## ON THE COVER

"Well 20/20 Photographic is now wrapping up their 15th season with the Edmonton Huskies. Wow, hard to believe it has been that long. This year saw a number of changes within the organization, largely due to Covid. I've got to tell you, I am so done with Covid. While there was still hope for the 2020 season, we decided to shoot and design the program cover for the 2020 season in early June. At the last minute, we decided to shoot a second set of photos for the 2021 season, just in case the 2020 season didn't happen. Well, it didn't. This left me with over a year to work on it. Far too much time. We took a number of players down into the locker room at Huskie House and did some individual shots and group shots, aligning the players uniforms to show either 2020 or 2021. Now, for those of you that have not had the pleasure of touring the locker room, let me paint you a picture. It is small, yellow, pretty tight, yellow, with the old florescent lighting that makes everything seem a little on the yellow side... and did I mention, yellow? Oh yeah, there is a fragrance in the air that will immediately catch your attention. Working different angles, lighting and uniform combinations, we came up with what we thought was a pretty cool cover featuring two of our fifth years players.

On a slightly different note, the previous game day program which was handed out at each home game, has now been changed to a single edition year-end review. As a photographer this allows us to put in pictures of this year's players, this year's All Canadians and this year's team photo. A real keepsake for years to come.

For those players and families leaving the Huskies program, we wish all the best to you. Keep in mind that you never really leave the Huskies Family. Once a Huskie, always a Huskie.

# TEAM PRESIDENT - Curtis Craig

Let's play ball! Okay, maybe not the right sport but it seems appropriate after having to wait for nearly two years to see Huskies' football return to the playing field. Firstly, on behalf of the Board of Directors, we would like to extend our thanks to all of you for the support and understanding we received in 2020, arguably the most difficult year in our history, as we had to make the tough, but correct decision, to cancel the entire season. I would like to also thank all of you for joining us in supporting and cheering on the Huskies in the 2021 season. Without the continued support of the directors, coaches, support staff, alumni, sponsors, volunteers, and our fans, we could not continue to provide the local community with the high level of entertainment that we see from the Edmonton Huskies each week. Special thanks to the Edmonton Elks for their generous support through the 50.50 at Elks' home and away games.

The success of the Huskies' program is exemplified by the vast achievements of our alumni. While some enjoyed the privilege of playing in the CFL, many have become leaders in the community. The alumni are the backbone of the Huskies' organization; some have returned as directors or coaches, others loyal supporters, but all have ensured the continued success of the program. The culture of our team is one of family, respect, and commitment. These are not just strong values to follow on a football field but values these young men will use as they grow and become active members of our society. The discipline of training, learning teamwork, following the leadership of coaches and captains, learning to lose, provide invaluable lifelong skills for athletes. As the legendary John Wooden stated, "Sports do not build character, they reveal it." Heartfelt thanks to our Alumni Board of Directors who continue to provide tremendous support to all aspects of the Huskies' program.

The 2019 season seems like a distant memory. We again enjoyed great success on the field. For several years now, the Huskies have been one of the most competitive teams in the PFC and 2019 saw the Huskies finish in second place for the third year in a row, tied with Regina with a 6-2 record. The Huskies finished with the number one ranked defence and the 2<sup>nd</sup> best offence in the PFC. The PFC semi-final had the Huskies travel to Regina with the Thunder seeking to avenge the Huskies' 2018 semi-final 39-36 overtime win. The teams did not disappoint and provided another thriller with the Huskies prevailing 20-17. The following weekend the Huskies travelled to Saskatoon to meet the Hilltops in the PFC final. The injury-riddled Huskies put up a good fight but fell to the eventual CJFL champions 30-14.

The 2021 season welcomes a new Head Coach with former Defensive Coordinator Jeff Tobert taking the reins following Iain Maclean's departure to eastern Canada to pursue a very promising career opportunity. I would be remiss if I did not acknowledge the tremendous contributions of Iain to the Huskies' program. In his eight years as Head Coach, Iain provided consistent improvement and stability to the football program. He guided the team to four consecutive playoff berths including two conference final appearances. Iain instilled the virtues of enthusiasm, great effort, and pride in the players. He is a cherished member of the Huskies family and in this regard, we are pleased to advise that Iain remains part of the organization, joining the Board of Directors.

