DEFINITION of a HOMESCHOOL ATHLETE SECTION
<p>The athlete's family must be listed on the NCDNPE website or receive email of Notice of Intent confirmation from DNPE. Athletes must be actively homeschooled in compliance with North Carolina homeschool law as administrated by the Department of Non-Public Education. This means that no private or public-school students may play in any regular season homeschool games used for tournament seeding purposes or play in any tournament games.</p> <p><u>Note.</u> Out of state homeschoolers must be part of a North Carolina support group or co-op in order to compete on a regular season NCHEAC team and must provide legal proof of compliance with the homeschool law in their state.</p> <p>Further clarification about types of programs that are deemed eligible and ineligible can be found on the web by clicking here.</p>
<p>Athletes must be a legal homeschooler on the day they are added to an NCHEAC roster. (e.g. They may not be added to an NCHEAC roster while they are still in public or private school.)</p>
<p>Athletes must continue to be in compliance with all other applicable state homeschooling laws.</p>
PLAYER ELIGIBILITY SECTION
<p>1. Players must not have reached, before Aug 1st:</p> <ul style="list-style-type: none"> - Their 19th birthday for varsity competition - Their 17th birthday for junior varsity competition - Their 14th birthday for middle school competition <p>(15th birthday for MSG Basketball) <u>Note.</u> Possibly returning to 14th birthday in 2024-25 season.</p>
<p>2. Players must not have graduated from homeschool, private or public high school.</p>
<p>3. Players must not have been recognized as a senior in a homeschool or non-homeschool ceremony for sports or other reasons, including internet sources, before the new athletic year. Participation on a college team terminates all high school eligibility.</p>
<p>4. Players must be on an approved roster and be an official homeschooler on the day they are added to the roster.</p>
<p>5. In the event an NCHEAC team or program folds, NCHEAC reserves the right to review the situation before players are released to other teams.</p>
<p>6. No athlete may play for an NCHEAC league team with one program and a non-conference team with another program or school in the same sport during the same athletic year.</p>
<p>7. It is the program's discretion, but it is strongly recommended that no player under age 10 be submitted on a roster.</p>
<p>8. For post season tournaments, all regular season rules apply and must have been eligible for 50% of league regular season games (unless NCHEAC grants an exception).</p>

9. For tournaments in sports without a regular season, these same eligibility rules apply.
10. Preseason: Player must meet the state requirements of the state in which the player resides.
11. Due to the strenuous nature of competitive sports on the human body, a yearly physical examination signed by a physician is highly recommended. Parents are responsible to ensure their child is in the physical condition required for the sport and that they have no medical issues that will affect the child's health or safety and that any physical limitation are clearly communicated.

ROSTER SECTION
1. Team rosters should be submitted for verification by the deadline for each sport (see website for deadlines). Verification will be processed within 5 days and a notice of acceptance sent. From that point forward any violation of rosters will result in penalties.
2. Any games played with players from families who are not eventually found cleared by NCHEAC will be considered to have been played with ineligible players and the team will be credited with a forfeit loss. League teams that forfeit any required regular season games/matches are not eligible for NCHEAC post-season play unless they receive an exception by NCHEAC. Teams using ineligible players in tournaments will also result in forfeits.
3. Prior to the first conference game/match, players may be moved from one team to another within the program, provided that NCHEAC is notified with the updated rosters before conference play. Then only one player in a program can be moved to another team within the program by the "new player deadline" of that season. NCHEAC must be notified of the one player being moved.
4. The Non-Recruit/Non Transfer Rule provides the basis for determining roster eligibility. Please refer to that form and the rule below for details.
5. <u>Non-Recruit/Non-Transfer Rule</u>
No athlete may leave one homeschool team to play on another homeschool team without the permission of the NCHEAC Council, whose decisions are final. A team is defined as all age eligible players from middle school through high school. If the player does not appeal to NCHEAC or the appeal is denied, the athlete must either stay on their team or sit out for 365 days. This rule applies to both non-conference homeschool teams from non-NCHEAC programs or participating on an NCHEAC team's non-NCHEAC roster.
This rule shall preclude the athlete from re-entering the league until they have not participated on ANY school team in their sport for 365 days. NCHEAC teams that use an ineligible player as above will be ineligible from the league for 12 months. After sitting out for 365 days, the athlete may play for any homeschool team. Note. A player can return to the program they left within 365 days
An athlete is considered committed to a program once they are submitted on a roster with the team/sport. If a player is dismissed (except for serving a suspension/expulsion) from the team/program, they are automatically released. If the team or program announces that there will not be a team (or fails to submit a minimum number of players on the roster) then players are released, unless NCHEAC reviews the situation and determines the program failed due to players refusing to

