

TOPSoccer

Presented by:

**Campton United
Soccer Club**

TOPSoccer is an adaptive soccer program, providing the opportunity to athletes with special needs to get out and play. Any player with an intellectual disability, physical impairment, or behavior disorder is welcome to join the team! The program gives athletes the chance to come have fun on the soccer field alongside other players in a structured, but highly flexible environment. Our goal is to enable young athletes with disabilities to become successful and active members of the US Youth Soccer community!

TOPSoccer Sessions:

Our “Free” TOPSoccer Sessions will run one Sunday a MONTH during the spring season, 3/10, 4/7, 5/19 & 6/2 from 2:00-3:00 PM.

Volunteer Buddies Will work one-on-one with each player, helping to create a personal connection in teaching and playing soccer with the Athlete. Sessions are fully interactive and gives the players the freedom to get out and play.

If your child is interested in TOPSoccer, Please register them using the following link:
