

CEVA CLUB DIRECTORS' UPDATES – 8/17/2022

- Club activation is available now. Learn more [on our website](#). Tournament registration opens October 3 and clubs **must be active** to register for CEVA-owned events.
- Learn more about our early-season opportunities, including the CEVA Kickoff Tournaments for both boys and girls. Registration for those events is \$150 per team. More information can be found [here](#).
- Scholarship applications will be available beginning October 1. Please help us spread the word and get information out to your families or those who may be interested. Information is available at www.cevaregion.org/scholarships
- Remember that memberships are non-refundable. Please encourage athletes to take a tryout membership and then upgrade once they make a team. Tryout memberships are \$15 and that cost can be applied toward a full membership later. Memberships can be purchased at www.cevaregion.org/memberships
- CEVA has announced a partnership with NCSA to provide recruiting resources and education to athletes and coaches in the region. Learn more about the partnership [here](#), and visit [NCSA's website](#). NCSA will be hosting a free webinar for our region on August 25 to discuss Fall recruiting goals for athletes – registration is available [at this link](#).
- The region is providing two \$750 grants for coaches who are interested in attending the AVCA Convention in December. Applications are available now and are due September 2. More information is on our grant page – www.cevaregion.org/avca
- Do not wait to submit background screens for the 22-23 season. Screens are currently taking about **7 days** to clear, and this is a slower time of year. As the season approaches, the turnaround time **will increase**.
- If you need help with your AES account, do not have an AES account, don't know your team code, or are unsure how to register for tournaments, please contact cody@cevaregion.org for assistance. On October 3, registrations open for tournaments via AES.
