#### **B. Teams Tied For Position**

League standings shall be determined based on the MN Hockey standings policy. Refer to MN Hockey Youth Playing Rules. In the event that the tied teams played an unequal number of games, the formula results from the MN Hockey Rules must be normalized for a common number of games. In calculating goals scored, the figure shall be reduced for the winning team if necessary to obtain the six-goal maximum differential per game.

### **XII. PLAY DOWN TOURNAMENT FORMAT**

**XIV. JR. GOLD A, B AND 16 TEAM SELECTION POLICY**

The local hockey association is in the best position to determine the levels of fielding their Jr. Gold A, Jr. Gold B and Jr. Gold 16 teams based on the number of players, age and skill of the players in this group. The goal of all must be to encourage the continued participation in hockey for those who are not participating in the high school program. The following are criteria for making those decisions.

**A.** Every Association should strive to have a Jr. Gold “A” team.

- Some Associations will need to play at the “B” level because of numbers, increasing/decreasing, but their goal should be to field an “A” team.
- Associations are encouraged to field a Jr. Gold “A” and Jr. Gold “B” vs. two Jr. Gold “B” teams and no “A” team.
- Fielding two Jr. Gold A teams is not recommended—Jr. Gold A should be the association’s most competitive team.

**B.** Teams should be selected in the following order, with the objective of placing all eligible players on a team.

- Jr. Gold A
- Jr. Gold B
- Jr. Gold 16

**C.** Associations with multiple Jr. Gold “B” teams must have these teams selected equally.

**D.** Associations with multiple Jr. Gold “16” teams must have these teams selected equally.
