

PREMIER OF SASKATCHEWAN HONOURABLE SCOTT MOE

On behalf of the Government of Saskatchewan, I am pleased to welcome you to HOOPLA 2023, the Provincial High School Basketball Championships, in Prince Albert.

HOOPLA continues to be one of the largest high school tournaments hosted by the Saskatchewan High Schools Athletic Association (SHSAA).

Congratulations to all participants on reaching this level of competition. Our young athletes are to be commended for their hard work and dedication.

Thank you to all coaching staff, game officials, sponsors, parents, and volunteers for your continued commitment to our athletes.

Good luck to all the teams and best wishes for a memorable HOOPLA 2023.

MINISTER OF EDUCATION HONOURABLE DUSTIN DUNCAN

On behalf of the Government of Saskatchewan, I would like to welcome all of the athletes, coaches, referees, volunteers and spectators who have gathered in Prince Albert for HOOPLA 2023.

It is impressive that since November, more than 250 high school basketball teams across Saskatchewan have competed for a chance to represent their schools and communities in this tournament. HOOPLA continues to be one of the highlights of the Saskatchewan high school athletics calendar and I would like to congratulate the more than 700 athletes from 48 teams who have qualified for this year's event. I would also like to acknowledge the hard work and dedication of ALL our basketball teams who competed for a spot in HOOPLA.

Participation in high school athletics is about more than just the final score of the game. Just by participating in high school athletics you are winning by fostering friendships and life-long memories while learning important life lessons such as discipline, determination, leadership, and teamwork.

I would like to thank the coaches, referees and the many student and adult volunteers who have made this event possible. The Government of Saskatchewan appreciates the important role you play in our schools and communities through your involvement in high school athletics.

Thank you to the Saskatchewan High Schools Athletic Association for over 75 years of commitment to high school athletics in our province.

Good luck to all the athletes competing in HOOPLA 2023!

Tomorrow has your name all over it.

We know that investing in Saskatchewan means investing in our youth. That's why we provide the resources youth need to flourish.

MAYOR OF PRINCE ALBERT

GREG DIONNE

On behalf of my colleagues on City Council, it is my distinct pleasure to extend a warm welcome to all those participating in HOOPLA 2023, the Saskatchewan High Schools Athletic Association Provincial Basketball Championships.

I am delighted that Prince Albert has been selected as the host venue for this premier provincial level basketball competition on March 23 - 25, 2023, providing a valuable platform for student athletes to contend in friendly rivalry and demonstrate their skills.

I want to acknowledge the Saskatchewan High Schools Athletic Association, the forty-eight teams with approximately 700 student athletes, coaches and officials, along with volunteers for dedicating efforts, expertise and resources to the successful organization of HOOPLA 2023.

I invite visitors to explore the Alfred Jenkins Field House, E.A. Rawlinson Centre for the Arts, Historical Museum, Little Red River Park and Mann Art Gallery while you are visiting Prince Albert.

Welcome to Prince Albert and enjoy HOOPLA 2023!

NORTH CENTRAL DISTRICT PRESIDENT

NATHAN NOBLE

The North Central District Athletic Association is proud to welcome the best high school basketball teams and their fans to Prince Albert on March 23-25. We respectfully acknowledge that this event will take place on Treaty 6 territory, the traditional homeland of the Metis and all Indigenous Peoples of Saskatchewan. It is the Saskatchewan High School Athletics Associations 75th anniversary and we are ready to celebrate with the province. This will also mark the return of the Hoopla provincial basketball tournament to its more natural format for the first time since 2019.

The high school basketball playoffs began with over 275 teams vying for a spot at the Hoopla Tournament. Teams will have started their journey in November, traveling the province for competition and learning life lessons along the way. It is through the commitment of endless volunteer hours from coaches that these students get to learn and grow through sport in education. As with any sporting event, this would not be possible without the involvement of dedicated and professional officials. We thank you for your time and commitment to the sport and to the youth of our province in helping us build a culture of sportsmanship and respect.

Thanks to the hundreds of school staff, students, and community members of the North Central District for all their time and effort in helping put this event together. Continue to be a part of promoting these experiences for the youth in our area, and let's do what we can to keep them involved in educational sport.