<p>play. In the event an NCHEAC team or program folds, NCHEAC reserves the right to review the situation before players are released to other programs. Players on a team within a program are committed to the team and must receive an NCHEAC approved release to move to another team (including an older team) within another program.</p>
<p>For a team to be eligible to play in NCHEAC leagues, the roster must be comprised of all homeschooled athletes, with at least 50% being North Carolina homeschool students. All league games must be played in North Carolina unless it is agreeable to be played elsewhere by the teams involved.</p>
<p>NCHEAC is a gender specific sports league unless the sport is designated as co-ed. All homeschool programs must confirm the birth date and gender of each athlete on the roster by proof of the birth certificate issued at the time of birth. Athletes may only compete as male, or female as designated on the original birth certificate. Males can only participate on a male team (i.e., Boys Varsity tab) and females can only participate on a female team (i.e. Girls Middle School tab). The actual birth certificate does not have to be forwarded to NCHEAC but must be available for review in the case of a dispute.</p>
<p>Dual eligibility is only for the first 2 years a program initially offers a sport. (See New Program Information). One exception is medical emergencies and must be approved by NCHEAC with a doctor's excuse for the sick or injured player. If a player from an older division is involved, the player must be age appropriate for the division. Note: This approval for a medical emergency only applies until the injured player returns but may extend into the post-season. It is limited to one or two roster spot(s) beyond the minimum required to play (7 in basketball, 7 in volleyball, etc.).</p>
<p>If a team using dual eligible players has an injured player, they may apply for a replacement dual player during the season.</p>
<p>Note. If a program has been in existence for more than 2 years, an email request can be sent to NCHEAC asking for permission to have dual eligibility for the current athletic season 2023-24. Please send to sports@ncche.com and NCHEAC will review the program's current situation.</p>
<p>Another exception for dual eligibility for 2 years, is that it may be given to a program if they didn't have any teams in a sport for a period of 5 seasons.</p>
<p>See also Section 3 (H.) under Scheduling</p>
<p>TOURNAMENT ROSTERS (For ONLY those sports without a regular season) If an athlete wants to switch teams within a program from the prior year's tournament team to a different team in another program for the current year's tournament, the athlete must contact the state director at sports@ncche.com for release approval from NCHEAC. NR/NT rules still apply.</p>

<u>Additional rulings :</u>
1. A new Non-Recruit form must be signed and NCHEAC notified when an athlete is cut from one program and goes to another program.
2. All appeal requests must be received at least 14 days before the initial roster deadline of a sport. Releases will only be given based on time and distance due to a family or program moving.
3. Teams that cut players during the season will not be able to give a release which allows a player to transfer to another program.
4. The NCHEAC Commissioner may issue a transfer for a bone fide move of the family of 25 miles or more or a new program is started which will save the family 25 or more miles in each direction. (as determined to be the shortest distance to their main practice facility by google maps.)
5. Requests for a release from a program should be granted or denied within 2 weeks, once all the information has been received. No releases will be considered unless received at least 2 weeks before the final roster deadline.

