

## Graffiti Removal Authorization

Mpls Downtown Improvement District (DID) provides public realm graffiti removal as a core service within the district boundaries. DID may extend graffiti removal services to private property located within the district, when authorized by the property owner.

By completing this form you authorize Mpls DID and our service provider, Block By Block, to remove or cover graffiti on the first floor exterior of buildings or structures of your property when it is visible from the public right of way. Block by Block will remove graffiti within 48 hours of property request (subject to weather and holidays). DID will contact the property to discuss any removals that may be more involved due to unusual application, size, or location, prior to proceeding.

To receive this service, please complete the form below and submit it to [info@MplsDID.com](mailto:info@MplsDID.com). If you own or manage multiple properties, please complete a separate form for each property. Your consent may be withdrawn at anytime via written notice to [info@MplsDID.com](mailto:info@MplsDID.com).
