We plan to have up to 10 players in a group on each court, and each group will spend 30 minutes on each court. We reserve the right to alter the number of courts and coaches utilized based on the number of participants, but each group will get 2 hours of drills/practice time. After the drills time, we will form up to 4 teams that will play in a tournament. Each team will get 2 matches, and the winning team will win a special treat.
