February 11, 2020

7:30am sharp, at the ski area

COST: \$ 424 per person for 10 people (\$ 350 fee + \$ 21 taxes + 15% gratuity [\$ 53])

TRIP COORDINATOR: Roxann Jensen

The Goods...from the Brundage website

Experience one of Idaho's Best Ski Resorts by joining us on a guided snow cat skiing trip into the beautiful backcountry of the Payette National Forest. Snow cat trips for the adventurous are offered on 17,912 acres of snowy steeps, tree-lined glades and powdery bowls reaching elevations of nearly 8,500 feet. Our expansive backcountry terrain includes three separate mountain peaks as well as a newer area off of Six Mile Ridge. Brundage Mountain's experienced guides – licensed by the Idaho Outfitters and Guides Association – will see to it that your adventure into this pristine, snowy wonderland is safe and unforgettable.

WHO CAN GO? Skiers and Snowboarders are welcome. You should feel comfortable descending forested slopes in powder and mixed snow conditions. Please remember, natural hazards are not marked in the backcountry and avalanches are possible. We provide avalanche beacons and an introductory training session for each of our guests. All of our guides have extensive training in avalanche safety.

HOW MANY RUNS CAN WE EXPECT TO MAKE IN A DAY: Most groups will get between 8 and 14 runs, depending on the skiers' ability levels and the ability of the Snowcat to climb terrain in the given snow conditions.

HOW MUCH VERTICAL CAN WE EXPECT: Our guides do their best to provide untracked powder and provide the best experience for each particular group. Factors such as skill level of the guests, avalanche conditions, lack of snow from a high pressure system and inability to climb the roads can limit the options on a given day.

DO WE NEED TO BRING OUR OWN SKIS? No! While you are welcome to use your own powder skis, use of our powder skis are included in your trip price and this year's skis include the latest men's and women's models from Rossignol, Blizzard, Nordica, Head, Dynastar, 4FRNT, Deviation, J Skis, Praxis, Kastle and Burton.

IS LUNCH PROVIDED: Yes! A hot lunch is provided at one of our backcountry yurts. The yurts have outdoor restrooms and are warm, cozy, and dry. They are the perfect place to relax midway through your day of skiing.

LODGING SUGGESTION: Because you need to be at the ski area, totally ready to go by 7:30am at the latest, you may want to consider spending the night near the area. Boulder Creek Inn in Donnelly on Highway 55 has donated lodging to the BBSC to use in our fundraising raffles. It would be nice to give them our business. Fellow skiers have stayed there in the past and have been totally pleased. It's about \$ 95/night with breakfast and it's up to date with a lodge-like atmosphere. It's clean and the staff is friendly and helpful.

WHAT IS NOT PROVIDED: Transportation to and from Brundage is not included. The trip coordinator can provide the group with a list of participants so you can ride-share if you'd like.

HOW DO WE REGISTER AND PAY: Go to BogusBasinSkiClub.org and follow the links.