<u>Penalties for violating NRNT rules:</u>
1. If a team has been found to be unknowingly using an ineligible player, then, (a.) that player will immediately be suspended for 365 days, (b.) the team shall forfeit games played with that player, (c.) Their record will either be vacated or considered all forfeits depending on how it affects the seeding at the post season tournament, they would have taken part in, whichever is fairer to the other teams.
2. If a team either continues to use that player or immediately decides to leave the NCHEAC league then: a. The team is immediately suspended from league play for the remainder of the season. b. The players on that team are immediately released. (1) If a released player elects to join another team by the following year's roster deadline, they may elect to stay with their new team or return to their old team. This is not a completely unconditional release. The player may not elect to join a third team. (2) If any player chooses to join another team, then their playing time transfers over to the new team just as if they had played for that team the entire season. As long as the player, overall, meets the 50% rule then they are eligible for the tournament. c. NCHEAC will immediately and directly notify the team players' home schools of their status. d. NCHEAC will notify the other teams in the conference of said releases.
3. If a coach is found to be willingly using an ineligible player then point number 2 applies and: (a.) the coach is immediately banned from further NCHEAC association as a coach, trainer, or any other kind of support capacity for the remainder of the season and the next two seasons, AND, (b.) Note that using an ineligible player after being warned in point number 1(b) is the same thing as knowingly using an ineligible player (here) under point number 3.
4. Any team that has been suspended may rejoin the league the following season under a probationary but otherwise unencumbered status.
5. Nothing above will be construed as a means to nullify the NRNT rule. Players desiring to move from one program to another must still follow the guidelines set out in that document.

6. Programs and coaches are to inquire about the home school status of all their student athletes in order to not have to potentially endure the above process.

A field has been added to the registration form.

Is this athlete currently being homeschooled (Per NCHEAC rule definitions) Enter Yes or No

7. Any violation of player eligibility will lead to penalties imposed by the NCHEAC Council based on the circumstances of the violation. Penalties for either knowingly or unknowingly violating player eligibility may include but are not limited to the following as deemed appropriate to the circumstances by the NCHEAC Council:

Organization/Coach - forfeiture/vacating of record, probation, eligibility for post-season play

Player - Suspension/Expulsion from the league

Others (anyone knowingly aiding in the violation, may include family members)

- Suspension/Expulsion from the league/league games.

Teams who have had a forfeit for using an ineligible player are out of the tournament unless

Approved by NCHEAC Council on appeal (\$50 fee to appeal)

Any violation of using a non-rostered player will result in \$50 fine for first occurrence(athlete)

\$100 for each subsequent violation.

ANTI-RECRUITMENT RULE
Coaches, tutors, athletic program administrative personnel or other persons known to be associated with the homeschool athletic program (parents or people acting on their behalf), may not initiate contact with a student athlete who played on another NCHEAC member team in their sport in the previous 12 months to encourage him or her to play or practice with their team.
Once a parent of the athlete or student-athlete has made the initial contact with the homeschool athletic program's coach or administrative personnel, then coaches or other representatives of the homeschool athletic program (here after referred to as the "the program") may approach the student about the program, provided they have not been on the roster, in their sport, of another NCHEAC Program during the current or previous athletic year.
<u>The following are examples of inappropriate student contact:</u>
1. Coaches, tutors, athletic program administrative personnel or other persons known to be associated with the homeschool athletic program (parents or people acting on their behalf), approaching any student athlete before, during or after any athletic contest for the purpose of interesting that student in their program.
2. <u>Coaches or athletic program administrative personnel known to be talking with a student-athlete from another NCHEAC member program about switching to their program:</u> If such contact is initiated by the athlete or athlete's parent (or other representative), it is the responsibility of the athletic program's personnel to refer them to the NCHEAC Non-Transfer Rule or to NCHEAC via the website or e-mail at: sports@nche.com .
3. Coaches found to be engaged in encouraging league players to leave their team/program will be suspended 1 (ONE) YEAR. A second offense will result in a 3 (THREE) YEAR SUSPENSION.