We are thrilled that Jeff returns with almost all of the 2019 coaching staff intact and through their tremendous commitment and work ethic they continue to bring stability and pride to the football program. Jeff and his experienced coaching staff have done a great job recruiting in the off-season and we are certain that this year's team will play a tough, disciplined brand of football. The return of key veterans coupled with exciting new prospects will only bode well for an exciting 2021 season. Best of luck to the Edmonton Huskies and all other members of the Prairie Football Conference. We look forward to seeing our great alumni and our loyal fans at games to cheer on a team with lots of promise.

## HEAD COACH - Jeff Tobert

Thank you all for your support in another year of Huskies Football. It has been a long off-season and the players, coaches, and entire Huskies family are excited for 2021. As we move into a new season with a new group of players, the mindset and values of our team remain the same - to put forward an elite football product on the field, while making great men off of it. I am proud of the work the players and coaches have put into winter and spring programs, despite the challenges of the Covid-19 pandemic.

The loss of the 2020 season and the challenge of continuing to train during Covid, has only strengthened our resolve. This group of Edmonton Huskies is an incredible assembly of great young men who exemplify our core values. It is not often that you get to have a sixth-year quarterback lead your offensive unit. Veteran quarterback Declan O'Flaherty enters his last season with the Huskies as just that. His leadership and strong off-season preparation should make for an exciting year for our team.

On the coaching side of things there have been some changes on the staff with Branden Modin taking over the defensive side of the ball. Branden is in his fifth year with the Huskies and I am excited to see the same physical attitude from the black shirts on Defense, which led the league in 2019, as they continue to build and improve on our last season's performance. Marcus Henry takes over running the offensive side of the ball and this season we expect to see this veteran group start quickly. I am really excited to see both of these incredible football men lead our defense and offense this year. This Family has come together over a long off-season, with only one goal in mind, and we are excited and thankful that you have chosen to be a part of it.

# Edmonton Huskies Alumni Society

Welcome to a new football season in the Canadian Junior Football League [CJFL] and the Prairie Football Conference [PFC]. I'm not sure that there has been a more anticipated, yet uncertain start since the Edmonton Huskies' inaugural year, in 1954. While there surely is much excitement and a great desire to get this season underway, it has not happened without the significant 'behind the scenes' work done by the Board of Directors of the Edmonton Huskies, the coaches, operational staff, and countless volunteers. Thank you to everyone for your commitment to the Huskies and football, in general. The restart of the Huskies could not be possible without your collective efforts.

This is certainly the year where resilience and adaptability will play a crucial role in the success of the club, both on the gridiron and along the sidelines. Organizations like the CJFL, the PFC, and the Huskies depend on clearly defined rules to be successful. As COVID-19 protocols and guidelines are almost certain to change throughout this season, we could be in for a rollercoaster ride like non other. That means that this season is wide open when it comes to opportunities, or the need, for reflection and change.

In looking back at how the Alumni Society has supported the Huskies in the past, we are excited to announce that we will be taking this period in our history to explore some possible permanent changes to what the fans and players have come to know as the Game Day Program. Gone will be the single print magazine that has traditionally been published prior to the team's first home game. In its place, the Alumni Society plans to publish a unique Game Day Roster for each of the Huskies' home games. In addition, a Year in Review online publication will be posted on the Edmonton Huskies website as the season progresses. Essentially, it will serve as an historical record for the club's 2021 season. The goal of this 'yearbook' will be to capture a fulsome record of the Edmonton Huskies' entire 2021 season. It will include the team's final player roster, statistics, and award recipients.

Finally, I would like to wish new Head Coach Jeff Tobert, new General Manager Jason Lorrimer, and their respective staffs all the best as they continue their quest for excellence in developing fine young men and a top-notch football program. Go Huskies!

Regards,

Paul McCann

# Edmonton Huskies 2021 Graduates

# Tribute to Rocky Hanson

## Former HUSKIE is Edmonton's TOP COP! And He's Not in the Canine Unit!

By: Chris Durham ('82 to '86)

A tribute for your best pal usually comes in the form of a verbal pat on the back: "Nice drive, buddy!" or "Congrats on your kid's graduation" or as a playful ribbing "You used to be able to backpedal without falling over!". This tribute though, for former Huskies defensive back/safety star Rocky Hanson ('84 – '88), carries a bit more weight — it recognizes his dedication to mentorship, volunteerism, and community.

