CAMP OVERVIEW

Players that attend the Performance Volleyball Camp will come away with a greater, more complete understanding of not only the skills of the game, but of what it takes to compete at the next level. The staff of the Performance camp is composed of coaches that not only know how to teach, but how to compete. During their 25 hours of training and competing, the participants will be exposed to a variety of teaching techniques as well as innovative types of competition. These are NOT repetition driven, grind it out camps, nor are they just play all the time camps, rather they are an up beat, positive learning experience.