On behalf of the district, welcome to Prince Albert.

SHSAA PRESIDENT

AL WANDLER

Greetings and welcome to HOOPLA 2023! When I am tasked with providing this message for the HOOPLA program each year, I can't help but be reflective. I coach this great sport as well and even by the end of the 22/23 season, I found myself thinking how surreal it was that my team was once again shaking hands after games. I asked myself every time we took part in this custom if this is really happening. Such a commonplace ritual in all our sports no longer done a year ago - even though we were still playing the games. Every handshake I had this year with our opponents, I thought how fortunate we were to be doing this again, not just because it was another indication of things returning to 'normal', but also because we could once again provide that acknowledgement. I wonder if we sometimes take this ritual for granted and quite often just do it because that is what we do, but when it gets taken from you, you realize it is so much more. That handshake represents more than just saying 'good game'. It represents community. A bond through basketball between all our programs from wherever we come from and an appreciation for each other because we all create an environment which allow our athletes opportunities to play. It represents sportsmanship. No matter the intensity, no matter the result, teams get together at the end of the game and acknowledge that whatever happened within the court of play is now over and we give an appreciative nod for our opponent's hard work. It represents gratitude. We shake the opponent's hand, the official's hand, the host's hand and even teammate's hands. We say thank you. Thank you for working hard for me, thank you for making me a better athlete or coach and thank you for letting me learn lessons that would be difficult to receive in most other environments. So, this weekend make sure you do that whenever you can - shake hands. Shake hands with your opponents, coaches, parents, officials, and hosts. We all know this gesture means so much more than just a handshake, so don't take it for granted. Make that handshake heartfelt and sincere. Good luck this weekend and enjoy HOOPLA 2023!

**CANADIAN INTERSCHOLASTIC ATHLETIC
ADMINISTRATORS ASSOCIATION**

The CIAAA promotes educational athletics through the professional development of athletic administrators with a focus on character and leadership. Our goal is to support schools in building positive athletic environments that enhance the learning experience for all students.

We offer Leadership Training Courses, Workshops, Resources for Athletic Directors & host a National Conference, for great Professional Development.

To learn about our organization and get involved, check out our website:

CIAAA.CA

Spectator Conduct

The SHSAA accepts the following as its policy regarding spectator conduct at all SHSAA Events.

The guiding principle for all SHSAA activities is that all participants; players, coaches, game and minor officials alike deserve respect and consideration.

- Respect the players in the game. Fans must cheer showing their support “for” their team, not disrespect for their opponents. It will be unacceptable for fans to make noise of any kind during situations such as a foul shot in basketball or during the serve in volleyball.
- School supporters are asked not to applaud errors by opponents, nor heckle, jeer or distract members of the opposing team.
- Respect the officials. They are doing the best job that they can, and should not be criticized for the judgments that they make but applauded for the service they provide to high school sport.
- Refrain from taking food or drink into high school gymnasiums when posted.
- Fans must respect the property of the schools and the authority of the school officials.
- Refrain from using artificial noisemakers, drums or other musical instruments. The exception to this policy would be a school pep band under the direct supervision of authorized school personnel, with the understanding that nothing will be done to interfere with the performance of the opposing team.
- It is the SHSAA position that if the actions of a spectator are deemed by the officials to be interfering with play or the official's ability to perform their duties, that the game should be stopped. The host school should be asked to intervene to have the disruptive action stop and if appropriate issue a warning to that spectator. If the allegiance of the individual can be determined to be with the visiting team, it is appropriate to ask the visiting coach to intervene to stop the disruptive action. If the officials determine that the disruptive action is beyond a warning or intervention then they should ask the host school and/or the visiting coach (if appropriate) to see to it that the spectator leaves the premises. The officials having taken this action must not continue the game until their request has been fulfilled. The officials should not take it upon themselves to confront the spectator about their conduct or their removal.

Be A Sport – blend your cheers for “Your Team” with applause for your opponents. Observe the letter and spirit of the rules and show consideration for others.

Coaches and school administrators should make certain that the school team, as well as, any team followers taking part in a high school athletic event, are made aware of these expectations.