Many of us know him simply as "Rock" — a feisty Huskie teammate, unwavering friend and committed community builder. He has spent the past twenty years working with young Edmontonians as a football, hockey, soccer, and boxing coach. While president of the Burnwood Community League, Rock has helped raise funds to build two playgrounds and a multipurpose rink. He has also helped to establish two community programs: one that gets kids involved in sport and recreation and another that provides nutritional needs to students. These are just some of the examples why Rock (or rather, Detective Rocky Hanson) was named the Kiwanis Club of Edmonton's TOP COP in 2020.

For most of us who know and love Rock, our response upon hearing of this accolade was "It's about time!" Anyone who has come to know the 13-year veteran of the Edmonton Police Service knows his unwavering dedication and tireless efforts in stepping up for others and NEVER turning his back on tough situations or those in one — both among his friends, at work with victims of crime, and even those who initiate it...

Being named TOP COP and his rise up the ranks within the Edmonton Police Service is a testament to two things I've observed in my 40-year friendship with Rock — courage and caring. At Scona, where he once played and has coached football in two stints over the past decade, players love and respect Coach for his motivation and

the one-on-one belief in each and every individual. He connects with youth more than anyone I know: whether it be a hug for a kid who missed a game-winning pick or not thinking twice about giving away his coach's gift card to a player he knew was hoarding team meals because he had no food at home. Players seek him out for personal guidance because they trust him. They know he has the life experience — both good and bad — to be a listening ear and a voice of support. When one kid got in trouble with the law, it was Rock who was there for him advising him to take accountability, make amends, and learn and grow from the youthful misstep. You

feel that no matter what you did or where you're at in your life, you can talk it out with Rocky and if you want advice, his words will be genuine and real.

His commitment was born from his own journey. He made some bad decisions as a teen, he had attitude, he was the kid you didn't mess with and, even Rock admits, needed a wake-up call before he went down a road he now polices. As a gifted and intense athlete, football became the catalyst in turning his anger into steel-eyed focus on the field and a "team first" attitude that gave him purpose and a sense of belonging — two major gifts this game brings many young athletes. Football and his time with the

Huskies became the springboard to grow athletically, personally, and to make a difference.

After his time with the club, Rocky went on to play free safety in the U.S. with Dickinson State, where he earned All-America honors ('88 - '91) before being drafted by the Toronto Argonauts in 1991. In 2015, he and his brother (Dan – another standout Huskie alumni) were inducted together into the DSU Hall of Fame – an honor they both take great pride in.

After hanging up his pads, he would go on to play for almost three decades in the Edmonton area touch and flag football leagues, winning many championship trophies and earning legendary status for his contributions and successes. His son Brady, a “chip off the old ROCK!” also played safety at Scona and he and his Pops were able to play together in the local touch football league before Rocky gave up the game competitively and focused on his golf exploits.

In addition to the Kiwanis Club recognition, Rock has earned not one, but TWO National Awards of Heroism: one for carrying seniors over his shoulder out of a burning building and another for talking someone down off a bridge. Interestingly, both these incidents happened BEFORE he was even a member of the Edmonton Police Service.

We say as Huskies alumni that we are not just nurturing fine athletes, but the goal is to also produce fine young men who will give back. Rocky Hanson is a shining example of that mantra and he continues to pay it forward to ensure the next generation of youth also know hope and help are the best gifts you can share with someone in need.

The TOP COP award is given out annually by the Kiwanis Club and has been presented to 45 EPS officers since 1976 to recognize their community involvement. As part of the award, \$1,000 was donated to the Jambo Boxing and Fitness Centre, where Rocky volunteers to help kids get involved in sport.

Speaking before presenting Hanson with his award, EPS Chief Dale McFee said this detective represented the best values of the police service.

