Enter the name you want on the certificate; be sure this matches the name in your manager account and click submit. IE don't put Dave in your account and then list David on this screen.

Go through all 5 sections and answer the quiz questions. At the end you will get a pop up to enter your name for your certificate. Once you hit submit a window will pop up showing your certificate. We recommend you print this screen to a pdf or take a screen shot. You should also get the certificate via email but you must make sure you have access to the email listed in your coaches account.
