now. for questions or pledges please contact: Dale Thompson, BCAC President 218.556.9311 dale@kenkthompsonjewelry.com or Courtney Aitken-Gifford 218.368.1367