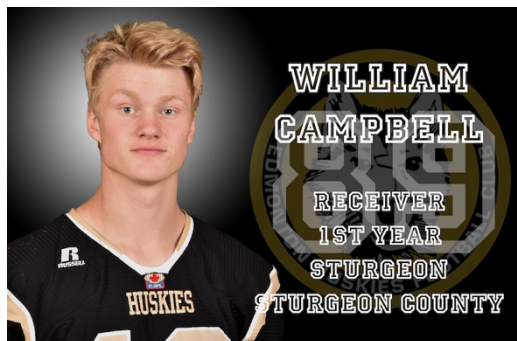

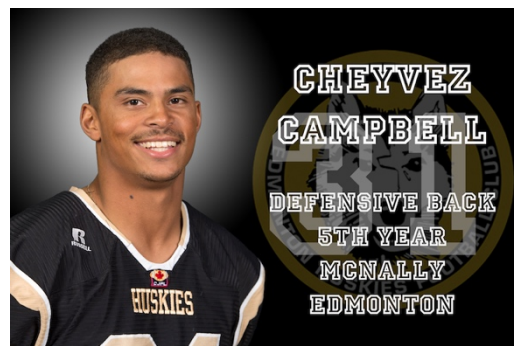

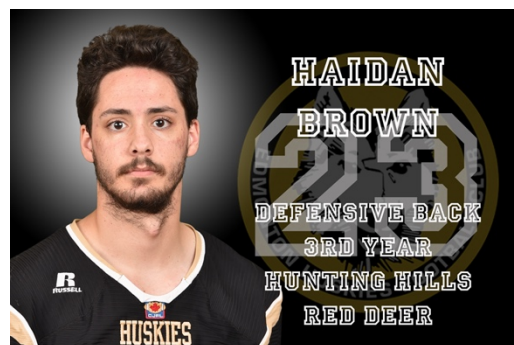

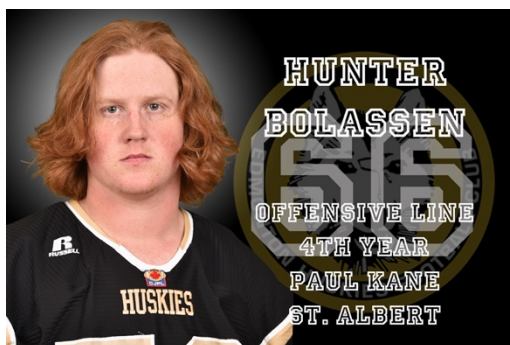

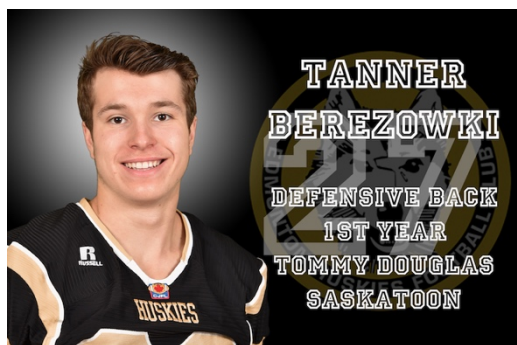

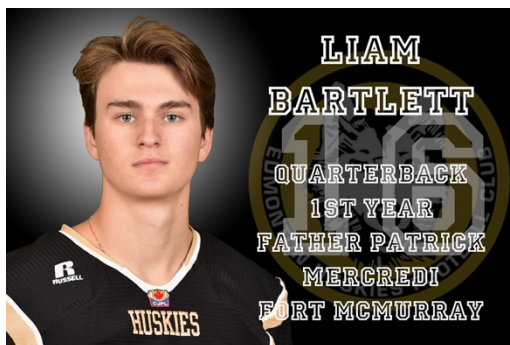

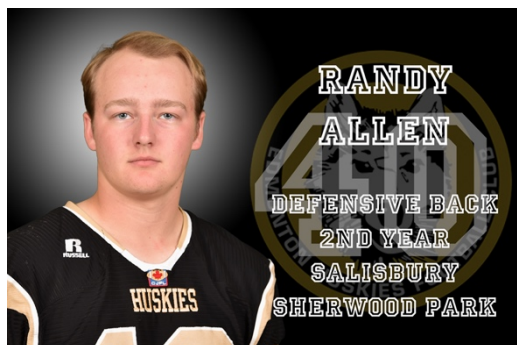

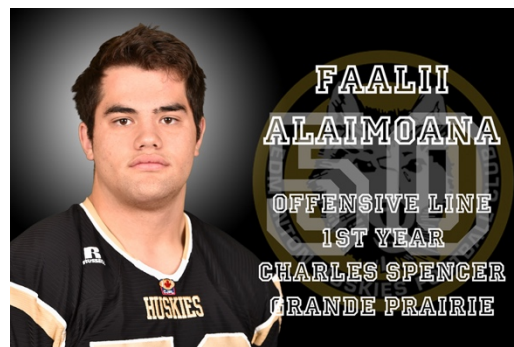

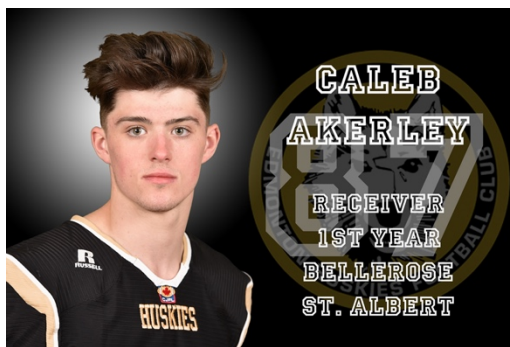

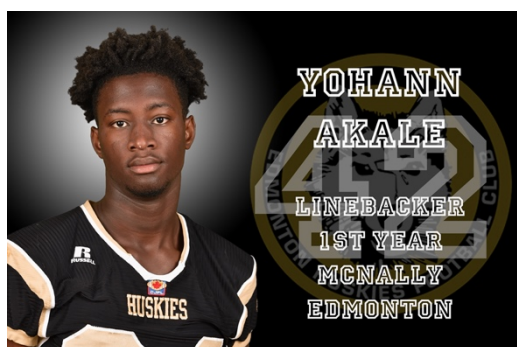

*“I just want to take a second to reflect what this actually means, as a police chief, to have people like Rocky in your organization. It's not only humbling. It's a great sense of pride, it's a great sense of accomplishment and a great sense of what we're actually trying to accomplish as a police service,” said Mcfee. “I think you've set the example and set the bar very high for many others.”*

