

AZTEC SOCCER

NEWS!

Effective Immediately

We are delighted to announce that Aztec Soccer has joined in a strategic partnership with South Shore Select and a collaboration with FC Boston Bolts for the benefit of all of our players effective immediately. This partnership will work cooperatively to improve club best practices, improve player development, provide additional opportunities and improved platforms for player showcasing, as well as tournament and league support. We are very excited about the short term opportunities this will bring our players and the long term potential of this collaboration for the club.

Mike Kersker
President, Aztec Soccer
