

DELAWARE BOYS LACROSSE CLUB 2021 SPONSORSHIP OPPORTUNITIES

The Delaware Boys Lacrosse Club fosters the passion, development, fundamentals and strong work ethic associated with lacrosse. We remove barriers that might prevent any boy 3rd-12th grade to participate and experience the personal growth and development associated with being connected to a team sport. We believe that providing healthy, positive and supportive athletic environments will have lasting benefits on our young men for years to come.

Over the years the program has won 2 club level high school state championships, multiple OCC Championships and a division 2 state championship at the middle school. Our youth program is growing and the level of talent is truly amazing. Teams at all levels are boasting winning seasons and earning awards at the high school level. Currently, there are over 11 Delaware Hayes graduates playing at the collegiate level. We average 6 or more high school home games with an average of 100+ in attendance. As our success continues, our attendance grows higher!

We thank you for your demonstration of belief in our mission to support the development of our young people.
