**Mite Program** offers our players a structured format to develop their hockey skills while enjoying the opportunity to participate in hockey games. The Mite Program will provide increased ice time when compared to the Bengal Cub Program, while still maintaining a focus on fun, safety, and development at a very competitive price.

This program is for children born on or after June 1, 2016.

**Summer Academy Program** offers an opportunity for your child to develop skills during the summer months, in preparation for the upcoming winter hockey season. Children new to hockey are welcome to participate in our Summer Academy Cubs group. Returning skaters register at the Mite level they participated in last season.

**Register now! Summer Academy fall sessions run from July – October**

We are also pleased to offer a continued partnership with Dave's Sports Shop to provide all first-year players with a **free voucher for all needed equipment** (excluding skates, cup/pelvic protector, and a stick).