SCHEDULING SECTION
<p>1. To be eligible for post season, teams must play each member in their conference twice in a home and away arrangement unless both teams agree on a neutral site. Statewide leagues shall play each other once. New teams must accommodate the schedules of existing teams.</p>
<p>Teams are not to move make-up games into the final 2 weeks of the season for games canceled before the final 2 weeks. Remember, Boys Soccer, Volleyball, and Basketball, end their season on Friday, a week before the Friday of the scheduled tournament. The following day is not part of the regular season, it is our established cancelation game make-up day. Leave room in your schedule for rescheduled games.</p>
<p>2. Do not schedule games in facilities unless facility availability can be assured and that the facility is at least the quality of private school (facility must meet requirement of NFHS Rules). If the host team cancels due to lack of gym availability and is not able to reschedule, that would count as a forfeit.</p>
<p>3. <u>Game Cancelation Policy of required games :</u></p>
<p>If a team needs (has less than the required number of athletes per NFHS Rule Book) to cancel a game/match, the following items must occur:</p>
<p>(a.) The team requesting the cancelation must give a minimum of 72 hours' notice (except in the event of inclement weather, which could result in less than 72 hours) to the opposing team. Failure to do so will result in a forfeit, unless an appeal is made to NCHEAC and receive an exception. Proper notification shall be a returned e-mail or phone call prior to 72 hours before game time from the appropriate team contact acknowledging the cancelation.</p>
<p>(b.) NCHEAC must also be made aware of any cancelation and must also be notified of the rescheduled date as soon as possible. Scheduled regular season games are to be completed before the post season tournaments. Any regular season game postponed or suspended must be rescheduled and played within 2 weeks unless mutually agreed upon by the two teams involved & approved by NCHEAC.</p>
<p>(c.) If needed, regular season contests outside of required NCHEAC conference play (non-conference homeschool, private school, and public school games) must be canceled to accommodate the required conference make-up games.</p>
<p>(d.) If a game is canceled by both teams, it must be made up on the date when the home team can secure facilities. If only 1 team canceled, then the team which canceled must cancel, if necessary, any game not required in the NCHEAC League in order to make up the canceled game.</p>

<p>(e.) The Saturday of the final week of the season will be reserved for make-up games which were canceled due to inclement weather during the final two weeks of the season. (Some sports may also set aside the Friday of the final week of the season as an additional make-up game day.) No games may be scheduled on this day unless canceled due to inclement weather in the final two weeks of the season. The following Monday may be used only with consent of NCHEAC in the case where the Saturday make-up date was used and there is still at least one required game to make-up, or the Saturday make-up game was canceled due to inclement weather. Any regular season game not made up before the postseason tournaments, whether the game was not played due to inclement weather or not, NCHEAC has the authority to hear an appeal from both teams and determine if a forfeit should be handed out and to which team(s).</p>
<p>(f.) Game cancellations, other than for weather, should be due to not having enough players due to death or sickness, not because players scheduled other events. (This applies even when the best player is not available.) Games must be played if the team has the NFHS minimum number of players, and the facility meets the NFHS requirements.</p> <p>If fewer than the required number of officials are present, the game/match can proceed if both teams agree. Otherwise, the game must be rescheduled within two weeks. It is the Home Team's responsibility to work out the arrangements.</p>
<p>(g.) Teams are strongly discouraged from playing non-conference teams that use players who played in the conference and then joined the non-conference team without sitting out a year (violation of the Non-Recruit/Non-Transfer Rule). NCHEAC, once they become aware of such non-conference teams, will notify conference teams of their existence. NOTE - NCHEAC will monitor this situation to see if playing these teams need to be changed to a forfeit.</p>
<p>(h.) Regular season games against teams in another NCHEAC region are considered non-conference games and are restricted to the conference roster submitted to NCHEAC.</p>
<p>(i.) Failure to attempt to make up any conference regular season contest WILL result in a forfeit. Note: Should inclement weather cancel more games than can be made up, NCHEAC will decide which make-up games should take precedent, as this could affect regional tournament seeding.</p>
<p>Note. For soccer, once the season begins, matches must be played unless canceled due to weather, field conditions or having less than the minimum number (8) of players per NFHS rules or an emergency approved by the NCHEAC Council.</p> <p>NOTE: see Scheduling 3(f)</p>
<p>NCHEAC has the authority to award forfeits to teams that do not abide by the stated rules.</p>
<p><u>How conferences are made up:</u> Moved to website only</p>

