OVERALL CORE GPA				2.86

This is the sample student-athlete's overall core GPA. The NCAA will "lock" in 10 of these credits at the end of junior year in accordance with the 10/7 rule to create a core GPA used for determining initial eligibility. While more than ten credits from grades 9-11 can be considered for the student-athletes final core GPA, a maximum of 6 credits from senior year will be considered.

This overall core GPA can help a student target a minimum SAT/ACT score needed for initial eligibility.