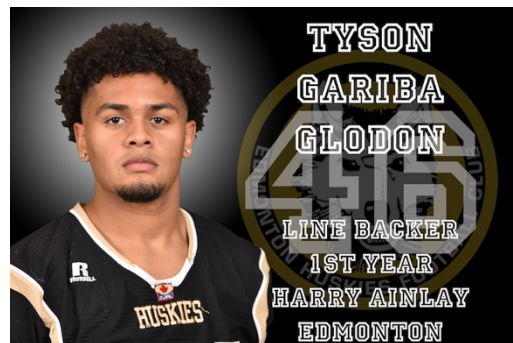

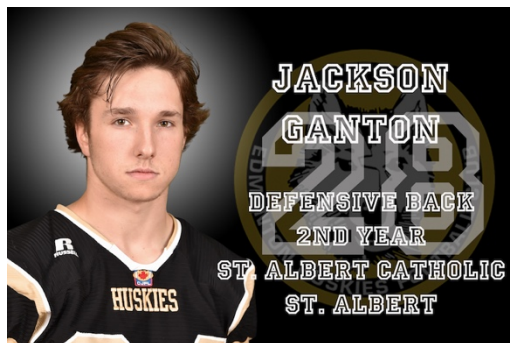

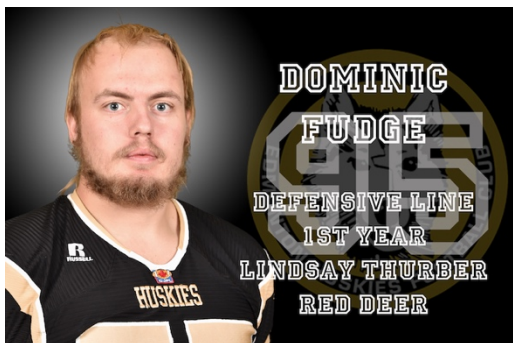

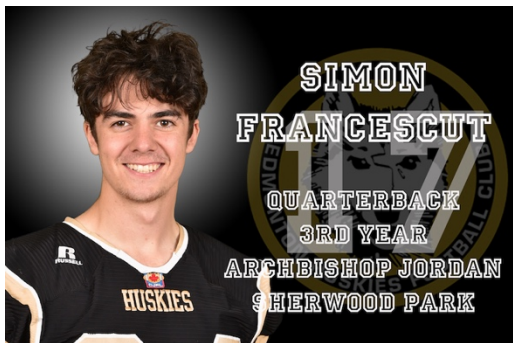

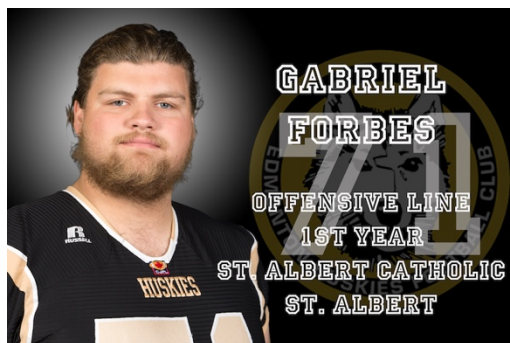

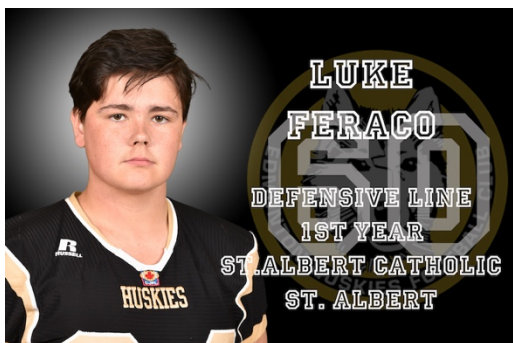

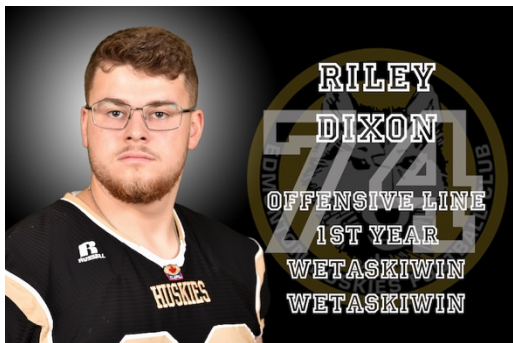

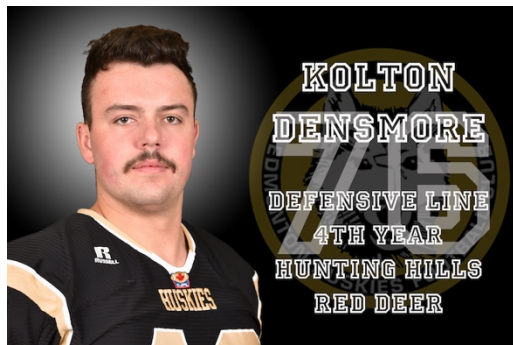

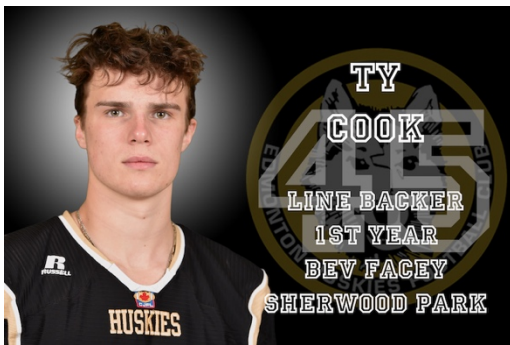

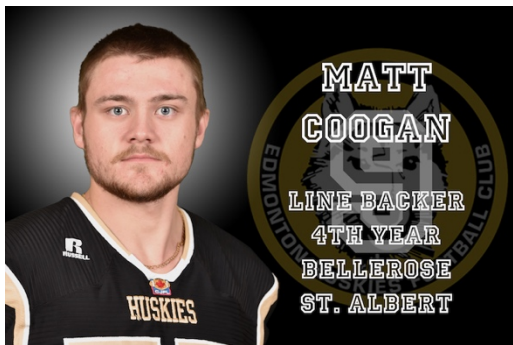

Rocky lives in Edmonton with his wife Cathy and has three grown children: Brady and daughters Shelby and Sydney.

## DILLAN NEUFELD

The Edmonton Huskies always break down to the chant "FAMILY"!

This season, the Huskies lived out what that word truly means as we grieved together the passing of our teammate, defensive lineman and long snapper Dillan Neufeld. In November Dillan succumbed to his eleven-month battle with Angioimmunoblastic T- Cell Lymphoma.

Dillan passed away quietly on his family's farm near Neepawa, Manitoba, surrounded and supported by his loved ones. Our thoughts and prayer go out to Dillan's friends and family during a tragic time of loss.

# HUSKIES 1964: from the trenches or as I remember it

Submitted by Ivan Bering ('64)

## **A STRANGE INTERVIEW**

There was a real gang at my interview for a coaching job: Head Coach Joe Hutton, Bob Bateman, Don Hamilton and I think someone from the executive. The biggest concern was to make sure I understood that this team would not repeat; that is, they had lost 15 starters and it was not likely they would win another Canadian Championship.