FEES SECTION	
See Website	
1. NCHEAC does not give team or individual refunds unless a tournament is canceled.	
2. NCHEAC does not give individual registration refunds unless a doctor's note is given.	
A team which recruits a website sponsorship shall receive a 50% team discount for the season.	
UNIFORMS SECTION	
1. Team sponsorships are not allowed on uniforms. (See NFHS rules.)	
2. The inseam of the short length must be at least 5 inches and be loose fitting. First violation - warning. Second violation – Forfeit.	
3. Consult NFHS rulebook for rules and guidelines for uniforms. This includes what color home team wears, size and location of lettering and numbering, validation of numbers, etc. Illegal uniform numbers will result in penalties specific to each sport, e.g. technical fouls in basketball.	
4. All new teams and all teams ordering new uniforms, must submit a proof picture of the front and back of their new uniforms before ordering to ensure they are in accordance per NFHS rules	

NCHEAC LEAGUE POLICY MISCELLANEOUS SECTION	
<u>GATE ADMISSION</u>	
It is the responsibility of the home team that charges admission to notify the away team at the time of the scheduling of the game. Teams that are playing home and away should be made aware of this fact before either team visits the other.	
<u>OFFICIALS</u>	
See related sports appendixes on the website. Rules: (Unless NCHEAC states otherwise, all rules related to a particular sport will be under the NFHS guidelines.) Each coach is encouraged to purchase a current NFHS Rulebook. NFHS = National Federation of State High School Associations http://www.nfhs.org/	
<u>REPORTING SCORES</u>	
Email scores to scores@nche.com or text to league coordinator (ask for the number).	
It is the responsibility of the coach or designated person from both teams to report conference only game/match scores. These should be reported preferably the day of the game/match, but no longer than 24 hours later.	
If only one team reports a score, this score will become official after 24 hours regardless of which team reports it. If neither team reports a score, it will be recorded as a 0-0 tie.	
<u>PROTESTS</u>	
Game Protests should be sent to the director via the e-mail address: sports@nche.com which will be monitored by the director.	
Player Appeals regarding eligibility must be done in private.	
<u>MULTIPLE TEAMS FROM SAME PROGRAM IN A DIVISION</u>	
For volleyball and basketball only, if a program has enough players for a division in which it would be the only team in the state at that age level, then the program could play this lower age team in the next division up, meaning the program could enter 2 teams into the league play. This will be a separate team and players will not be shared amongst teams within the program at any time. NCHEAC reserves the right to monitor this year by year for other sports.	
If a program has 2 teams in the same division, when they play another program, the program with 2 teams must play their strongest team first if playing on the same day. This will be determined by standings once there is a differential in the standings.	
<u>FAMILY EMAIL NOTIFICATION</u>	
It is the responsibility of each program to forward league emails to their families if e-mail addresses for those families are not provided on the roster form.	
<u>AUDIO-VIDEO RECORDING</u>	
<ol style="list-style-type: none"> 1. There shall be no recording within 15 feet of the opponent's bench. 2. Players pictures/video from games or team pictures may appear on the website. (By attending an NCHEAC event, an individual is consenting that a picture, image, or video of them may be displayed on the NCHEAC website or other internet sources.) 	

