

Steel Chuck-A-Puck

Hello CYHA Team Parents,

The Chippewa Steel are kindly donating 100% of all proceeds earned from their home game chuck-a-pucks to CYHA. To take in these monies, we need to staff these events. The Steel are allowing free admission for two adults and two to four skaters per game. It might be a nice touch if the skaters would wear their team jerseys when selling. The workers will need to do the following:

Adults should supervise the table at the entrance near the concessions window
Skaters (depending on age/able to be responsible) should work the crowd by walking up and down the front of the bleachers by the rink as well as each set steps throughout the bleachers during the games to sell the pucks

Please remind the skaters to be respectful of the fans by doing the following:

- Only sell during pregame, game stoppages and intermissions (we do not want to distract fans during the game)
- You will be responsible to sell up to approximately 1 minute prior to the end of the 2nd period.
- You are welcome to stay for the remainder of the game or are free to leave after you have given the money, clipboards, and any unsold pucks back to concessions

Mites - each team (3/4) is required to work one (3/4)

Squirts - each team is required to work two (4)

Peewees - each team is required to work two (4)

Bantams - each team is required to work two (4)

Chippewa Girls (10U, 12U & 14U) - are required to work two (4)

****Possible dates at the end of the season may be open for assessment****

The two slots for each team will be a team responsibility (i.e., similar to shifts that you work for your skater's games). There will be additional dates available after all teams have been signed up - these dates will be able to be used for assessment hours.

Families will need to arrive at the rink prior to 5:45 for all games.

See the game schedule and team assignments on the following page:

**2023-24
Chuck-A-Puck Schedule**

Date & Time	Opponent	CYHA Team