## **BEGINNING OF THE SEASON**

The first day of practice I was introduced to Dustin (Paul) Brady who was to be the line coach. This was a bit disconcerting because I thought that was my position. Since Dustin was a Huskie grad, he knew all their drills and mode of operation — so I went with the flow.

The group was a mixed bag of some veterans and a lot of rookies. Although everyone was friendly, I judged that some of the veterans were carrying attitude — no need to get excited and work too hard. Besides, they had been champions and knew the ropes. It appeared these guys were committed to completing their final year but it would be more of a last hurrah rather than a championship year.

Alice (Ron Forwick) could have been playing for the Eskimos. I was surprised to see him in camp. I had coached him and Big Al (Al Gordichuk) during their last year at Vic high school.

The first few games were not pretty. We had our moments but were struggling. At our second game of the season, we were in Calgary playing the Cougars. Joe was not with us (some injury or illness kept him in Edmonton). Bruce Bryson was handling the bench and Dustin and I were upstairs. The wind was unbelievable and neither team could do very much. Near the end of the game (with no score) Dustin and I decided the best strategy would be a surprise quick kick. The problem was the bench phones were suddenly dead and it was too far down to be able to run down and get the message to Bruce. Because our bench was directly below our observation booth, we decided to lean out of the booth and yell down to Bruce. After our first few attempts which the wind kept from reaching our bench, the Calgary fans below us decided to help. Soon we had the entire west side yelling down to our bench. A chant filled the west side stands, "Bruce, quick kick... Bruce, quick kick". Our surprise vanished but we did win 1-0 — a penalty gave us a chance for Jon Sterling to boot it out of the park.

Dustin Brady soon left us to join the Golden Bears. Now there were only three of us coaching; we must have had the smallest coaching staff in the conference. No one was dreaming of third Canadian Championship.

## **MID-SEASON**

Sometimes we won but many of our games were close — 8 to 7 or 14 to 9. Sometimes we lost. The good news was we discovered we had a strong back up for quarterback Tony Rankel — Bob Wanzel played a great game against the Wildcats.

Alice was not having a great season — the damn fullback (Bob Baron) from the Wildcats kept cutting him down and his pass rush was suffering. I put in an old Blue Bomber drill to assist in keeping blockers from getting at your lower half and rolling into your feet. I was surprised how well received it was — even the linebackers were eager. I think they wanted to prove they could handle the blockers.

Trainer Monty Ford got arrested at a game. Some of the Wildcat fans had been heckling him all season. They made a game of it and always got seats right behind our bench. This time he blew and before Joe or I knew what had happened he was up in the stands at someone's throat. It was not an easy climb to get up in the stands. I was surprised he was that agile. Head Coach Joe Hutton flew over the barriers and hauled him back, but it was too late.

# HUSKIES 1964: from the trenches or as I remember it

Some of the rookies were starting to come around. They had a lot of enthusiasm and it was rubbing off on the veterans. Although we were not consistent, our practices were better and the bags were getting a good work out. Larry Bird was a horse and no one could move him, even with a double team. Our guards were crisp. Warren Hansen was the veteran but our rookie Don Yohimas was keeping up with him. The Gilbert brothers (Dave and Peter) were a real treat — tough and eager. Len Luders was getting better with each game. Ralph Rasmuson was an emotional player and strong for such a thin guy. 'Cherry' (George Spanach) was getting his focus where it should be. Ron Shymka was solid and Vic Justik was playing like a wounded badger.

We beat the Wildcats in the opening play-off — two games in a row and won the Alberta Provincial Championship. Both games were close and at times it was hard to believe we had won.

## **THE PLAYOFFS: Vancouver**

Joe Hutton and I went to Saskatoon to scout the Saskatchewan final. Regina, the underdog, knocked off Saskatoon who had been the top of their league all year. It was an evening game and we stayed overnight with a promise of a ride back with a friend of Bruce's, in time for our next day's play-off game. Unfortunately, we were late getting away and our driver believed in driving the speed limit. Once Bruce and I got a chance to drive we make up some time, but it was very late when we arrived in Edmonton. We got dropped off at Clarke Stadium and Joe was frantic. He had to handle the warmups by himself and wondered what the hell was going on (no cell phones in that era).

The Manager of the Vancouver Blue Bombers stopped us and requested our scouting report. Obviously, he was very confident. This was supposed to be their year, with a seasoned team and an all-star halfback who the BC Lions were interested in. They had accumulated 216 offense points vs 82 against.