SUSPENSIONS/EXPULSIONS SECTION
If a player is placed under discipline by their program, NCHEAC will recognize the following:
<p>Suspension – a temporary (up to 30 day) removal from team activities while going through an internal disciplinary process. At the end of the suspension period, the player must either be reinstated or expelled from the program. A player who is in this status is not allowed to move to another team in the league during the suspension.</p>
<p>Expulsion – A permanent removal from a league program. A player who is expelled is not eligible to go to another team for 12 months. Reinstatement in the league must occur before the final roster deadline for the following season and the player’s family must apply to the NCHEAC Council for reinstatement. The application for reinstatement may be made up to 2 weeks before the end of the 12-month expulsion. A player may not be added to the league roster until the reinstatement has been approved. No player or coach with an existing Temporary Restraining Order filed by any league, player, coach or personnel may participate in the league.</p>
<u>COACHES CODE of ETHICS</u>
<p>The function of a coach is to educate students through participation in interscholastic competitions. An interscholastic program should be designed to enhance academic achievement and should never interfere with opportunities for academic success. Each student-athlete should be treated as though he or she were the coaches' own, and his or her welfare should be uppermost at all times.</p>
Accordingly, the following guidelines for coaches have been Adapted from NFHS.org Coaches Ethics.
<p>The coach shall be aware that he or she has a tremendous influence, for either good or ill, on the education of the student-athlete and, thus, shall never place the value of winning above the value of instilling the highest ideals of character.</p>
<p>The coach shall uphold the honor and dignity of the profession. In all personal contact with student-athletes, officials, athletic directors, school administrators, their state high school athletic association, the media, and the public, the coach shall strive to set an example of the highest ethical and moral conduct.</p>
The coach shall take an active role in the prevention of drug, alcohol and tobacco abuse.
The coach shall avoid the use of alcohol and tobacco products when in contact with players.
The coach shall promote the entire interscholastic program of homeschooling.
<p>The coach shall master the contest rules and shall teach them to his or her team members. The coach shall not seek an advantage by circumvention of the spirit or letter of the rules.</p>
<p>The coach shall exert his or her influence to enhance sportsmanship by spectators, both directly and by working closely with cheerleaders, pep club sponsors, booster clubs, and administrators.</p>
<p>The coach shall respect and support contest officials. The coach shall not indulge in conduct which would incite players or spectators against the officials. Public criticism of officials or players is unethical.</p>
<p>Before and after contests, coaches for the competing teams should meet and exchange cordial greetings to set the correct tone for the event.</p>

A coach shall not exert pressure on faculty members to give student-athletes special consideration.
A coach shall not scout opponents by any means other than those adopted by the league and/or state high school athletic association.

NOTE: Adapted from NFHS.org Coaches Ethics
<p>Principle: North Carolinians for Home Education is a Christian organization designed to strengthen and support home education. Since the NCHE Athletic Commission (NCHEAC) is an extension of this organization it has as the mission of operating under Biblical principles.</p> <p>One of those leading principles is: "Whatsoever you do, do it all for the glory of God." Since this principle should not end when we cross the lines of an athletic field/court or when we enter the stands of an athletic event.</p>
<u>The NCHEAC has adopted the following rules:</u>
1. All participants of NCHEAC teams and programs shall behave in a way which cannot be construed as confrontational or as a verbal assault against any official, league/team official, fan, player, or parent.
For the integrity of our league the NCHEAC council recommends you do not use non NCHEAC rostered players in nonconference games
2. Any league/team official, coach, player, parent or fan may be subject to disqualification or ejection from NCHEAC sanctioned games and tournaments for violation of these Rules of Behavior.
<p>3. The National Federation of High Schools makes a distinction between disqualification and ejection.</p> <p>A DISQUALIFICATION is when a coach or player is assigned two (2) technicals or 2 disciplinary cards in a game for either rough play or improper speech directed toward an official. The results of DISQUALIFICATION is removal from the game/match in which the second technical is assigned.</p> <p>An EJECTION is an automatic removal, even on the first offense.</p>
<p>NCHEAC considers the following 7 behaviors to be unacceptable for our league and it is up to each program to maintain the integrity of the league.</p> <p>All disqualification, ejections, should be reported to NCHEAC.</p>
<p>A. Fighting which includes, but is not limited to, combative acts such as:</p> <p>(i.) An attempt to strike an opponent with a fist, hands, arms, legs or feet</p> <p>(ii.) An attempt to punch or kick an opponent, regardless of whether or not contact is made</p> <p>(iii.) An attempt to instigate a fight by committing an unsportsmanlike act toward an opponent that causes an opponent to retaliate</p> <p>(iv.) Leaving the bench area to participate in a fight (contact or no contact)</p>
B. Speaking disrespectfully to an official (It is the official's discretion as to whether this a simple technical or an ejection offense.)
C. Biting observed by an official
D. Taunting, baiting or spitting toward an opponent
E. Profanity, directed toward an official or opponent
F. Obscene gestures, including gesturing in such a manner as to intimidate

G. Flagrant Foul for one of the above offenses
<p>Any EJECTION (from league or non-league) game/match, carries with it an automatic 2 GAME/MATCH suspension in addition to the game/match in which the EJECTION occurred.</p> <p>Note.