We had an extra week of practice waiting for the BC winner to be declared. The lay-off hadn't helped us. We couldn't seem to fire off the line. Every time they got the ball, they marched down the field. We sagged and let them march close to the red zone and then we tightened up — thank God they didn't have a good field goal kicker. In the second half we found our legs and the boys were really popping off the line. A number of guys had a great second half. We had 11 rookies in the starting line-up — what the hell, we won 13-0.

Back at the clubhouse the coaches discussed the game and debated about our strategy for the next week of practice which would be a short week because we had to go to Regina. None of the coaches liked the first half we played against Vancouver. We couldn't afford another half like that one.

Joe asked, "Should we go to full contact?" We decided to run hard practices, but no full contact.

## **WESTERN FINAL: Regina**

The practices that week were intense. The bags were popping again. I am sure a number of linemen went to sleep hearing, "Hit, hit, roll." Guys were jumping to every whistle and command. Alice and Warren were leading the way. There was no doubt we were now a team with a purpose — I know it had been building for some time, but how it all happened, I don't know. We looked damn good.

When we hit Regina, their organization invited our team to a big celebration party. We declined, which meant it was up to the coaches, who had to go and drink all the booze — just kidding about the drinking part.

Tony Rankel was worried about Alice. So, I watched him closely on his first defensive series. He smashed his opponent so hard it appeared the guy had been hit by a truck — Forwick lifted him off his feet a few inches and drove him back about 3 feet. I knew we were in business.

The Regina Rams had a huge defensive line. Their weakness was that they had been working all year on developing a pass rush to stop the Hilltops. They were not used to defending a running game. We ran traps on them all day long. On the second or third offensive play we ran a tackle trap and Len Luders hit their charging lineman so hard they had to bring out a stretcher.

The final score was 43- 8. The reason they got 8 points was because near the end of the game, we were giving everyone a chance to play different positions. At one time we had all three quarterbacks on the field playing defense.

### **THE DOMINION FINAL: NOTRE-DAME-de-GRACE MAPLE LEAFS**

We had a great week of practice. Everyone was ready, crisp and explosive.

In Calgary at the breakfast meeting, I got handed a difficult job. Joe and Bruce had the players they wanted and now I had to select who else was to dress. One of the hardest decisions I made all year — I decided not to dress Colin Cross. He had started many games for us, but his late season injury allowed other players a chance to shine. I selected Ralph Rasmuson instead and then I had to explain my reasons to Colin.

We flew out of the gate — everything worked. It was early in the game and Joe called for a third down gamble — he wanted place kicker Jon Sterling to pass. There was some tension on the sidelines, but Jon was the coolest guy on the field and his receiver, Keith Mercer, as always was a rock — no problem, a first down.

In the second half the Montreal offense got rolling. They did what they had been doing all year — mounting a big comeback with their spread formation. This was how they had been defeating teams throughout the season with massive second half comebacks. Their passer was deadly accurate, and our defense struggled to stop them. Our offense was able to match their point total — we each scored 27 points in the last half.

A 'Hollywood Moment' did occur during the game. We couldn't seem to get enough pressure on the quarterback. About midway through the fourth quarter, I decided to make a change. Ralph was fresh but before I put him in, I gave a short pep talk — "For Christ's sake we need the ball. See if you can knock something loose." Of course, I never expected Ralph would literally knock the ball out of someone's hands and recover it, but that was exactly what he did. We had possession deep in Montreal territory. Final score 48-27.

After the game there appeared to be two different celebration sets — those with their wives or girlfriends and those on the loose. I was with the second group and hooked up with some guys carrying this long-necked vase. The idea was to fill the vase with whatever booze was available and then go to the various rooms to give occupants a drink — and then remix with whatever we could find. The best moment was when we bust into a room where Monty and Hal Pawson (sports editor for the Journal) were sipping some scotch. Cherry wanted them to sip from the vase. Monty refused but Hal put down his scotch and took the vase. Most people have one sip, can barely hold it down and get rid of the vase immediately. Hal chug-a-lugged the entire vase — whole damn thing. Hal said, "Thanks boys" and went back to his scotch and we were dismissed. We knew we had encountered someone in a different league.

Ivan currently makes his home in Lethbridge, Alberta. He is an accomplished painter and author. His latest novel, 'Say Hello to Jesus', was released earlier this year. It is the fifth novel in his Charlie Taylor series. You can learn more about Ivan or contact him @ [beringart.net](mailto:beringart.net)
